Sino-Pak Road: Threat To India's Security

The Rajya Sabha was informed by Minister Bhagat that the Resham Road, China and Pakistan are building between Gilgit, in occupied Kashmir and Sinkiang posed a grave danger to national security.

All the necessary defence arrangements had been taken by the Government to safeguard the nation from this danger, he said.

He said the agreements signed by China and Pakistan in October last year on the opening of the Sinkiang-Gilgit link 'are illegal, invalid and totally unacceptable to us'.

Sri Bhagat said this agreement seeks to interfere with Indian sovereignty in Kashmir and 'we have naturally lodged our strong protests with the Government of China as well as Pakistan'.

The agreement 'is in line with the collusive Sino-Pakistani postures directed against India', he added.

FOUNDATION LAID FOR MAHADESWARA HILL CHOULTRY

Mysore, May 17

Chief Minister Nijalingappa yesterday laid the foundation-stone for Rs. 15-lakh multi-storeyed choultry to be constructed at Mahadeswara Hills, the well-known pilgrim centre 90 miles from Mysore.

The choultry to be built on the lines of Mysore Soudha at Tirupathi will have 82 rooms. It will be constructed on a phased programme of five years, each stage costing Rs. 3 lakhs.

The Mahadeswara Hills was also provided with 280 street lights from Thalabetta to the top. The gopuram and prakaram of the temple were also illuminated yesterday.

The Chief Minister expressed the confidence that Mahadeswara Hills would become soon a big pilgrim centre like Tirupathi attracting thousands of devotees from all parts of the country.

The Chief Minister stated that funds belonging to temples and other public institutions should be used properly. He said that by misusing such funds for selfish ends, one might gain temporary material happiness. But such a person would always end in misery and utter poverty.

SriNijalingappa referring to the use of Sanskrit observed that it had the richness of becoming the language of the country. Perhaps, it would have been better if Sanskrit had been made the national language Instead of Hindi.

Revenue Minister Rachiah, who presided, said that a bill would be introduced soon before the Assembly for the better administration of temples and proper use of their funds.

The temples in the State had about 15,000 acres of land and the income was not being derived from them regularly.

He said that a choultry would be constructed at Sri Sailam. Biligirirangana Hills, Nanjangud, Yellamma temple near Hidkal, Sravanabelgola and Yelyur, the important pilgrim centres in the State would be developed as major pilgrim-cum-tourist centres.

Deputy Commissioner S. Varadan welcomed the gathering. Superintending Engineer Abdul Hameed explained the plans of the proposed choultry. Sowcar T. Thimmappa and Sri Nagappa, MLA, presented memoranda to the Chief Minister. G. Venkate Gowda, MLC, proposed a vote of thanks.

CM Warns PWD Engineers

Mysore, May 17

Chief Minister Nijalingappa today cautioned the lethargic officials of the public works department in the State.

Laying the foundation-stone for the Rs. 185-lakh Gundlu project in Kollegal taluk, Sri Nijalingappa asked the engineers to complete the construction works in time in efficient manner.

He said there were some lethargic officials in the Department. There were a few who were corrupt also. The Government had to view this seriously, he warned.

Sri Nijalingappa called upon the ryots to make contribution of Rs. 500 to the State Government to undertake irrigation works.

If the ryots did not come forward to make contributions, the Government would make it compulsory by taking recourse to law, he said.

Revenue Minister Rachiah, who presided, said that the State Government had decided to undertake major and minor irrigation projects upto 20 crores a year by cutting down expenditure in various departments.

Chief Engineeer M.V.A. Shetty welcomed the gathering Taluk Board President Masana Setty presented a memorandum to the Chief Minister.

Price Reduction Not Possible

HOTEL OWNERS' PLEA

Mysore, May 18

In reply to the demand for the reduction of prices of eatbles in hotels, the President of the Hotel Owners' Association, Sri Om Prakash, in a statement, has pointed out that they had already brought down voluntarily the prices of khara preparations such as vadai, bonda, bajji, pakoda, etc.

The hotel industry is facing heavy burdens like 100 per cent increase in water rate and sales tax. Added to it, there was enormous increase in sugar price and 20 per cent rise in coffee powder.

In spite of these burdens, the hotel owners assure the public that the customers interest and satisfaction were paramount and mere profit making was not their motive.

Under these circumstances, they request the public to bear with them and if the prices of food articles went down in the open market, they would certainly reduce the present prices of food articles.

CMs Doubtful Of Resources

Chief Ministers meeting in the National Development Council yesterday expressed gave doubts whether it would be possible for the States to raise maching resources for implementing the Plan.

Three Chief Ministers, Sri Annadurai of Madras, Sri Brahmananda Reddy of Andhra and Sri Mohanlal Sukhadia of Rajasthan said their States had reached the saturation point in taxation.

The Chief Ministers were also critical of the document on the ground that it had not attempted to spell out the ways in which the necessary resources should be raised.

Sri Namboodripad attacking the document asked whether the omission of the word 'socialism' in it was causal or deliberate. The document, he said, was totally divorced from economic considerations and had ignored perspective planning.

The Chief Ministers, excepting Kerala Chief Minister Namboodripad, have generally endorsed the growth rate of 5 to 6 per cent envisaged in the 'approach' to the fourth plan.

1000 DEAD IN CYCLONE

The death roll has soared to over 1,000 in the 120-mile-per-hour cyclone which hit Burma's south-west coast last Friday, rendering 15,000 families homeless.

FIRM DIRECTION FOR GROWTH RATE

Prime Minister Indira Gandhi yesterday asked the National Development Council to give a firm direction about the rate of growth, five or six per cent, of the economy during the Fourth Plan and an 'unequivocal commitment' about resources mobilisation.

She stressed that right policies and programmes must be backed by the necessary resources, physical and financial. There was a general feeling of expectancy in the country and added that the good harvest had given 'a new hope for quick progress and for moving ahead'.

Smt. Gandhi appealed to the Chief Ministers to make a concerted and united effort to pull the country out of the rut. She deprecated the talk of the States fighting the Centre.

KANNADA WRITER DEAD

Sri Kadengodlu Shanker Bhat, noted Kannada writer, journalist and veteran freedom fighter, died yesterday while travelling in a bus from his native village Peruval to Mangalore.

Edited, Printed & Published by G. Satyanarayana at the Samachar Press, J. M. Palace Road, Mysore.

GADGIL FOR RURAL DEBENTURES

The Deputy Chairman of the Planning Commission, Sri Gadgil yesterday suggested floating of rural debentures by the States as 'a very valuable source' for mobilising additional resources for the Fourth Plan.

Addressing the National Development Council Sri Gadgil said additional resurces would be needed in the Fourth Plan to maintain the average annual public sector outlay at the level of Rs. 2350 crores expected to be reached in the current year.

He said the continuous growth in agriculture, chiefly in areas of intensive irrigated agriculture, would make surpluses available in some rural areas. These surpulses could be tapped through measures such as rural debentures.

Orange Special Scheme

Mysore, May 20

The Orange Special Scheme, to develop orange plantation in 3,000 acres in six selected taluks of Coorg, Hassan and Chickmagalur Districts, was inaugurated here yesterday by Co-operation Minister P. M. Nadgouda.

The six taluks are Mercara, Somwarpet, and Virajpet in Coorg District, Sakleshpur in Hassan District and Chickmagalur and Mudigere in Chickmagalur District. The outlay of the scheme is Rs. 60 lakhs.

The Minister appealed to the people to make best use of the credit facilities offered by the Government for the development of agriculture.

He said that credit facilities has been liberalised and administration decentralised to improve credit services.

Dr. M. H. Marigowda, Director of Horticulture, who presided, said that the scheme should be worked satisfactorily before being asked for further extension.

Sri A. S. Patil, President of the State Co-operative Union, wanted speedy recovery of loans by the co-operatives to get more credit facilities from the Agricultural Refinance Corporation.

Sri B. S. Viswanathan, President, State Co-operative Land Development Bank, explaining the objectives of the scheme, said that the present orange production in the country is inadequate. The area under the crop in the State is 50,000 acres of which Coorg District accounted for about 30,000 acres. The rest is in Chickmagalur and Hassan. The estimated production is over four lakhs.

ART FESTIVAL IN CITY

Mysore, May 20

Revenue Minister B. Rachiah said here yesterday that there should be an open air theatre at least in all district headquarters.

He was inaugurating the 12-day Lalithakala Mahotsava at Town Hall yesterday under the auspices of the City Municipal Council.

The Minister pleaded for more opportunities for development of fine arts and praised the City Municipal Council for arranging the fine arts festival.

He said now it was the responsibility of the public to promote fine arts which was being patronised by the Maharajas.

Earlier, Sri B.C.Lingiah, Municipal President, welcomed the gathering.

The programme for tomorrow is as follows: At 6 p.m, music by Smt. R. Ratna and Smt. R.Sushila, at 7 p.m. saxophone by Sri M.V. Lakshminarasimhaih and 8 p.m. drama by Bhavani Kala Samiti. Prof. K. B. Y. Thotappa, Principal, Maharaja's College, presides.

Sri Bansi Lal, an young lawyer from Hissar and a former member of Parliament, was yesterday elected as Chief Minister of Haryana by the newly-elected 48 Congress MLAs, meeting at the AICC office under the chairmanship of Congress President Nijalingappa.

He will be sworn in tomorrow.

Edited, Printed & Published by G. Satyanarayana at the Samachar Press, J. M. Palace Road, Mysore.

HOW TO END COMMUNALISM

The Chief Ministers Conference on communalism concluded yesterday at Delhi without taking any decision on the question of banning communal organisations.

While some Chief Ministers strongly felt that parties indulging in communal activities should not be allowed to function, others said this was not a question that could be tackled on legal or administrative plains. They wanted the problem to be fought politically.

Some of the Chief Ministers opposed giving powers to government but felt that executive should have more powers to deal effectively communalism. They suggested setting up an effective machinery to anticipate such communal outbursts and take precautionary measures.

KERALA'S CHARGES BASELESS

Kerala's charges of discrimination by the Centre on food supplies was baseless and it is the only State in the country where the food deficit has been almost fully covered by Central supplies.

'Far from being discriminated against, Kerala has received the most favoured treatment at the hands of the Union Government, says a Food Ministry statement.

Kerala has been getting between 30 and 53 per cent of the total supplies of rice in the Central pool.

FARM TARGET

The National Development Council has appointed a committee with all the Chief Ministers to go into the questions of resources mobilisation and Centrally-sponsored schemes.

As regards concrete targets the Chief Ministers asked the Planning Commission to proceed on the basis of a five per cent growth of agriculture. The other sectoral growth rates as well as the overall growth rate will be linked to the progress of agriculture and detailed discussion will take place before the figures are finalised.

State Leadership Fight

Bangalore, May 21

The Mysore Legislature Congress Party leadership issue has heated up with ten legislators, belonging to Sri B. D. Jatti's group, presenting a memorandum to the Congress President making two allegations against Sri VeerendraPatil, the other contender for the post.

The memorandum wanted the Parliamentary Board to disqualify Sri Patil from contesting the leadership election on the ground that even the High Court had passed strictures against his conduct in one of the deals of the Public Works Department and that he was responsible for the suspicious Rama Priya deal.

Congress President Nijalingappa dismissed the memorandum as meaningless, while Sri Patil said both allegations were baseless.

Another curious development was the legislators receiving an unsigned letter making serious aliegations against Sri Patil and contending that since Sri Jatti already had an innings as the Chief Minister of the State for four years, a third candidate, either Sri Kanthi or Sri Ramakrishna Hegde; should be thought for the leadership.

DEATH SENTENCE ON EXAMINEE

The Allahabad High Court yesterday upheld the sentence of death passed against an examinee of a high school in Mirzapur District for stabbing the invigilator to death.

The appelant, Laudhar, who was appearing for the high school examination held in April 1967 was caught by the invigilator, Mr. Chahabindath Singh, copying from loose pages of a printed book. While the invigilator was on way to the office of the Superintendent to report the matter, Laudhar followed him and gave a fatal blow.

Indira For Asian Co-operation

Prime Minister Indira Gandhi on her arrival at the Australian federal capital of Canberra, yesterday, said that one of her aims behind the visit was to see as to what extent India and Australia could co-operate in the economic field because both belonged to Asia.

She said she would exchange ideas with Prime Minister Gorton 'on matters which concern not only our two countries but also the world community which we are part'.

Smt. Indira Gandhi was accorded a warm welcome. At the entrance to the base, she waved to a group of Canberra citizens who had arrived to see her. This was a rare tribute because Canberra people traditionally do not pay much attention to visiting dignitaries.

Smt. Gandhi, the first-ever Indian Prime Minister to visit Australia, was received by Premier John Gorton at the Air Force base.

Genetic War On Mosquitos

The war against mosquitos may be waged by the mosquitos themselves.

The World Health Organisation has successfully conducted an experiment in a Burmese village to destory fertile mosquitos by breeding sterile ones.

The strategy of war against malaria-bearing mosquitos will be to breed sterile mosquitos in overwhelming numbers and let them loose. The sterile ones, after killing the fertiles one, ultimately perish.

The experiment known as genetic manipulation will be undertaken in India by WHO.

FRANCE ISOLATED NATION

France was an isolated nation today, her transport, industrial and communication links shattered by the massive workers' protest disrupting every walk of life. More than eight million workers were on strike through out the country. Bank employees and civil servants have also joined the strike.

With all major ports closed and most air services paralysed France remained almost totally cut off.

President Charles de Gaulle yesterday granted amnesty for student leaders who touched off the great strike crisis.

HC VERDICT STAYED

The Supereme Court yesterday stayed the operations of the judgment of the Punjab High Court declaring the two Appropriation Acts of the Punjab Legislature unconstitutional. The Court thus paved the way for the Punjab Legislature to reconsider the State budget for the current financial year.

UNANIMOUS ELECTION AFTER CONSENSUS

Bangalore, May 23

Sri Veerendra Patil, Public Works Minister, was this afternoon elected new leader of the State Legislature Congress party, in place of Sri S. Nijalingappa.

Sri Patil's election was decided after ascertaining consensus of the meeting of the Congress Legislature Party held in Vidhana Soudha.

Sri B.D. Jatti, Food Minister, proposed the name of Sri Veerendra Patil. It was seconded by Sri G.V. Hallikeri.

The meeting was presided over by Sri Shankar Dayal Sharma, General Secretary of the AICC.

There was no proposal of any other name for the leadership.

The meeting which began at 10 a.m. as scheduled, was held for over three hours.

Before the unanimous election, the two names of Sri Venrendra Patil and Sri B. D. Jatti were proposed by their respective supporters. Sri Patil had an upper hand in the contest, it it reported.

Sri Veerendra Patil is one of the youngest Chief Ministers elected in the country.

BIOGRAPHICAL SKETCH

Sri Patil was born at Chincholi at Gulbarga District in 1923 in a middle class family. He took his B.A. degree in 1944 and LL.B. in 1946 from the Osmania University.

He started his legal practice in 1947 but gave it up to participate in the 'Quit Court Movement'. Later he worked as a whole time worker of the Congress party.

He was elected from the Aland Constituency in the first general election. In 1957, Sri Patil was elected from Chincholi, to the Mysore Assembly.

He was Deputy Minister for Industries from April 57 to May 58 and Minister for Excise, Prohibition from Feb. 1961 to March 1962. Sri Patil was reelected to the Assembly in 1962 and became the Minister for Public Works and Electricity. In 1967, he was elected again to the Assembly and continued to hold the same portfolio in Sri Nijalingappa's cabinet.

NEED FOR SELF-RELIANCE

Bangalore, May 23

Defence Minister Swaran Singh said here yesterday that the country had reached the critical stage when it had increasingly to depend upon itself in all fields, particularly defence.

Inaugurating the annual conference of the Research and Development wing of the Defence Department, Sri Swaran Singh said that Indians were not fully concious of this fact and it was high time its implications were fully realised.

The country was impatient for development whether in agriculture, industry or defence. They had to do much more than what they were doing even to keep the gap between India and the developed countries from widening, he told the scientists.

Combine Service With Prayer

CALL TO ACHARYAS

Mysore, May 24

If there are large number of conversions going on in the country, it is not the Christian missionaries who are to be blamed, but the blame should go to our own swamijis, gurus and pitadhipatis.

Sri Swami Shanthanadaji, a disciple of Swami Shivananda Saraswathi, founder of the Divine Life Society, speaking to pressmen said here yesterday that the Christian missionaries captured the heart of the poor by compassion and love. Whereas, our sadhus and gurus and acharyas and pitadipatis remained aloof from the poor and the down-trodden by their 'silly principles'.

He asked as to how many Sankaracharyas went to Koyna,Bihar, or villages or hospitals with message of love and kindness. Instead of complaining, the Swamiji asked, why should we not do the same.

Sri Swami Shanthanandaji said that we are in a pathetic condition today. The reason is that we talk big things, but in our practice we are 'horrible', he said.

The younger generation is not interested in religion because they are not convinced of it. If they have to get patriotism they must understand our culture and religion. What the youth needs today is a scientific explanation of religion. Unfortunately our matadhipatis have not risen to the occasion to convince the youth that our scriptures are very scientific, he said.

The Swamiji said that we do not want today any more temples and festivals like Ramanavami or Krishnashtami. What is needed is service to the poor.

A real spiritual man must serve the poor also. Service is not merely a service but it is as much a worship. Service and prayer have to be combined.

Unless, this is done, he warned, people will say goodbye to Hinduism. The need of the hour is to go to the poor and the sick and give them compassion and love. If we neglect a poor man, we must remember, it is a blasphemy and that is the reason for the present mess, he added.

Functional Literacy Programme

Mysore, May 25

The Government of India has decided to select 105 agricultural intensive blocks in the country for functional literacy programme for farmers, linking adult literacy programme with farm education, Smt. Durgabai Deshmukh said at Nanjangud yesterday.

She was inaugurating the Writers' Workshop in Southern languages at the Vidyapeetha.

The functional literacy programme, which is a selective approach to takle illiteracy, will be implemented with the joint efforts of the Union Ministries of Education, Food and Agriculture and Information and Broadcasting. The UNESCO, the FAO and the US will finance the Rs. 27-crore programme.

Smt. Deshmukh said the main idea of the programme is to train teachers and educate people in agricultural development by mass communication in the selected blocks. For mass communication, it has been proposed to have separate transmission units.

She said literacy is a condition precedent to economic development. Under the mass educational approach the Government's per capita expenditure will be less than 50 paise and this is a very meagre sum. Atleast Rs. 15 to 20 will be needed per illiterate to be made literate, she said.

Hence, it has been proposed to undertake selective method along with the mass approach. Under this functional literacy programme, Rs. 15 will be spent per each adult.

Smt. Deshmukh praised the Mysore Adult Education Council for running the novel vidyapeethas and suggested the Council to undertake the functional literacy programme.

Sri C. D. Deshmukh, who presided, said today the definition of literacy itself has changed. Literacy must mean to use the printed word. To produce that type of literature which is acceptable to the farmer is a challenge which the writers has to face.

Sri K. S. Muniswamy, Chief Executive Officer, explaining the objectives of the Workshop, said that it has been started with the help of Literacy House, Lucknow. The first course will be in Kannada and 20 writers are participating in writing books for neo-literates.

Sri H. V. Srirangaraju, General Secretary of the Council, welcomed the gathering.

PAK TEAM ABSTAINS

The Pakistani delegation yesterday did not turn up for talks with India on the utilisation of the eastern river waters. India and Pakistan have failed to narrow down their differences.

Unity Pledge By Students

Teachers and students of 58 universities from all over the country yesterday took an oath to 'protect, preserve, and maintain the unity, integrity, democratic way of life, rule of law, secularism and communal harmony of India'.

The oath was taken at the conclusion of the six-day All-India university teachers' and students' camp at Bombay.

On Education, the oath gave vent to the determination of the university students to bring about a rational solution to the language problem, consistent with the unity and integrity of the country and acceptable to the entire academic community and the country.

They also pledged to undertake to solve their own problems by 'fair, free and full discussions'.

The participants also resolved to remove active partisan politics from the university campuses and to stop practice of allowing the university community to be used for political ends.

The oath concluded: 'Finally, we declare as members of academic community that we are Indians first, Indians second and Indians last, and take the pledge that we will so conduct ourselves in our individual and collective lives as to set a modest example to the rest of our countrymen'.

BOARD FOR ADULT EDUCATION

Mysore, May 25

Smt. Durgabi Deshmukh said here yesterday that the question of constituting an autonomous board for adult education to tackle illiteracy in the country was under the serious consideration of the Union Education Ministry.

She was speaking at a reception accorded to her and Dr. C. D. Deshmukh by the State Adult Education Council.

PRIZES TO KANNADA FILMS

Bangalore, May 25

The State Government has awarded the second and third prizes, (Rs. 25,000 and Rs. 10,000), to two Kannada films, Srikanth and Srikanth's 'Nakkare Ade Swarga' and Shailashree Productions' 'Sandhya Raga', respectively.

PREGNABLE HIMALAYAS

Prime Minister Indira Gandhi said at Sydney yesterday that for thousands of years we had regarded the Himalayas as our protector. But today, "we have to defend them".

Stressing the need to develop India, she said that a stable and a peaceful, strong India would be a force for the whole region of South-East Asia.

CUT IN ENGG. ADMISSIONS

State Directors of Education, meeting in Delhi yesterday, have endorsed a suggestion by the Union Education Ministry that admissions to technical institutions be reduced by 20 to 30 per cent to solve unemployment problem among engineers.

They also endorsed a scheme to provide stipends to about 6,000 engineers for apprenticeship in industry.

The conference recommended to the Government that a substantial amount be made available to provide easy loans to those engineers who want to start small-scale industrial units on their own.

SUBVERSION THREAT

India's Prime Minister Indira Gandhi stated yesterday at Melbourne that she would like a broad-based international guarantee for neutrality and independence provided to the countries in South-West Asia, which needed such an assurance.

She said it was important these countries should be aided economically and made more stable. But there should not be an attempt to 'bolster them' from outside.

Smt. Gandhi expressed the belief that there was less danger of outside attack on South-East Asian regions than internal subversion.

Homage To Krishna Sastry

Mysore, May 27

A 534-page commemoration volume of "Prabudha Karnataka" in memory of the late Prof. A.R. Krishna Sastry was released on Saturday by Prof. D. Javare Gowda, Head of the Kannada Department, at a function held in Manasa Gangotri.

The commemoration volume was also the first number of the golden jubilee issue. The university literary magazine was started by Dr. Krishna Sastry.

Prof. Javare Gowda paid warm tributes to Prof. Krishna Sastry and said his name stood equal to the late Sri B M.Srikantiah in the development of modern Kannada literature.

He said the next issue would be the golden jubilee commemoration volume running to 2,000 pages. It had been proposed to celebrate the occasion in a big way.

Prof. S. V. Ranganna, who presided, recalled his association as one of the first students of Prof. Sastry. It was through Prof. Sastry that they had understood that if the feelings of the heart had to come out it had to be in their mother tongue only.

Prof. Ranganna praised the efforts of Dr. H. M. Naik and Dr. H. Thipperudraswamy, editors of "Prabudha Karnatak" for bringing out such a big number in a short period of three months.

REBATE ATTRACTION

Mysore, May 27

STUDENTS DEMAND CUT IN FEES

The All-India Students Congress, meeting at its annual session Ujjain, has demanded free education at all levels and, till that was done, at least 50 per cent reduction in tuition fees and adequate and cheap hostel accommodation.

The conference viewed with grave concern the emergence of 'reactionary neo fascist organisations like the Shiv Sena in Bombay and the fissiparous tendencies which found to negate the basis of our freedom'.

It called upon the students to counter such trends by actively working for the nation's solidarity and unity by maintaining harmony.

57 SSP Workers Held

Mysore, May 27

On the first day of the third phase of the Samyukta Socialist Party agitation, 57 party workers were taken into custody at the Divisional Commissioner's office this morning.

About 65 SSP workers lead by Sri M. Shivanna, City Cnit President, and Sri R.G. Shamadna, State Party Joint Secretary, took out a procession from the Gandhi Square.

When they tried to picket at the Divisional Commissioner's Office they were arrested.

Another batch will agitate before the Municipal Office tomorrow. The batch will be led by Messrs. N. Eshwar, T. N. Nagaraj and Ramdass.

STABLE INDIA FOR ASIAN PEACE

Prime Minister Indira Gandi told Australians in a national radio broadcast yesterday that stability and self-reliance in India would help ensure peace and increase prospertiy throughout Asia.

'Similarly, a prosperous and stable Asia would strengthen our own peace and prosperity. That is the aim of our policy of peaceful co-existence and non-alignment', she said.

Smt. Gandhi declared that India and Australia could bring peace and prosperity to this important area of Asia by working together and with the other countries of the region, regardless of their social, political or economic ideologies.

LOPSIDED ECONOMY

The National Federation of Indian Railwaymen in a memorandum submitted to the Administrative Reforms Commission has expressed that economy measures introduced by the Railways have effected the working conditions of its staff, resulting in deterioration of administrative effieiency.

It describes the economy measures as 'lopsided' affecting largely the amenities and job prospects of the staff. It says economy should not be taken to mean less expenditure but avoidance of unnecessary and wasteful expenditure.

Prevent Unemployment Of Merit

Mysore, May 28

Inaugurating the 27th annual conference of the Association of Principals of Technical Institutions in India, here yesterday, Governor Pathak, pleaded for a study of supply and demand with reference to various kinds of vocations in the background of existing industries to solve the unemployment problem facing the country.

The Governor said wastage of qualified manpower was highly injurious and unemployment of merit and quality was a curse which should be prevented at any cost.

Referring to the unemployment of engineers and diploma holders, Sri Pathak said with full co-operation between the Government, technical institutes and the industry, they could solve the problem. Getting them engaged in small industries with financial assistance from the Government and to control admission might relieve the present situation.

He also stressed the need for production of indigenous text-books under the guidance and control of a high-powered committee.

Referring to automation, the Governor said that they had to proceed very cautiously in this matter. They should see that their economy remained healthy and not upset by working people being retrenched.

Vice-Chancellor K. L. Shrimali, who presided, said that there had to be some heart searching as to how suddenly the problem of engineering graduates unemployed had grown to such stupendous magnitude. This was essential, he said, so that the country might not face the problem once again.

Dr. Shrimali said that mere restricting admissions into engineering colleges might not solve the problem. It had to be viewed in a wider context as these students had to be provided seats in other departments of the university. This might lead to some kind of imbalance in those departments.

He also expressed his concern that if the problems of providing employment to the educated was not solved, it might spread to medical and science courses also.

The Vice-Chancellor pleaded for a thorogh overhauling of the technical courses not only at higher level but also at lower level.

Prof. Dogra, President of the Conference, in his address, said it was vital that there should be a common University language in our country.

Earlier, Registrar K. R. Ramachandran welcomed the gathering. Sri A. Seshappa read the messages. Sri Parashiva Murthy proposed a vote of thanks.

Patil Ministry Tomorrow

Bangalore, May 28

Sri Veerendra Patil, the Chief Minister-elect, told newsmen yesterday that he would have a compact Cabinet not exceeding 12 Ministers and an equal number of deputy ministers.

The Veerendra Patil Ministry which will be sworn in tomorrow morning, will include more new faces.

Only seven members of the out-going Nijalingappa Ministry-Ramakrishna Hegde, Rachiah, Mohamed Ali, Nadgouda, Shankara Gowda and Puttaswamy-will be retained.

The names of new entrants mentioned are Rajasekhara Murthy, K. Lakkappa, Vasant Rao Patil, Koujalgi and Y. Ramakrishna.

SN Attacks Red-Tapism Of Officialdom

Bangalore, May 29

Congress President Nijalingappa yesterday attacked the State officialdom for its red-tapism and administrative delays and warned the officers that if they failed to do their duty expected of them, sincerely, they had better quit their office and gave way for other deserving persons.

He was inaugurating the first ever planning board set up in the State.

Sri Nijalingappa on the eve of laying down his Chief Ministership gave an instance how a bone-meal unit production under small sector by an entrepreneur could not go through all because of the red-tapism exercised at the official level.

He, therefore, suggested that there should be some machinery which could not only pull but punish if necessary, the erring officers and those, who indulged in red-tapism and such other dilatory tactics.

29 Killed In Jet Crash

An Indonesian Garuda Airways jet exploded in flames, 40 kms. north of Bombay, early yesterday morning, killing all the 29 persons aboard including 14 crew members.

The impact of the crash was so great that not a single body of the victims was found in tact. They were blown to pieces over a three-mile radius.

The 100-seater plane crashed shortly after take-off from the Santa Cruz airport for Karachi.

At least 20 villagers were injured, two of them seriously, and 16 buffaloes and five calves were burnt alive as a result of the blazing splinters of the plane falling in village Bilapura, two miles east of Nala Sopara station, on the western railway.

Over a dozen houses, two buffaloe stables and a small school building were also destroyed by fire caused by splinters.

Less Promises, More Performances

—SAYS NEW C.M.

Bangalore, May 30

Chief Minister Veerendra Patil immediately after assuming office, said that 'the people of Mysore can be assured of one thing. It will be my primary concern to do everything possible to make the administrative machinery as effective as possible to serve the people.'

'My slogan is promise less and perform more', he declared.

He added: 'I will even consider setting apart a day or two in a month exclusively to receive public representations by appointment to hear their points of view on various needs of the people'.

Sri Patil appealed to people to lend their helping hand to him to solve the problems facing the State and assured them that he would never fail to respond to their legitimate requests and do everything possible to serve them.

He also sought the active cooperation of the Opposition and appealed to them to stand by the Government in all issues concerning the interests of the State.

SATELLITE TOWNS AROUND CITY

CM'S SUGGESTION

Mysore, Aug. 12

Efforts would be made to locate at least one or two industries in Mysore City during the Fourth Plan period, Industries Minister Rajasekhara Murthy assured here yesterday.

Some applications received for starting woodbased industry in Mysore was under consideration, he said.

He was speaking at the Citizens' reception accorded to him and to Chief Minister Veerendra Patil, Municipal Administration Minister K. Puttaswamy and Agriculture Minister B. Rachiah at the Crawford Hall under the chairmanship of Municipal President B.C. Lingiah.

Both the Chief Minister and the Industries Minister said that the Government was trying its best to persuade industrialists to start industries in Mysore.

The Government was even prepared to give extra concessions for starting industries here, they said.

Sri Rajasekhara Murthy said that two industrialists had visited Mysore City recently. One of them felt that starting of any industry in the city would cause damage to its beauty and academic atmosphere. As the city had no airlink and broad gauge connection with Bangalore, the other industrialist felt that it was difficult to start industries here.

The Chief Minister said Mysore City which was known as a model city should not be allowed to be developed into hapazard size like Bangalore and other major cities creating problems of water, housing and sanitation.

He asked the Municipality not to permit location of any industry within the city limits.

Sri Veerendra Patil suggested formation of industrial towns or satellite towns around Mysore to locate new industries so as to preseve the beauty of the city.

He also refuted any connection between broad-gauge and airlinking with that of industrialisation and cited the development of Hubli, Dharwar and Belgaum.

The Chief Minister appealed to the local industrialists to venture new industries and the Government would provide all help.

BEAUTY LOST

Sri B. Rachiah and Sri K. Puttaswamy regretted Mysore had lost original beauty and cleanliness.

Many of the gardens were poor in condition. Avenue trees had been cut mercilessly. Even the famous Brindavan Gardens had lost its charm.

They urged the civic authorities and the trust board to give immediate attention to this.

Sri Rachiah said that sugar factory, food processing and agro-industries could be located in Mysore District.

Earlier, addresses and caskets were presented by Sri B. C. Lingiah and Sri F. K Irani to the Chief Minister, Sri B. N. Rajasekharappa and Sri H. V. Shankara Rao to Sri K. Puttaswamy, Sri T. Thimmappa and Sri Kempe Gowda to Sri B. Rachiah and Sri M.B. Basaviah and Sri Arjun Narayan to Rajasekhara Murthy.

Sri R. Vasudeva Murthy read the messages including that of Congress President Nijalingappa, who could not attend the function in view of the Congress Working Committee meeting in New Delhi.

CFTRI Work Hailed

Mysore, Aug. 12

Governor G. S. Pathak yesterday called for utilising science for peaceful and constructive purposes.

Speaking at the silver jubilee celebrations of Council of Scientific and Industrial Research at the CFTRI, the Governor said that it was for man to make science his ally and not enemy.

He said: "Science makes an impact on the life and culture of the people. It will provide answers to the numerous challenges which mankind faces. It is true that science has infinite capacity to do both good and evil. Despite this the scientist's search for truth must go on".

Commending the work done by the CFTRI, Sri Pathak said it was playing a vital role in dealing with various problems relating to food including the problem of malnutrition.

Vice-Chancellor K. L. Shrimali in his presidential address said there were tremendous problems like poverty, disease and illiteracy before the country and for eradicating them science and technology had to be used.

Referring to redtapism hampering the work of scientists, Dr. Shrimali said there should be minimum of redtapism. No scientific pursuit was possible unless there was an atmosphere of complete freedom to scientists.

Director Parpia welcoming the gathering said that the present strength of the Institute was proposed to be doubled during the Fourth Plan. The present investment in the Institute was Rs. 70 lakhs.

Dr T RamachndraRao, who has completed 25 years of service in the CSIR while proposing a vote of thanks said that 11,000 people had visited the Institute during the two days of celebrations.

87 INDUSTRIAL APPLICATIONS

Mysore, Aug. 12

So far 87 applications had been received from various industrialists for locating industries in the State. A committee was scrutinising them and a decision would be taken in a month, Industries Minister Rajasekhara Murthy disclosed here yesterday.

He was participating in the citizens reception yesterday at the Crawford Hall.

The Chief Minister, who also took part, said that he had addressed letters to top industrialists to be in the proposed industrial high power committee.

Sri Patil said he was expecting reply from them and would announce the committee soon.

PAK ITCHING FOR WAR

Pakistan's allegation that India was making enormous war preparations was dismissed as baseless by a spokesman of the Defence Ministry. He said 'it is to cover up its war preparations that Pakistan leaders have launched their venemous propaganda campaign against India in recent weeks. It is indeed conceivable that Pakistan is preparing for an excuse to commit another aggression of India'.

Ring Road Around Mysore

Mysore, Aug. 15

The newly constituted Planning Authority on Tuesday discussed the drawing up of layout plans for the development of greater Mysore and formation of a ring road around the city.

It also discussed the question of clearance of slums with in the city and the conversion of dry latrines into flush-out latrines.

It viewed with concern the several unauthorised constructions coming up in the city and resolved that they should be dealt with properly. As an immediate measure against encroachments, the authority decided that its officials should, in the course of their duties, detect and report them to the competent authority.

PM, PRESIDENT STRESS ON UNITY

NATION CELEBRATING INDEPENDENCE DAY

The nation today is celebrating the 21st anniversary of independence.

Prime Minister Indira Gandhi unfurled the national flag at the Red Fort in New Delhi and took salute at the march-past which included 3,500 boys and girls of the NCC and 15,000 school children.

Addressing a mammoth public meeting, Smt.Indira Gandhi called upon the people to eschew violence and work in peace and unity. If people were to continue maintining unity and peace a new life could be built up.

The country, she said, was emerging from darkness to light after facing recession and less production in the field of agriculture. However, still there were problems to be solved.

No country could pressurise India in her affairs, she added.

The Prime Minister regreted the arms aid by the Soviet Union to Pakistan and said it was not a correct decision. Pakistan was building atmosphere against India, she said.

President Zakir Hussain, broadcasting yesterday, called upon the people to resist all separatist tendencies and help the nation to gain self-identity and self-confidence.

There was greater need for sustained efforts to bring about radical changes in our economy, he said.

ARVINDA'S BIRTHDAY

Mysore, Aug. 15

Under the auspices of Gandhi Bahavan, Manasa Gangotri, SriArvinda's birthday will be celebrated today at 6 p.m. in the Maharaja's College under the chairmanship of Vice-Chancellor Shrimali. Dr. Prabhushankara will speak.

MARCH OF HAL

Bangalore has one of the most up-to-date aero-engine plants, which is capable of producing modern jet engines. This plant of the Hindustan Aeronautics, Ltd., has so far produced about 400 Orpheus engines, which power the Gnat and the HF-24 and act as auxiliaries for the Fairchild-Packet.

Benefitting from the accumulated experience of other manufacturers in advanced countries, the aero-engine division of the HAL has helped train a number of young men in this most intricate field. The industry uses very sophisticated materials. The strength of material used is a very important factor because a fighter aircraft has to withstand enormous forces in its present-day performance at Mach-1 and above.

The engine division is manufacturing the Orpheus series of engines, Dart engines for powering the Kanpur-built transport aircraft HS-748, and Artouste engines for Alouette helicopters. The engines are manufactured from raw materials bars, sheets and a limited quantum of forgings and castings imported from abroad. About 60 per cent, of the forgings and casting are made at Bangalore, besides the entire machining process, heat treatment, final assembly and testing.

With the Artouste engine, the division has entered a new field of manufacturing; engine accessories, which were hither to being imported for the other types of engines, are now produced at the HAL.

About 5,000 different parts are required to build an Orpheus engine, while in a Dart engine the parts total over 8,000.

Another significant work done at the division is the overhaul of engines both for military and civil aircraft. Foreign customers have also been attracted.

The HAL is now looking forward to undertaking further challenging tasks in the years to come to keep pace with the growing sophistication in the field of aeronautics.

All India Radio: New Dimensions

Boardcasting enjoys a pre-eminent position in India amongst the various media of mass communication on account of the vastness of the country and the low level of literacy.

There were only six radio stations in the country when we attained Independence. Today, there are 26 principal stations, 27 auxiliary, 26 Vividh Bharati, 57 receiving centres, 92 medium-wave and 29 short-wave transmitters.

About 1.40 million radio receivers are now produced every year in the country as compared to 3,000 sets in 1947.

The number of radio licences has increased 25-fold since Independence. In 1966, there were about 64.90 lakh radio sets in use in the country-about 13 sets for every 1,000 persons. Today the number of sets might be in the neighbourhood of 8 million.

About 52 per cent of the country's area has been covered by AIR medium wave transmitters while the broadcasts can be heard by 75 per cent of the population. This will go up to 85 per cent in the next five years.

NEWS BULLETINS

All India Radio broadcasts a total of 177 news bulletins every day. Of these, 133 are in the home services and 44 in external services.

Seventy-eight bulletins in 18 languages and 24 tribal dilects originate from 24 regional news units daily. English and Hindi newsreels are on the air for three days in a week.

The broadcast for foreign audience totals 44 hours 35 minutes every day. The services are broadcast round the clock to 17 target areas in 21 languages, six Indian and 15 foreign.

All India Radio broke tradition and started broadcasting advertisements from November 1967. The pilot project started at Bombay, Poona and Nagpur has proved extremely popular. Most of the advertisements emanate from Bombay, although distant places like Delhi, Calcutta, Madras and Bangalore are evincing keen interest.

The total time devoted to commercial advertisements is 75 minutes a day, that is, about 10 per cent of the transmission time of the Vividh Bharati programme.

There is at present only one TV transmitting station in Delhi. The number of receivers is 6,000. The service will be extended to capital towns and important centres during the subsequent phases.

Smt. MUKHTARUNNISA was born in Mysore City in a very respectable family. She was a brilliant student of the Maharani's High School and had her college education at the Maharani's College in the city.

Coming from a noble Muslim family with a background of public service, Mukhtarunnisa has been an all round social and Congress worker. She was the Treasurer of Mysore City Youth Congress Committee and the member of the Dasara Exhibition Committee. She is the Executive Member of the All India Women's Conference. She is serving in various other committees also.

Smt. Mukhtarunnisa has been in the educational field as an Educationist for the past six years starting various technical, commercial and educational institutions in different parts of Mysore City.

In 1963, she started 2 Nursery and Primary Schools at Mandi and Nazarbad Mohallas, Mysore. During the next year, when the strength of students increased to 400, the Primary section was shifted to the Exhibition Buildings. In 1966, two more branches of Nursery and Primary classes were started at Jayanagar, Saraswathipuram extensions.

Two years later, a Girl's High School with both Kannada and English media, was started in the Exhibition Buildings. In the same year on 1st August 1968, Typewriting, Shorthand and Accountancy classes were started by her at Vidyavardhaka Sangha Buildings in the city.

At present, Mukhtarunnisa is the Founder-Secretary of the Royal English Schools, Nazarbad, Jayanagar, Saraswathipuram, Kabir Road, Mandi Mohalla and Exhibition Buildings, Mysore.

Mukhtarunnisa has also started Tailoring, Embroidery and Sewing classes at Mandi Mohalla for the benefit of the poor ladies of the locality. She is also the founder of Kings Tailoring Institute, Mandi Mohalla, besides the Royal Institute of Commerce and the Royal Girls' High School, Mysore.

There are nearly 2,500 students studying today in these various temples of learning, started by Mukhtarunnisa. The strength of the teaching staff in these institutions numbers to 75.

Social welfare has always motivated the life and work of Mukhtarunnisa. An active Social and Congress Worker, she is undoubtedly a good educationist. She has sacrificed her wealth and property to bring up these institutions.

As a Social Worker, she has been in the forefront in every sort of humanitarian work, of relief and help, to the suffering humanity, specially the poor. She takes keen interest in the rehabilitation and employment of women in her own house.

If sufficient encouragement given, Smt. Mukhtarunnisa will be a good and profitable asset to the nation and the State in particular.

Independence Day

Mysore, Aug. 16

The 21st Independence Day was celebrated here yesterday.

Public works Minister Lakkappa unfurled the National Flag in the morning at the Townhall grounds and took salute at the March Past led by Capt. Krishna. NCC, Home Gaurds, Scouts and Guides and MARP participated in the parade.

In the evening there was a cultural programme, organised by the City Municipal Council.

The Rate Payers' Association celebrated the Day under the presidentship of Sri M.A. Alappa. Sri Rattehalli Ramappa unfurled the flag. Sri K.S. Veerabhadrappa spoke.

The inmates of the Mysore Jail celebrated the day with sports and cultural programmes. Sri P. K. William, Superintendent, unfurled the flag. Sri Agaram Rangiah presided.

The YMCA, on the auspicious day, accorded a warm reception to the American students pursuing their post-graduate studies in Manasa Gangotri. Prof. Thotappa was the chief guest. Sri K.A. Korula welcomed the gathering. Sri Syed Iqbal Khadri presented an address. Sri M. Srinivas proposed a vote of thanks.

The Field Publicity Office, Government of India, exhibited a series of documentaries at the Ganesh Picture House. Municipal President B. C. Lingiah was the chief guest. Field Publicity Officer Sri Gavirayappa welcomed the invitees.

DASARA SPORTS

Mysore, Aug. 16

The Mysore Rural District level Dasara sports and games competitions will be held here on Sept. 1 and 2. In the open section athletics and games will be conducted for men and women.

AGITATION POSTPONED

The Station Masters in the country have postponed their 'work to rule' agitation to begin from Aug. 18 for one month on an assurance given by the Union Railway Minister on their demands.

SITE ACQUISITION OKAYED

Mysore, Aug. 16

The City Municipal Council on Aug. 14 gave its consent to the Trust Board for acquiring the 2,100-square-foot area near Park House in Ittigegud in Nazarbad Mohalla.

The members, however, did not agree to the decision of the Board to form a layout of over 80 sites in that area.

Sri B. N. Kenge Gowda at the outset opposed the aquisition itself and moved a resolution which he withdrew later.

Sri H. Kempe Gowda felt that forming of about 83 small sites would create a colony in the beautiful surroundings there. He wanted big sites to be formed.

Sri Vedantha Hemmige suggested laying out a park there or utilising the area for construction of some public building, like school, college or hospital.

SMALL SCALE INDUSTRIES SEMINAR

Mysore, Aug. 16

18-Lakh Tender For German Press Bldg.

Mysore, Aug. 16

A Rs. 18-lakh tender has been invited for the construction of a building for locating the West German printing press on T. Narasipur road, near the city.

The press is a gift by the West German Government for printing text books. The machinery is worth about Rs. 1.5 crores.

Besides, 63 official quarters will also be constructed. A separate engineering sub-division has been formed for the construction works.

EXTERNAL THREAT WILL BE MET

Defence Minister Swaran Singh stated yesterday that the country was in a position to meet any external challenge.

Addressing a public meeting at Amritsar, Sri Swaran Singh declared that no foreign power would be allowed to set its foot on our soil.

Referring to the Soviet arms aid to Pakistan, the Defence Minister said it was not a wise step. It would increase the tension and the differences between the two countries.

The decision to supply arms to Pakistan was a question of Soviet Union's internal policy. India would not interfere in it. He hoped that Soviet leaders would change their policy.

The Pakistani leaders, Sri Swaran Singh said, have adopted aggressive policies towards India which had widened the differences between both the countries.

GANDHI CENTENARY WELLS

Mahatma Gandhi's birth centenary will be celebrated on Oct. 2, next year.

Provision of basic amenities for human living is one of the programmes which the National Committee for the Gandhi Centenary has decided to organise.

The committee has decided to concentrate on the provision of drinking water wells to the villages. It requiries Rs. 600 crores.

It has suggested that local resources should be mobilised and the work executed through voluntary agencies.

Individuals or institutions or organisations desirous of participating in the great humanitarian work may communicate to the sub-committee for Basic Amenities, Asoka Road, New Delhi.

CONDITIONS IN HOSPITAL BAD

Bangalore, Aug. 17

Health Minister Ramakrishna yesterday regretted that the local bodies did not show enough interest for providing health and sanitary facilities. He felt that they should be compelled to earmark certain percentage of their revenue for this purpose.

He also expressed his concern that the conditions in hospitals were far from satisfactory. More than the structure of hospitals, service within should be the main consideration.

AWARDS FOR FAMILY PLANNING

Mysore, Aug. 17

Three prizes of the value of Rs. 500, Rs. 250 and Rs. 150 will be awarded to the village panchayats doing very good work during the intensive family planning drive proposed to be launched in Mysore Taluk from Sept. 2. This was revealed by the Taluk Development Board President Sri D. Jayadevaraje Urs addressing a special meeting of Taluk Board members and V. P. Chairmen recently here.

He told them that the non-official leadership at all levels should think that the family planning work was as much theirs as it was of the department of Government. Sri Urs contended that the contesting candidates in the ensuing Taluk Board elections will do a signal service to the community and the country if they carry this message with determination to each home of their constituencies irrespertive of any political party affiliations when they will approach the electorate for votes.

ANCILLIARY INDUSTRIES IN CITY

Mysore, Aug. 19

More ancilliary industries would be set up around the Ideal Jawa Motor Cycle Factory here. Deputy Industries Minister A. P. Appanna assured construction of more sheds for industrialists intending to start new ancilliary units at the indusrrial estate.

This was the outcome of the 2-day seminar on small scale industries which concluded at CFTRI yesterday.

Another important suggestion made in the seminar was the establishment of an electronic industrial estate on the lines of one at Pooma in the city.

Sri K.L. Nanjappa, Development Commissioner of the Small Industries of the Government of India, suggested sending a small team of officials to Poona estate.

Sri Kesari of Bharat Electronics, Bangalore, said Mysore had great scope for manufacturing components required for BEL and other big industries in Bangalore.

Sri B.V.Ramaiah, Director of the Small Industries Service Institute, presented to the seminar a report on industrial development potentialities in Mysore District.

He said that there was large scope for manufacturing engineering products and components required for the machine tool industry. Manufacture of textile and sericulture machinery and pumpsets could also be undertaken. There was also scope for putting up a foundry and structural shop and one or two repair and maintenance workshops for repairs of automobiles and tractors.

Sri F. K. Irani said that his factory needed many components and pleaded small industrialists to come forward to manufacture them. There was scope for rubber-based industry and manufacture of fibre glass metals for helmets.

Drs. Parpia, Amla and Panda of the CFTRI said Mysore had great scope for starting food and cattle feed industries.

Sri Panduranga Setty suggested starting dairy and poultry farms and hybrid maize flour for CARE midday meal programme.

Dr. Parpia said Mysore offered facilities for starting infestation control industry, cattle feed, poultry, and bacon products. Malnad climate was suitable for cheese manufacturing.

Coorg had unlimited opportunities for starting fruit canning and juice manufacturing units using oranges, pineapple grown there. Dr. Parpia, who referred to the two units being established at Gonikoppal and Kushalnagar and another one at Sirsi suggested a consortium of these units for cutting down marketing cost.

New Food Policy In A Month

Mysore, Aug. 21

The new food policy for the year would be announced within a month, Sri B. Vittaldas Shetty, Minister of State for Food, said here yesterday.

Addressing a press conference, the Minister said that the State would continue to be deficit this year too in view of the failure of the monsoon in many parts.

However, he assured, there was no need for anxiety. The State Government has been pressing the Centre for additional foodgrains allotment, especially wheat and milo.

The Minister said that the State Food Advisory Committee which met before the press conference reviewed the supply and distribution of foodgrains.

Sri Shetty said that suggestions were made by the trade representatives for relaxation in certain provisions in the licensing and movement order. Suggestions about changes in statutory orders to make them more simple were also made.

These suggestions would be considered when the new food policy was announced, he said.

4428 CR. FOREIGN DEBT

India's foreign debts on June 30 has amounted to Rs. 4,428 crores on account of loans other than PL-480 and to Rs. 1,226 crores on account of PL-480 loans, Deputy Prime Minister Morarji Desai told the Rajya Sabha.

FOOD PACKETS DURING DASARA

Mysore, Aug. 21

The sale of cheap food packets to the visiting public during the Dasara festival would be considered, Sri B. Vittaldas Shetty, State Minister of Food said here yesterday.

Welcoming the suggestion during a press conference, the Minister asked the Divisional Commissioner to convene a meeting of municipal authorities and philonthropists for the purpose.

He also suggested taking the help of Janatha Bazar for the sale of food packets.

Sri Shetty assured additional foodgrains allotment to the city during the Dasara.

The Minister said he made a surpise visit to a co-operative society and a ration depot and found the foodgrains unadulterated as complained by the public

ACCORD ON HEMAVATHI

The dispute between the Mysore and Madras Governments over the Hemavathi waters has been resolved and broad agreement has been reached on their utilisation.

Union Irrigation Minister Rao had a two-hour meeting with Mysore Chief Minister Veerendra Patil and Madras Public Works Minister Karunanidhi.

JS ASKS GOVT. RESIGNATION

Bangalore, Aug. 21

The Karnatak Pradesh Working Committee of the Jan Sangh has demanded the resignation of the State Ministry to bring effective pressure on the Centre to accept and implement the Mahajan Commission report.

It condemned the policy of Union Home Minister Chavan and warned that any opinion poll to solve the issue would only encourage fissiparous tendencies.

CONSCIENTIOUS CASHIER

Like the proverbial Casabianca on the burning deck, a conscientious cashier of the Gujarat State Road Transport Corporation, perched atop a marooned bus for 44 hours to save Rs. 1.5-lakh cash belonging to the corporation.

On the fateful day of floods in Surat city, GhulamGuard suddenly found himself standing chest-deep in water with money bag in his hands. Acting with great presence of mind, he climbed the bus near by and remained there for 44 hours without any food.

CAPITAL FROM INDIANS ABROAD

Orders on the liberalised policy of allowing persons of Indian origin abroad to make investments in proprietorship and partnership concerns as well as in trading and business concerns in the country will be issued shortly, Deputy Prime Minister Morarji Desai told the Rajya Sabha.

Scarcity In 4 Taluks

Mysore, Aug. 21

Scarcity conditions in Kollegal, Yelandur, and Chamarajanagar Taluks and parts of Gundlupet taluk were acute, admitted Sri Vittaldas Shetty, Minister of State for Food, here yesterday.

The Minister during his three-day visit to Mysore toured the district to assess the scarcity conditions.

He said that orders have been recently issued for distribution of 3,600 quintals of milo in these areas. Allotment of more foodgrains would be considered after receiving the report from the Deputy Commissioner.

The Government, Sri Shetty said, had already allotted Rs. 7.5 lakhs for relief works, Rs. 1.5 lakhs for emergency feeding, Rs. 5.65 lakhs for soil conservation, Rs. 10 lakhs for distributing as loans through the Land Development Banks for irrigation wells, Rs. 38 lakhs for PWD to undertake irrigation works and Rs.11 lakhs for afforestation purposes. Drinking water wells be provided soon to 74 villages, he added.

Mysore's Small Car Project

The Lok Sabha was told by Minister Fakhruddin that only one State namely Mysore has sponsored a proposal for the setting up of a project for the manufacture of small cars.

The salient feature of the Mysore scheme are as follows: The make of the car will be Mazad-800.782 cc, 4 cylinder, 4 door. The proposed production will be 50,000 per annum. The collaboration will be with Toyo Kogyo of Japan. The investment will be Rs. 28 crores out of which Rs. 8 crores will be in foreign exchange. The price is expected to be Rs. 6,330 ex-factory.

GOVT. SUBSIDY TO KANNADA FILM

LORRY STOLEN AND ABANDONED

Mysore, Aug. 22

Krishna Murthy, a previous convict, is reported to have stolen a lorry belonging to Sri Kondappa and drove it to Ramnahalli, three miles from here, on Mysore-T. Narasipur Road.

After removing the spare parts worth about Rs. 1,000 and abandoning the lorry, he is stated to have proceeded to Bangalore.

The police are in search of Krishna Murthy.

SRINIVASA IYENGAR DEBARRED

Bangalore, Aug. 22

The All India Football Federation has debarred Sri B. Srinivasa Iyengar, foot ball referee of Mysore, from holding any office or position in the Federation or in any State association or its constituents.

An enquiry committee constituted by the Federation has held that the lapses and irregularities brought in evidence before it, were such as to tend to undermine the very foundations of refereeing in the country.

JATTI'S LETTER TO CM

Bangalore, Aug. 22

Sri B. D. Jatti in a letter has asked Chief Minister Veerendra Patil that if he is really interested in getting the co-operation to finalise proposals before Sept.2. Sri Patil said that he was not aware of the letter. However, he would meet Sri Jatti soon.

CZECHOSLOVAKIA OCCUPIED

Soviet, East German, Polish, Hungarian and Bulgarian tanks, troops and jet planes occupied Czechoslovakia yesterday in an overnight invasion of the former satellite to smash its programme of liberal reforms.

The Czechoslovak Communist Party led by the First Secretary, Alexander Dubcek, denounced the invasion, asked citizens not to fight and to offer only passive resistance.

However Prague crowds, waving their national flags and shouting for the Russians to go home, swarmed around the invaders.

Several persons were reported killed in shooting incidents.

In Prague hours after the invasion, many freedom loving Czechs threw themselves before the invading tanks in a vain bid to block them.

At least five Czechoslovaks were reported to have died in sporadic clashes. A woman was killed by Soviet machine-gun fire. Two Czech soldiers were crushed to death by a Russian tank.

When Soviet tanks rumbled up to the Prague Radio building, hundreds of Czechoslovaks, cursing and jeering, swarmed around. The yelled 'pfiu' in the faces of the Red Army troops coming with the tanks. Bewildered, angered, the Russian soldiers fell back, but only for a few minutes.

DUBCEK CONFINED

Czech party leader Alexander Dubcek is under restriction in the party's central committee building.

INDIA'S ANGUISH

Prime Minister Indira Gandhi told the deeply agitated Houses of Parliament about the Government's anguish at the turn of events in Czechoslovakia. She hoped that the forces of the four Warsaw Pact countries will be withdrawn at the earliest possible moment and the Czech people would be allowed to "determine their future according to their own wishes and interests".

"The right of nations to live peacefully and without outside interference should not be denied in the name of religion or ideology", she added.

SEVERE BLOW

President Tito of Yugoslavia has condemned the Soviet invasion as violation of the sovereignty of a socialist country and said 'it was a severe blow struck at the socialist and progressive forces in the world'.

THANT'S APPEAL

Secretary-General U Thant has deplored the Soviet intervention and appealed to the Russians and their Warsaw Pact allies to 'exercise the utmost restraint' in relations with the Prague Government and people.

Britain described the Soviet invasion as a flagrant violation of the United Nations Charter and all accepted standards of international behaviours.

U. S. President Johnson has called the Soviet Union and other Communist forces to withdraw from Czechoslovakia and said the United States was consulting urgently with its allies to consider steps in the United Nations.

MINISTER VISITS BORDER

Mysore, Aug. 22

Sri Vittaldas Shetty, Minister of State for Food, yesterday visited the Bavali checkpost in H. D. Kote taluk on the Mysore-Kerala border. He inspected the arrangements made by the police to check food-grains smuggling into Kerala.

POLICE FIRING IN NAGPUR

Two persons were seriously injured when the police opened fire at an unruly mob in Nagpur. The demonstration was in support of the 'Nagpur Bundh' call given by the Citizens' Council.

Earlier, the police burst several tear-gas shells to disperse an unruly mob who were on a rampage destroying closed shops.

The railway station and post office in Murtazapur town near Akola were burnt down by a violent mob.

BHIM SENA CONDEMNED

Bangalore, Aug. 22

The executive of the State Republican Party, has strongly condemned the formation of Bhim Sena by exploiting the name of Dr. Ambedkar.

It felt that the Republican Party, founded by Dr. Ambedkar, stood for social and economic equality and as such there was no need for a separate sena to protect the rights of the Scheduled Classes.

"The people who talk about the Bhim Sena are only misguiding the Scheduled Class people and therefore, such people must be warned about these stunts", it said.

CENTRE TO CONSULT MYSORE ON AGENT

The Centre will examine the future of the office of the Mysore trade agent in London in consultation with the Mysore Government and the Ministries concerned, Minister of State B.R. Bhagat told the Lok Sabha yesterday.

He said the Centre had not asked the State to abolish the office.

Edited, Printed & Published by G. Satyanarayana at the Samachar Press, J. M. Palace Road, Mysore.

CLEARANCE FOR HEMAVATHI

Bangalore, Aug. 22

Chief Minister Veerendra Patil said here yesterday that he expected the clearance from the Centre for the Hemavathi project in another fortnight.

He said he had set rest the Madras fears that the project would affect its riparian rights. He had given all necessary clarification and even the CWPC was satisfied about the Mysore Government's stand.

Street Fighting In Prague

Soviet occupation forces have set up their own regime to ruleCzechoslovakia as passive resistance to the Russians mounted throughout the country.

Heavy fighting was going on in the streets of Prague, a Czech radio station, describing itself as 'Free Legal Radio Prague', said yesterday. It was apparently operating from a mobile trasmitter to escape Soviet radio detectors. Russian tanks had earlier silenced Prague radio.

A one-hour general strike has spread throughout the country.

The Soviet occupation troops completed their blitzkrieg invasion by seizing Alexander Dubcek and finally silencing Ceteka.

In the first hours of invasion, the Soviets took away in armoured cars Dubcek, President of Parliament Josef Smikovsky, Premier Oldrich Cernik and Cestmir Cisar, one of the party central committee secretaries.

Clandestine broadcast disclosed the formation of the new authority to replace the reformist Government of Alexander Dubcek. Earlier reports said the Russians were negotiating with a pro-Moscow group in Czechoslovak Central Committee.

The commander of the Warsaw Pact forces in Prague has declared martial law in the capital. He has also ordered ban on assemblies and distribution of literature and leaflets. A curfew from the evening to the morning has been imposed.

4 Jailed In Fake Notes Case

Mysore, Aug. 23

Patchu alias Bhaskar, Palani, Ramu and Tirumurthi of Pollachi in Coimbatore District were sentenced to seven years rigorous imprisonment for printing fake notes and four years rigorous imprisonment for circulating them in the city by District and Sessions Judge Kudoor Narayanarai here yesterday. The sentences are to run concurrently.

The Lashkar police led by Police Superintendent P. J. Bagilthaya on Aug 27 last year had seized 1938 two-rupee fake notes and materials used for printing the notes at a residence in Vidyaranyapuram.

Sri S. V. Bhat, Sub-Inspector, investigated the case.

PM'S STATEMENT 'TOO WEAK'

Sarvodaya leader Jayaprakash Narayan yesterday described Prime Minister Indira Gandhi's statement on Czehoslovakia as "too weak". India must condemn unequivocally the Soviet aggression on Czechoslovakia, he said.

Asoka Mehta Resigns On Czech Issue

Sri Asoka Mehta, Union Minister for Petroleum and Chemicals, yesterday resigned following his differences with Prime Minister Indira Gandhi over the Government's stand on Soviet armed intervention in Czechoslovakia.

The resignation letter was delivered a few hours after he had voted against the Government in the Lok Sabha.

Sri Mehta with four other Congress members including Sri Tulsidas had voted for a motion moved by Smt Sucheta Kripalani describing the Soviet action as a 'clear violation of the United Nations charter'.

The Government was not in favour of the motion.

It is the first time that a Cabinet Minister has voted against the Government.

The Lok Sabha rejected by 185 to 82 votes the motion tabled by Smt. Sucheta Kripalani.

The voting was preceded by an appeal by the Prime Minister not to commit the Government to any position in view of the fact that as a member of the Security Council, India had to play an effective role. She feared that if any resolution was voted upon, it would inhibit India's position.

Reader's Forum :

STOP FOUL GHEE SMELL

Sir,

We, the residents of Mulukatamma street, Kempananjamba Agrahar, K. R. Mohalla, desire to bring to the notice that a trading company situated in the locality is preparing ghee at intermitent intervals. The filthy smell emitted and ejected during the process of preparation is highly injurious to health and resulting in the increased doctor's bill to the residents.

Hence, we appeal to the municipal authorities to put an end to this nuisance.

CONDEMNATORY RESOLUTION IN UN COUNCIL

The United States, Britain, France, Canada, Brazil, Denmark and Paraguay yesterday demanded that the United Nation Security Council condemn the Soviet Union and its Warsaw Pact allies for armed intervention of Czechoslovakia. They asked for an immediate withdrawal without violence or reprisals.

They submitted their demand to the SecurityCouncil when it resumed debate in emergency session of the Czech crsis.

In the Council Czechoslovakia accused the Soviet Union of invading the country without the knowledge and consent of the Czech Government and other legitimate Czech representatives.

Soviet Deputy Foreign Minister Jacob Malik's bid to stop debate on the Czech crisis failed.

The Council voted to include the item on the agenda.

The angered non-Communist Opposition parties in the Lok Sabha yestesday held up the business of the House for two hours and forced a fresh debate on India's policy on the Czech crisis.

Heated exchanges, angry scenes and occasional pandemonium were witnessed as the members expressed their anger over India's abstention from the voting on the seven-nation resolution condemning the Soviet aggression in the U. N. Council.

Prime Minisier Indira Gandhi, who explained the Government's stand, told in the Rajya Sabha that India had abstained in the voting because the resolution contained the word "condemn" in relation to the Soviet Union's action.

Take To Social Service

CALL TO WOMEN

Mysore, Aug. 24

Sri A. B. Ramanand, Past District Governor of Rotary 317, today called upon women to take active participation in community service.

The social conditions of our country required participation of women more and more in the community, he said.

He was inaugurating the first conference of Inner Wheel District 317.

Sri Ramanand the said women in our country were known for their inherent qualities of virtue and selfless service. They had reputation of the greatest standard in the world.

He said that one of the hardest things today was to maintain a sense of value in a fast changing world. But these must be maintained.

Smt. Annapurna Desai addressing called for augmenting funds, increasing the number of Inner Wheel Clubs in the District and forming of a national association to ensure closer co-operation and better community service.

Kabini To Be Completed

Mysore, Aug. 26

More funds had been allocated for the Kabini project so as to complete it in the Fourth Plan period, Public Works Minister K. Lakkappa stated yesterday.

Inaugurating the Rs. 8.6-lakh new bridge across the Kabini between Hullahalli and Rampur in Nanjangud Taluk, the Minister said though the project was started about 10-12 years ago there was considerable dealy in its completion.

He said that the Government had realised the importance of the project and wanted it to be completed as early as possible.

Sri Lakkappa said that there was a cut in allocations for roads and the funds had been diverted for irrigation projects which had been given top priority.

The Government also proposed to provide drinking water wells to all the villages in the State during the Gandhi centenary year, he added.

Sri Hejjige M.Linganna, MLC, who presided, urged for widening the Kabini bridge near Nanjangud, on the Mysore-Ooty road.

Taluk Board President Subba Rao welcoming the gathering pleaded appointing an experts committee for better utilisation of the Nugu waters.

Sri Kalingappa presented an address to the Minister. Sri Abdul Hameed, Superintending Engineer, proposed a vote of thanks.

SOLVE JUVENILE DELINQUENCY

Mysore, Sept. 2

Sri H. Veerabhadriah, DIG of Police, inaugurating the Boys Club at Mandi Mohalla yesterday said that both public and police officers should work together to solve juvenile delinquency.

The Boys Club, the first of its kind in the city, has been started by the Remand Home for providing recreation and guidance to delinquent boys.

Srl K. Lakshman Rao, Director of Social Welfare and Chief Inspector of Certified Schools, who presided, stressed the importance of proper recreation and moral education for children, which were antidotes to juvenile delinquency.

Sri G. L. Singh, Probation Officer, welcomed the gathering and Sri P. Sundar, Sub-Inspector, proposed a vote of thanks.

Sri P.J. Bagilthaya, Superintendent of Police, distributed clothes to the inmates of the Boy's Club.

CHILD GUIDANCE CENTRE

A Child Guidance Centre was also inaugurated later by Sri Lakshman Rao under the presidentship of Sri Bagilthaya.

The Centre at the Remand Home in Lakshmipuram offers free guidance and treatment for devient children and advise to their parents on every Sunday between 9 a.m. and 12 noon. Sri Singh is in charge of the Centre.

14,000 KILLED IN QUAKE IN IRAN

Devastating earthquakes in north-eastern Iran on Saturday killed 14,000 people, mostly villagers living in mud-brick houses.

In some villages, there was no sign of life at all.

In Kakhak and surrounding villages some 4,500 people were reported buried under debris. In another village, at least 1,000 were reported killed.

The quake occurred almost exactly six years to the day after the one that killed some 13,000 people in West Iran.

The tremors lasted between one and three minutes in some places, cracking building and razing mudhuts.

One report said that as many as 10,000 are homeless.

REVIVE MORAL TRADITIONS

Mysore, Sept. 2

A call to revive moral and spiritual traditions in the country was given by Sri Swami Somanathanandaji, SriRamakrishna Ashram, here on Saturday.

He was inaugurating a week-long zonal training camp for women leaders conducted by the sub-committee for women and children of the national committee for Gandhi centenary at the Administrative Training Centre.

The Swamiji said that no one could be more helpful in this task than women who had an important role in the Indian life.

What Gandhiji wanted was not merely Swaraj but Ramaraj, where truth, honesty and compassion for human beings had greater significance, he added.

Dr. S.Vijayalakshmi, Zonal Organiser, welcomed the participants.

Smt. Yashodara Dasappa proposing a vote of thanks said the aim of the camp was to train women to implement programmes based on Gandhian ideals during the centenary year.

20,000 DIE IN IRAN EARTHQUAKE

100 TOWNS AND VILLAGES DEVASTATED

The toll in eastern Iran's earthquake disaster has risen to 20,000.

Tales of death and destruction or lucky escapes have unfolded at many of the 100 towns and villages hit by the massive earthquakes.

About 1,500 people trapped in ruined Kakhak, have now been dug from beneath devastated homes and buildings, and are being treated at over-crowded hospitals. Another 1,500 in the town are still unaccounted for.

One woman survivor at Kakhak gave birth to twins at a hospital shortly after being rescued. A boy of three was rescued after being buried for six hours.

The Shah of Iran has ordered a 24-hour period of national mourning for quake victims.

More than 4,500 people died at Kakhak and injured totalled 50,000.

More than 10,000 people are reported homeless and living in the open in the rugged, mountainous area. Rescue teams, including troops and police, were still trying to reach inaccessible and stricken communities.

S. S. SASTRY DEAD

Mysore, Sept. 3

Sri S. S. Sastry, veteran Congress worker, passed away here yesterday at the K.R. Hospital. He was ailing for some time.

Jatti-Patil Rift

Bangalore, Sept. 3

Sri B.D. Jatti told newsmen yesterday that he saw no use in continuing further talks with Chief Minister VeerendraPatil on 'co-operation' as the latter was unnecessarily trying to postpone matters.

Sri Jatti after three rounds of talks with the Chief Minister, said: 'Sri Patil wants our cooperation. But how can there be cooperation without settling this (representation to his group in the Ministry) issue.'

However, he said, 'Sri Patil will get the same kind of co-operation which Sri Nijalingappa gave me when I was Chief Minister. We will follow in the footsteps of Sri Nijalingappa, who is now the Congress President.'

CM's STAND

Chief Minister Veerendra Patil said he would stick to the pledge of taking one or two persons from among those who did not support him in the leadership election.

But he emphasised that he could not do anything in the matter without approaching the High Command. He was not the final authority in such matters.

No IDA Aid This Year

The International Development Association's 200-million dollar aid which India normally gets, is not expected to be forthcoming this year.

It is the U. S. Congress which is responsible for this. It deferred at its last session consideration of the bill to authorise the IDA contribution.

This comes as a blow to India's aid prospects, which have already been impaired by the huge cut in the United States aid bill.

13,000 Villages In Grip Of Scarcity

Bangalore, Sept. 4

Chief Minister Veerendra Patil informed the Assembly that 100 taluks and 13,000 villages in the State were in the grip of scarcity and 8,138 villages had so far been declared affected.

He said land revenue collections had been suspended in 7,000 villages. The estimated number of people employed on scarcity relief works was 35,000 to 40,000 per day. An equal number was estimated to be employed on soil conservation works.

Sri Patil assured that the entire Government machinery was pledged to devote itself to tackle this problem in a mood of dedication and service.

But he came down heavily on officers who were guilty of red tape, delay, misuse of funds and warned them of exemplary punishment. He also warned against middlemen who were out to make illegitimate profits out of relief works.

He said he hoped to be able to secure additional assistance from the Centre.

Sri Patil welcomed the helping hand extended by the Bharat Sevak Samaj, which had offered to set up food for work camps in the scarcity areas.

Concessions To BE Students

Mysore, Sept. 5

The Mysore University yesterday ordered certain relaxations in the regulations applicable to its five-year integrated and the condensed engineering courses.

Under the relaxed rules, candidates who have failed in not more than three subjects but have secured not less than 40 per cent aggregate marks are permitted to go to the next higher class. Such candidates are required to clear all the Ordinance subjects of the previous examination, before they can be promoted to the next higher class.

Candidates of the five-year integrated course who have secured 40 per cent aggregate marks but failed to get promoted (including by triple ordinance) are exempted from taking the examination in the subjects in which they have obtained 40 per cent marks.

The concessions will come into effect from April -May 1968 examinations and onwards. However, they are not applicable to the revised five-year integrated course (two-term system) in engineering.

PLEA FOR MORE LAW BOOKS IN KANNADA

Mysore, Sept. 5

Sri N. R. Kudoor, District and Sessions Judge, commended the introduction of the three-year law course as a step to raise the standard and status of the legal profession.

He was inaugurating the Sarada Vilas Law College Union here on Aug. 31. Sri M.R. Narasimha Murthy, Principal and Rector, presided.

Prof. D. Javare Gowda, Director, Institute of Kannada Studies, Manasa Gangotri, released a Kannada book on "Hindu Marriage nnd Divorce" by Sri M. S. Rama Rao, Lecturer of the College.

Pleading for more Kannada translations in law. Dr. Gowda said that if democracy was to be meaningful, the law of the country should reach the common man through his language.

Union President C Bhagavan welcomed the gathering. Secretary T. S. Chandrasekar proposed a vote of thanks.

HORTICULTURAL SHOW

Mysore, Sept. 5

The annual horticultural show will be held for 4 days from Sept. 19. The last dates to send entries for the garden competition and the horticultural show are Sept. 14 and 16, respectively. The judging will be on Sept. 16 and 19, respectively.

USE WASTE FOR BY-PRODUCTS

Mysore, Sept. 5

The need to utilise waste materials for by-products was stressed here yesterday by Dr. H. A. B. Parpia, Director of the CFTRI.

He was switching on the cattle and poultry feed mixing plant at Sri Gajanana Rice and Oil Mills.

By waste utilisation, Dr. Parpia said, it would be possible to cut down the cost of the product besides helping starting chain industries.

He praised the bold venture of Sri Vasudeva Murthy in starting the plant to utilise silk worm pupae and rice bran available after extraction of oil in the mills.

There is no greater satisfaction to a scientist than to see that his research results were made use of for further economic advancement, he added.

Earlier, Sri R. Vasudeva Murthy, Managing Director, welcomed the gathering.

PURSUE GANDHIJI'S IDEALS

Mysore, Sept. 6

Dr. Sushila Nayyar, MP and President, National Sub-Committee for Women and Children for the Gandhi Centenary, today gave a call to people to know the ideals Bapuji had shown to the individual and the nation and pursue them.

Delivering the valedictory address of the zonal training camp for women leaders at the Administrative Training Centre, she said that we must develop the attitude of thinking as to what minimum one can take from the country and in turn give what maximum possible.

The youth today was revolting because it was grouping in dark for an ideal. Gandhiji had shown us the ideal of simple living and high thinking, truth and love, she added.

Sri Swami Somanathanandaji of Sri Ramakrishnashram, who presided, said to build the sole of the nation and the national character there was no better guide for us than Gandhi's teachings and life.

Earlier, Dr. S. Vijayalakshmi welcomed the gathering.

Eliminate Obscenity

Mysore, Sept. 7

The training camp for women leaders of the Southern States, which concluded here yesterday, has expressed concern and distress over the increasing obscenity in films, posters, journals, newspapers and advertisements. This was causing demoralising effect on the people specially the young, it felt.

The camp pointed out the solemn duty of mothers to save their children from the baneful and unhealthy influence, and called upon all responsible citizens, including those connected with cinema industries and journalists, to eliminate this undesirable trend. It also appealed to the authorities concerned to become more vigilant and take suitable action.

'EACH ONE TEACH ONE'

The camp appealed to every literate women to teach atleast one illiterate on the basis of 'each one teach one'. It suggested that top priority should be given for adult education by schools, colleges and volunatry agencies.

PROHIBITION

It appealed to women to build effective public opinion in favour of total prohibition in the country. It asked them to exercise franchise only to those candidates who stood for prohibition.

The camp also wanted popularisation of khadi, village and cottage industries.

In another resolution, it emphasised the need for instilling in the minds of youth the basic values of life and a sense of dedication, by familiarising with the life and teachings of Gandhiji in schools and colleges.

The camp was organised by the national sub-committee for women and children for the Gandhi Centenary.

Retain Linguistic States — DODDAMETI

Mysore, Sept. 9

Sri A. J. Doddameti, Minister for Minor Irrigation, has opposed scrapping of linguistic States on the grounds that they came in the way of country's unity.

Inaugurating the Kannada Sangha at Manasa Gangotri on Saturday, the Minister said that it was unfortunate that those who had championed the cause of Karnataka should today advocate giving up linguistic States.

The quarrels between States on boundaries were only temporary ones, he added, and declared that he was prepared to sacrifice his life for retaining Karnataka.

Sri Doddameti said it was high time that the name of the State should be changed as Karnataka.

If Karnataka had to remain one and make progress, it was essential that the name of the State should be changed, he said.

Referring to the opposition from the old Mysore area, the Minister said though Mysore City had contributed much to the culture of the State and the development of Kannada, he said this should not stand in the way of changing the State's name. However he was happy to note that the people in the old Mysore area were now for renaming the State as Karnataka.

Prof. Rajasekhara Setty, President of the Sangha, who presided said that Kannada should become not only the medium of instruction but also the official language. If science had to reach the common man, it had to be taught in regional languages, he said.

Prof. D. Javare Gowda, earlier welcomed the gathering.

Master Plan For Gomatagiri

Mysore, Sept. 9

A master plan is being prepared for the development of Gomatagiri, a Jain pilgrim centre, 13 miles from Mysore, said Public Works Minister K. Lakkappa yesterday participating in the 19th Mastakabhisheka of Sri Gomateswara.

The Minister called upon the people to offer prayers for rain as many parts in the State were facing severe drought.

Sri C.B Mahveer Prasad, Kshetra Seva Samiti Secretary, welcomed the gathering. Sri L. N. Nagakumar read a report and President C.B.M. Chandriah presented an address to the Minister. Pandit Nagaraj Sastry spoke.

The 'kalashas' auctioned fetched Rs. 1,203.

MYSORE DT. WORST DROUGHT-HIT

Mysore, Sep. 9

Mysore District is the worst hit by the failure of monsoon this year, Minister for Minor Irrigation A.J. Doddameti told newsmen here yesterday.

The Minister who toured scarcity affected areas in the district, said three new minor irrigation works irrigating 370 acres at a cost of Rs. 3.6 lakhs would be taken up immediately to provide employment to large numbers of people and thus create permanent assets against scarcity.

It was also decided, he said, to start three new lift irrigation schemes, at a cost of Rs. 2.05 lakhs, benefitting 920 acres.

Sri R. Srinivasan, Divisional Commissioner, said Rs. 2.5 lakhs would be immediately released out of the funds allotted by the Government for famine relief works.

He said that three restoration works costing Rs. 65,000 and a new pick-up at a cost of Rs. 40,000 would be started immediately.

The Minister reviewed the progress of relief works both in Mysore and Mandya districts. He directed that taluk integrated plan of works should be implemented vigorously by the officials with the help of Government and non-official agencies.

1288 UNEMPLOYED ENGINEERS

Mysore, Sept. 9

Out of 1,288 unemployed engineering graduates in the State 8 were women. The highest number of unemployed engineers were in the field of mechanical engineering numbering 517. Electrical came second with 471 followed by civil with 293 graduates. Of the 8 women, 6 were electrical and remaining were telecommunication engineers.

The industries and the Public Works Department in the State during the Fourth Plan would need about 200 engineers, whereas the turn out from the 15 engineering colleges was about 2,000 at present.

This was disclosed by Sri R. Sampathkumaran, Director of Employment and Training, Government of India, at a symposium conducted here yesterday by the Institute of Engineers (India).

Civic Election In December

Mysore, Sept. 10

The election to the Mysore City Municipal Council will be held either in the third or fourth week of December, Municipal Commissioner Prabhu told newsmen here today.

The present Council's term will expire on Dec. 31, 1968.

The calender of events will be announced in November, he added.

CIVIC BODY CENTENARY

Mysore, Sept. 10

The centenary celebrations of the City Municipality proposed to be held this month has been postponed to the last week of November, Municipal President B.C. Lingiah said at a press conference today.

He said the open air theatre for the purpose is likely to be completed by the end of this month. It will cost over Rs. 50,000.

The civic fathers will stage a drama during the centenary celebrations. The gate collections will be donated either to the Municipal Girls' High School or to the Hostel.

Sports competitions for the municipal councillors, municipal employees and the public will be conducted.

Messages from dignatires are being received for the souvenir. A sub-committee has been formed for decorations. The municipal buildings will be illuminated during the centenary celebrations.

FILTERED WATER FROM SEPT. 15

Mysore, Sept. 10

The supply of filtered water to the city will be inaugurated on Sept. 15 at 10-30 a.m. at Hongalli by Parliamentary Affairs Minister K. Puttaswamy. This was revealed by Sri B.C. Lingiah, Civic Chief at a press conference, today.

It may be stated here that the scheme was proposed to be completed by Aug. 15. During the visit of the Chief Minister, the officials had given an assurance to this effect.

From Sept. 15 the citizens will be getting fully filtered water. Eight million gallons will be supplied from Hongalli. At present four million gallons of purified water is being supplied from Belgula pumping ttation.

Out of 40,000 houses in city, 18,200 have water connections. Houses with a rental value of Rs. 100 pay a mohtaffa of Rs. 18 and water charges of Rs. 5 a year, whereas they are getting 4,000 gallons of water free per month. Even if 1,000 gallons are calculated at 75p the total water charges will work out to Rs. 36, per year, he said.

DASARA ARRANGEMENTS

The Municipality will spend Rs. 32,000 for health and sanitation during the Dasara festival in the city. It has also proposed to instal a dozen public taps on the route of Dasara Procession to provide drink ing water to the people.

MERCURY LIGHTS

The installing of 128 mercury lights from Gayathri Bhavan upto the Municipal limits on the KRS road and on the Double Road at a total cost of Rs. 50,000 will be completed by Sept. 20.

The Municipality has also proposed to construct a dozen latrines every year on a phased programme. The construction of a modern underground latrine opposite to the Lansdowne Buildings will also be taken up soon.

The Lansdowne Buildings which has been purchased by the Municipality at a cost of Rs. 5,45,000 will be taken over within a month. The amount will be paid to the Government in four instalments, Sri B. C. Lingiah said.

STUDY TEAM'S VISIT

Mysore, Sept. 10

A team of technical advisers of the Agricultural Refinance Corporation and State Government officials toured the District recently to study the possibility of development of coconut cultivation in the district. The Agricultural Refinance Corporation is expected to finance the scheme through the State Land Development Bank.

Commissioner For Relief Works

Bangalore, Sept. 10

The State Government has decided to appoint a scarcity relief commissioner to streamline operations of relief works now undertaken in various parts of the State.

The Revenue Secretary Sri M.S.Swaminathan, will be appointed as the new commissioner.

The Cabinet has also decided to give more powers to divisional commissioners and deputy commissioners with regard to scarcity relief operations.

The Government have felt that a lot of streamlining of the administrative machinery was necessary to tone up the relief operations.

WOMAN COMMITS SUICIDE

Mysore, Sept. 10

Jayalakshamma, aged 30 and fourth wife of a 60-year-old bangle seller in Tilaknagar in the city, is alleged to have committed suicide by setting fire to herself. She died in the hospital. Dejection in life is stated to be the reason.

QUIZ COMPETITION

Mysore, Sept. 10

An inter-collegiate quiz competition in memory of Sri S. Srikanta Pandit will be conducted on Sept.15 by the Students' Union of Sri Jayachamarajendra College of Engineering. Entries may be sent to the Staff Vice-President Sri H. R. Krishna Murthy, before Sept. 14.

Autonomous Colleges

The Clommittee of Vice-Chancelors set up to advise the UniversityGrants Commission has recommended recognition of a few outstanding colleges as autonomous institutions within the framework of the university system.

Another important recommendation of the committee concerns the institution of scholarships to enable meritorious students to go from one State to another and groups of about 10 students from each university to visit specific university centres in other regions so that academic and cultural contacts among students could be promoted in the interest of national integration.

The committee also felt that the migration certificate at present required from a university for admission to an institution outside its jurisdiction was an unnecessary formality and might be dispensed with from the next academic session. A certificate from the institution last attended by the student should be considered adequate.

TRAINING FOR PLANNING OFFICERS

Mysore, Sept. 10.

A 10-day training programme for District Planning Officers and the fourth general course in development administration for the District Officers were inaugurated at the Administrative Training Institute yesterday by Sri K. Narayanaswamy, Vice-Chairman of the State Planning Board.

Sri Narayanaswamy called for systematic and scientific method for development of certain neglected areas in the districts.

The main problem in India was the cultivation of the will to generate self-sufficiency. A determined and resolute action on the part of every one was necessary to reach the self-sustaining growth, he said.

The Vice-Chairman said our aim should be to mobilise the resources, consume less, produce more, save more and invest more.

Sri S. Vijaya, Special Planning Officer, welcoming explained the need for district plans. He said the State was having a step ahead over other States in planning. It was the only State which had a full time Vice-Chairman for Planning.

Dr.H.L. Kulkarny, Principal of the Institute, explained the training programme. Sri Paul Karipurath proposed a vote of thanks.

Fall In Property Offences

Mysore, Sept. 11

The Mysore District was free from dacoity or robbery during last month.

The Superintendent of Police, Sri Bagilthaya, in a press note says that 50 burglaries were reported during August. Out of these, 27 were detected. 69 thefts as against 102 in July were committed during the period. There was considerable fall in property offences.

There were two murders as against six during July. One was murder of the wife by her husband in Udboor village, when she refused to pay money demanded by the accused. The other was from Gundlupet. The deceased who used to extort money from sandalwood smugglers was done to death by some culprits. The accused persons who are fromKerala have since been traced and arrested.

15 cases of smuggling of foodgrains to Kerala, involving 123 quintals of rice were detected. 18 persons were arrested and 2 vehicles were seized.

Notorious Chandu, Pasha, Pyaru, Ramaswamy and Ghouse Sheriff were arrested.

Bhupaya of Coorg, a notorious cycle-lifter was arrested and two cycles were recovered.

Four fatal motor accidents were reported.

1,151 cases of gambling were detected.

On a special drive conducted on brothels and houses of ill-repute, 119 cases were put up.

Rs. 20-Crore Aid Sought

Bangalore, Sept. 11

The State Assembly yesterday urged the Centre to grant Rs. 20 crores 'to meet even the minimum demands of the situation' brought about by the deterioration in the scarcity conditions in 17 of the 19 districts in the State.

A resolution moved by the Chief Minister and unanimously adopted, said that Rs. 2.5 crores allotted by the Centre to State on the basis of the assessment of the situation made in June last was grossly inadequate.

The motion feared that the situation would not abate before the next monsoon, June next year.

APPOINT ENGINEERS AS HEADS

Mysore, Sept. 11

The Council of the Institution of Engineers (India) which met here recently has urged that engineers should head technical projects, departments and organisations.

The Council has viewed with concern interference by civil administrators in the work of the engineers.

It has welcomed the All India Service of Engineers intended to be set up by the Government.

Scarcity Work On War-Footing

Bangalore, Sept. 11

Chief Minister Veerendra Patil declared in the Assembly that the Government had decided to take up the scarcity work on a war-footing.

He said an additional sum of Rs. 4 crores, over and above the Rs. 2.5 crores sanctioned by the Centre, would be spent before the end of next month. Of this, Rs. 1.5 crores would be given for relief works, Rs. 1.5 crores for minor irrigation, Rs. 40 lakhs for free distribution of milo, Rs. 30 lakhs for soil conservation and contour bunding and Rs. 23 lakhs for purchase of boring equipment.

Sri Patil said that a senior IAS officer would be provided for the Distress Relief Commissioner. They would supervise the relief works going on all over the State and ask for accounts from time to time so that they could go replenishing funds for the operations.

The Government, he said, had decided to decentralise powers of sanctioning minor irrigation works. A superintending engineer can sanction works costing up to Rs. 5 lakhs, while chief engineer can sanction works costing upto Rs. 15 lakhs without their having to send the estimates for administrative approval and sanction.

Stresssing the need for close coordination between various officers, Sri Patil said he would even prefer these officers setting aside all their other work to concentrate completely on scarcity relief works till the situation improved.

He warned that the officers would be judged by the way they rose to the occasion. The Government would have the efficiency they displayed now as the yardstick for their efficiency and sense of responsibility and would not hesitate to remove or disturb officers who failed to deliver the goods. The Government could not waste its sympathies on officers when its primary duty was to save millions of people from extinction.

Boy Sacrificed In Rajasthan

A 12-year-old boy was sacrificed by a contractor when he began construction work of an irrigation tank in Udaipur district on May 21.

This was disclosed in the Rajasthan Assembly by Minister of State for Home Affairs Hiralal Devpura.

Enraged members were much agitated and demanded the resignation of the Home Minister and Chief Minister as a very heinous crime had been committed for which Rajasthan would feel ashamed.

The Minister said four persons had been arrested. The boy's body was recovered on July 4.

Maintain Edn. Standards

Mysore, Sept. 13

A call to educationists and public to prevent total breakdown of educational standards in the schools in the country was given here yesterday by Sri M. V. Rajagopal, former Registar of the Andhra University and Education Secretary.

Speaking at the Rotary Club, he said the standards at the primary and secondary stages had declined due to the quantitative explosion in the field of education.

Meagre and uncertain resources, expansion of schools at a geomatrical rate lacking basic requirements and even in many cases qualitative fall in capacity of teachers in view of the expanding knowledge were the main causes for the fall in standards of education.

Today, Sri Rajagopal said, the challenge for educationists and the people working in the schools was how could they survive against these odds.

If standards at the degree level were to be improved it had to start at the grass roots, the elementary standard. A greater deal of active thinking regarding how best teaching could be improved was needed, he said.

He distributed cash prizes of Rs. 60 each donated by Rotarian Madhava Shenoy to C.S. Murali of Mahajana High School and Pushpa of Saradavilas Girls' High school, who have secured the highest marks in the SSLC examination this year. 16 other merited students also were honoured.

Sri P.R. Sitaram, Club President, was in the chair.

Sri Sapre introduced the chief guest.

Chavan-Central Staff Talks Fail

STRIKE INEVITABLE

Talks between Union Home Minister Chavan and the leaders of the Central Government employees to avert the Sept.19 token strike failed yesterday.

The main reason for the failure of talks was the insistence of the employees' leaders for the reference of their demand for a need-based minimum wage to arbitration and Sri Chavan's refusal to conceed it.

The Government was also not prepared to commit itself that the demand of full neutralisation and payment of other allowances would be referred to arbitration if negotiations in the joint consultative machinery failed.

The joint council of action of the employees said that it would intensify its preparation for the proposed token strike.

Artificial Rain

The fortnight-long spell of drought in Patna was broken yesterday by showers which were claimed to have been artificially induced.

Sri Subodh Kumar Ghose, UGC Research Professor of Patna University, sent up ten baloons one after another from 1-45 p.m. at an interval of ten minutes. The showers started at 2 48 p.m. The showers, however, were reduced to light drizzles by 3-15 p.m.

MAKE FARMING BASIC INDUSTRY

Mysore, Sept. 13

Agriculture has to advance only through modernisation and mechanisation which required heavy capital, Sri T. A. Pai, Managing Director of the Syndicate Bank, said here yesterday.

Addressing the joint session of the District Planning Officers and the officers of the General Course in Development Administration, he emphasised that agriculture should be considered as the basic industry without which other industries could not grow in the country.

Sri Pai said banking had to develop in all villages to cater to the needs of every farmer.

Earlier, Dr. H. L. Kulkarny, Principal, Administrative Training Institute, welcomed the gathering.

KUVEMPU PORTRAIT UNVEILED

Mysore, Sept. 14

Prof. M. Yamunacharya, retired Professor of Philosophy, Mysore University, yesterday paid rich tributes to Dr. K. V. Puttappa.

Unveiling a portrait of Dr. Puttappa at the Kannada Sangha of the University Evening College, Sri Yamunacharya described Kuvempu as a "Kranti Purusha" of Kannada language.

Dr. Puttappa, he said, had certain aims and ideals before him and fought for their fulfilment. Though he urged for Kannada to be the medium of instruction, he had never said that English should be hated.

Prof. Yamunacharya called upon the students to follow the path shown by Dr. Puttappa and bring out modern knowledge like physics, chemistry etc,from English and other languages in Kannada so that the common man could understand them.

Dr.H.Thipperudra Swamy, Reader in Kannada, Manasa Gangotri, released the College magazine. Dr. M. N. Viswanathiah, Professor of Geology Manasa Gangotri, presided over the function.

Association President H. J. Lakkappa Gowda welcomed the gathering. Secretary S. Siddappa read the annual report. Vice-President H. M. Mallikarjuna proposed a vote of thanks.

ORDINANCE BANS CENTRAL STAFF STRIKE

An ordinance empowering the Government to declare any strike by the Central Government employees as illegal was promulgated by the President Dr. Zakir Hussain yesterday.

The ordinance issued under Article 123 (1) of the Constitution will be known as Essential Services Maintenance Ordinance and comes into force with immediate effect.

The decision to promulgate an ordinance was taken following the failure of talks between Home Minister Chavan and the employees' representatives.

Anyone going on strike declared illegal under the ordinance is liable to be punished with imprisonment for six months and a fine of Rs. 200 and those who instigate illegal strikes are liable to be imprisoned for a year and fined Rs. 1,000.

It also confers powers on the police to arrest any one without warrant, who is reasonably suspected of having committed any offence under the ordinance.

Any notification banning strikes will be in force for six months and can be extended by another six months.

The Government issued three orders prohibiting strikes in postal, telegraph, telephone, railway, transport services, clearance of goods, customes, security press, defence establishment and any service in connection with the affairs of the Union not being a service specified here.

It has also prohibited strike in any services connected with the generation, storage, transmission and supply of electrical energy to the public by the State Government or any other licencee, which has been declared as essential service.

The Central committee of the Joint Council of Action condemned the promulgation characterising theGovernment's action as "panicky attitude."

Fully Filtered Water Supply

Mysore, Sept. 16

The Rs. 30-lakh water treatment plant supplying fully filtered water to the city was inaugurated yesterday at Hongalli, near Krishnarajasagar, by Sri K. Puttaswamy, Minister for Municipal Administration.

The supply of filtered water forms the part of second stage water supply scheme costing Rs. 44.93 lakhs.

The Minister asked the Municipality to undertake the third stage works also which had been estimated to cost Rs. 75 lakhs. This, he said, might ultimately raise to Rs. 1 crore.

Sri Puttaswamy explained the difficulties which stood in the way of supply of even 10 gallons of water per head to Bangaloreans. Whereas, the people in Mysore City were getting 35 gallons per head.

The cost of water supply scheme to Mysore City was also comparatively less he, added.

He thanked Sri K. Hanumanthayya, for giving Government pipes worth Rs. 22 lakhs to the Municipality for executing the works when he was the Chief Minister.

Municipal President B. C. Lingiah presiding said the inauguration had coincided with the birth anniversary of Dr. Visvesvaraya, who engineered the Krishnarajasagar dam.

Sri M. C. Antin, Chief Engineer (General), welcoming explained the features of the water supply scheme.

Sri Mahanthannavar, Superintending Engineer, proposed a vote of thanks.

Civic Elections In December

Mysore, Sept. 16

The elections for the City Municipal Council will be held in December said Municipal Administration Minister Puttaswamy and allayed the Opposition criticism that the Government had no intention to holdthe elections.

Inaugurating the water treatment plant at Hongalli yesterday, he said that the wards had been demarcated and the returning officer appointed.

The Government, he said, had postponed the elections from October to December in view of the Dasara festival and the rains Hence the term of the Council had also been extended.

Sri Puttaswamy praised the administration of the Municipality as the best one in the State.

MV MEMORIAL

Bangalore, Sept. 16

The All Mysore Small-Scale Industries Association has proposed to undertake development works at Muddenhalli, the birth place of Dr. M. Visvesvaraya and develop it into a living memorial.

Mysore City Corporation

BILL THIS WEEK

Mysore, Sept. 16

A Bill to raise the status of the City Municipal Council into a Corporation would be introduced in the Legislative Council this week, Municipal Administration Minister K. Puttaswamy disclosed yesterday at Hongalli, near Mysore.

However, he said, it would take at least one year to complete the formalities in this regard.

The Bill which would be placed before the Council had to come to the Assembly only in the next session before going to the Select Committee, he said.

Sri Puttaswamy made it clear that neither he nor the Government was opposed to raise the status of the city.

The Minister said there was one point which the Municipality had to bear in mind while demanding for the Corporation. At present the Government was meeting half the dearness allowance paid by the Municipalities to its employees. If the status was rised, the Corporation had to meet the full expenditure. This meant the expenditure of about Rs. 7 8 lakhs of the Mysore Municipality met by the Government at present would fall on the residents in Mysore.

Expressing his personal opinion, Sri Puttaswamy said there was need for a change in the Government's attitude in respect of financial assistance to corporations.

Protection Of VitalInstallations

MILITARY PUT ON ALERT

The Government of India instructed security authorities to provide adequate protection to all the vital and strategic installations throughout the country in case the Government employees go on a day's token strike on Sept. 19.

The local military commanders already have standing instructions to help the civil authorities when they are called upon to meet any untoward situation.

The Posts and Telegraphs, railways, airports, Government offices, Central Secretariat and Odinance factories will be provided proper security arrangements during the period of the strike.

No Strike

Apart from the various railway employees' unions affiliated to the National Federation of Indian Railwaymen which have already announced their decision not to join the strike, the following organisations of railways have also decided not to join the strike:

The All India Railway Guards Council, the All India Railway Ministerial Staff Association, the Railway Signal and Telecommunication Staff Association, the Western Railway Employees Union, The Bharatiya Loco Running Staff Association (Lucknow), the Northern Railway Guards Congress (Moradabad) and Southern Railway Employees Sangh.

The Postal Unions of Mysore State have decided not to join the strike.

Post Only Urgent Mail On Sept.19

The Director-General of Posts and Telegraphs has appealed to the public not to post mail in street letter boxes on Sept. 19 when certain sections of the P and T. employees have threatened to go on strike.

He has said that only urgent mail should be posted and that too at principal post offices or railway mail offices on that day.

It might not be possisible, he said, to maintain the door to-door delivery system on that day. Mail might therefore be collected at the post office or at the nearest collection centres notified by the local postal authorities.

He said the post office counter transactions should be limited to urgent items.

The telegraph services as well as the trunk call bookings should also be used only for conveying urgent messages

ANNADURAI OPERATED ON

Sri C N. Annadurai, Chief Minister of Madras, was yesterday operated at the New York Memorial Hospital and a three-inch tumour was removed from the lower end of his gullet.

Dr. Theodere Miller, who performed the operation said it was successful and he was happy about the outcome.

Kannada Nadu Move

Bangalore, Sept. 18

A forceful plea for renaming the State as Kannada Nadu was made in the Assembly by Sri L. Srikantiah.

Speaking in support of his own non-official resolution, the former Professor of Politics, said that the present name of the State reflected neither the culture nor the tradition nor the language of the people which formed it.

He said there need not have been any controversy as to whether old Mysore joined the Kannada speaking areas spread out in other States or vice versa. It was a union of Kannada-speaking people and that was all that should matter in a linguistic State.

The name Kannada Nadu would satisfy all shades of opinion because it did not give prominence to any particular region in the State, he added.

The debate will continue in the next session since there is no other non-official day allotted during this session.

It will cost the railways Rs. 2.5 crores and loss of defence production will be Rs. one crore.

MONKEYS CANNOT BE KILLED

Bangalore, Sept. 18

The Legislative Council was told by Deputy Minister Pawar that Monkeys issue was a sentimental and a religious one and the Government might not be able to pass a Bill to destroy them.

He said 'most of the farmers prefer to drive away the monkeys rather than kill them'.

GOLD PROSPECTING

Bangalore, Sept. 18

The Geological Survey of India is investigating the potential of the gold deposits in Kappati hill range in Bijapur district.

Disclosing this in the Council, Deputy Minister Appanna said it might take one year to complete the investigation and report. The State's department of mines and geology was assisting the GSI.

PROCUREMENT PRICES

The Agricultural Prices Commission has stressed that there should be uniformity in procurement prices as between different States in regard to coarse grains.

The commission has recommended a national procurement target of between eight and nine million tons of foodgrains out of the 1968-69 crop. It has also stipulated that kharif cereals should be of the order of 5.7 million tons. Of the kharif target, 4.2 million tons should be rice and 1.5 million tons coarse grains.

Don't Cut Avenue Trees

Mysore, Sept. 20

A four-day horticultural show was inaugurated yesterday by Civic Chief B.C. Lingiah at the Curzon Park.

He urged the people to raise gardens, specially vegetable gardens, in their houses.

Sri T. Venktaramaniah, Trust Board Chairman, who presided, deplored merciless cutting of avenue trees. The cutting of avenue trees in the cities to feed goats was affecting the beauty, he said. There should be ban on this, he added.

Sri D.V.Narasimha Rao, Vice-Chairman of the Horticultural Association, welcomed the gathering. Secretary M. Guruswamy proposed a vote of thanks.

The Lalbagh Centenary Shield has been awarded to the Puthali Park in the city. The rolling cup for individual gardens donated by Sardar Basavaraj Urs has been secured by Smt. Kaveri Shenoy.

Convent Incident Baseless, Says DIG

Mysore. Sept. 30

The rumour of the death of a child in a convent that has spread in the city since some time is absolutly baseless, Deputy Inspector-General of Police Veerabhadriah told newsmen today.

He said that the police have made a thorough investigation and found no child missing. He appealed to the parents not to heed such baseless rumours.

FAMILY PLAN PROGRESS

Mysore, Sept. 20

Upto the end of August this year, 1,733 sterilisations and 103 IUCD placements have been done in Mysore District.

The District Family Planning Action Committee meeting under the chairmanship of Deputy Commissioner N. P. Singh reviewed the progress in the district.

A joint family planning campaign was organised in August in T. Narasipur Taluk. In 50 selected villages film shows and public meetings were organised and 103 sterilisations done. In Mysore taluk during the intensive campaign launched recently 109 sterilisations were conducted.

It has been proposed to observe the family planning fortnight in the primary health centres and also organise 11 service camps in the district.

Police Arrangements For Dasara

Mysore, Sept. 20

Police have made elaborate arrangements to control the crowd and vehicular traffic during the Dasara festival in the city and at other important places around Mysore.

In all 1,252 officers and policemen, 15 women police and 350 home guards will be drafted to the city. Sixty traffic boys-20 from Bombay and 40police children from Mysore-will also assist.

An extra staff of 337 railway police personnel and 25 home guards will be drafted for the railway bandobust.

The DSP, Sri Doreswamy, will supervise a crime squad to put down crimes during the festival. CIDs of Bombay, Madras, Gujarat and Kerala will be assisting the Mysore police.

The new feature of this year's police arrangements will be the "Police Aid Posts" at foothill of Chamundi, BelgolaPumpHouse K. R. Mills and near Hinakal to assist and guide visitors. As usual there will be the "May I Help You Squad". A special police outpost will be opened at the Government Bus Stand. Enough wireless arrangements will also be made.

Parking of vehicles on the roads to the palace will not be allowed this year. All vehicles have to be parked at the grounds opposite the palace.

ARRANGEMENTS AT KRS

No vehicles will be allowed to proceed into the Brindavan Gardens on the last four days of the Dasara between 6 and 9 p.m. to avoid traffic holdups. All vehicles have to be parked near the main entrance of the dam.

On the small bridge to go to the North Brindavan, padestrian traffic will be regulated by one-way. The embankment near the boating stand has been raised to facilitate padestrians to return on the bridge from the North Brindavan.

Two doctors, one at the main entrance and another in the Garden, will be posted to attend to any medical needs.

About 366 policemen and 161 home gaurds will be posted at Krishnarajasagar.

ORDINANCE BENEFIT CLARIFIED

Mysore, Sept. 20

The Mysore University in a notification has clarified the triple ordinance benefit to engineering students and said it shall be applicable to candidates of the previous years only on the basis of their performance at the examination last taken by them immediately prior to April-May 1968 examination.

It has extended the benefit to the students of the Karnatak University Scheme in the Manipal Engineering College.

KAVI SAMMELAN

Zond Returns After Circling Moon

The Soviet 'Zond-5' space ship which circled the moon has been brought-ing back to earth, the Soviet Agency Tass announced yesterday.

The craft was launched on Sept. 15 and flew around the moon on Sept. 18.

It is the first time that a space craft has returned to earth after flying around the moon.

Scientific observers feel that the Russians will probably try to repeat the feat once more with an unmanned craft before sending a man on a similar trip.

Exhibitions Have Educative Value

Mysore, Sept. 24

Exhibitions reflected a cross-section of our national activities and had a great educative value and fostered aesthetic taste, Governor Pathak said here yesterday.

He was inaugurating the one-month long Dasara Exhibition.

The Governor said the Dasara Exhibition had developed into an institution and was associated with Dasara festivities and this association gave added value to it.

Sri Pathak said: 'We suffer from many difficulties in our national life. We are suffering from drought and scarcity of certain kinds. But what does it teach us? The history of civilisation has been the history of fight against nature.'

He said that in this age of science and technology problems arising out of scarcity and drought should not be difficult to solve. Efforts should be made to overcome the vagaries of monsoon so that the country could be independent of rainfall for the purpose of agricultural operations, he said.

Sri K.V. Shankara Gowda, Education Minister and Chairman of the Exhibition Committee, welcomed the gathering.

Sri T. Shamanna, Vice-Chairman, proposed a vote of thanks.

New Building For Exhibition

Mysore, Sept. 24

The Government was considering construction of a modern building on a 60-acre plot for the Dasara Exhibition as the present 21-acre area with 456 stalls was found inadequate, Industries Minister Rajasekhara Murthy said here yesterday.

Presiding over the inauguration of the Dasara Exhibition, he said the Government had appointed a committee for the purpose. A decision would be taken after the committee's report.

Sri Rajasekhara Murthy stressing the importance of exhibitions said it was the measuring rod of our progress. Exhibitions were essential to educate the people, specially of the rural areas regarding the development of the nation.

SALE OF FOOD PACKETS

Mysore, Sept. 24

Taps for drinking water and shelter will be provided at the six food packet centres which will work from Sept. 27 to Oct 2 in the city. Two police constables and two home guards will be posted at each centre. A sweeper will also be posted to maintain cleanliness.

There will be also a mobile van selling food packets, besides the six centres at the Town Hall, Medical College grounds, City Bus Stand, Park opposite to Lansdowne Buildings, Zoo and Jeevanarayanakatte, informs the Municipal President B. C. Lingiah.

NEW INSECTICIDE

Mysore, Sept. 24

A significant breakthrough in pest control has been achieved by two 'Pool' scientists working at the Central Food Technological Research Institute, here by their recent development of a synthetic hormone which shows promise as a safe but powerful insecticide.

The hormone is made from citral, the principal component of lemongrass oil which is easily available in the country.

It could be effectively used to eliminate different species of some of the dangerous insect pests of stored foodgrains without harmful effects on human beings. Insects cannot develop immunity against it as they do against conventional organic insecticides.

The harmone is used by mixing it with foodstuffs such as cereals, spices and pulses. A very small amount of the hormone can prevent the multiplication of insects. Even if a dose lower than the normal concentration of the hormone is used, any second generation of insect formed will be sterile for life time and their sex ratio reduced considerably in favour of males.

FINE ARTS EXHIBITION

Mysore, Sept. 24

Out of over 900 entries received this year, 533 have been selected for the fine arts and crafts section of Dasara Exhibition.

Liquid Tamarind

Mysore, Sept 24

The Central Food Technological Research Institute has developed a tamarind concentrate.

This tamarind, hygienically extracted and concentrated under vacuum to retain all the natural qualities, would not only ensure the supply of quality tamarind but also avoid wastage involved in the usual practice of soaking and squeezing.

2 MSEB WORKERS DIE IN MISHAP

Mysore, Sept. 24

Two State Electricity Board workers who were fixing bulbs at Sayaji Rao Road for the Dasara festival died under tragic circumstances on Sunday night.

When Rangiah (28) and Shivamadhu (25) were fixing bulbs to the archway near the K.R. Hospital, a car is stated to have dashed against the ladder on which they were standing. Both of them fell down and Rangiah died on the spot. Shivamadhu died later in the hospital. Both of them are said to be the residents of Nazarbad mohalla.

Police have arrested the car driver.

MYSORE FAVOURS SUGAR DECONTROL

Mysore State had favoured complete decontrol of sugar. The consensus among the Chief Ministers meeting at Delhi was that the present partial decontrol should continue with the Union Government increasing the levy percentage.

YOUTH RALLY

Mysore, Sept. 24

The Youth Rally in connection with the Dasara festivities will be held tomorrow at 2 p.m. opposite the main entrance to the palace at Doddakere maidan. Agriculture Minister B. Rachiah will preside. Trust Board Chairman T. Venkataramaniah will distribute certificates to schools.

TEACHER EDUCATORS' ASSN.

Mysore, Sept. 24

Sri K. Basaviah, Principal, Government Education College, has been elected president of the Mysore Association of Teacher Educators which was formed here recently. The other office-bearers are: Messrs. M. D. Devadason and D. N. Seetharamiah (Vice-Presidents), S. R. Rao (Secretary) and K. Rama Rao (Joint Secretary).

The Association formed a study circle to discuss the recommendations of the Kothari Commission. It decided to hold the second State-level Teacher Educators Conference in Mysore during the year-end.

STUDENTS SEEK EXEMPTION

Mysore, Sept. 25

A students' delegation of arts and science colleges in the city yesterday presented a memorandum to the Vice-Chancellor urging for extending the benefits given to the engineering students to them also.

They demanded that the University should exempt students from appearing either of the two major subjects if they had secured 40 per cent or more of the maximum marks in the subjects.

The Vice-Chancellor, it is stated, assured the delegation that as the standing committee of the Academic Council had already accepted a resolution to this effect, it would not be too long before the demand was conceded. However, students appearing for the October examination might not have this benefit, he added.

NO RAGI PROCUREMENT

Bangalore, Sept. 25

Chief Minister Veerendra Patil stated yesterday that the Government would not procure any ragi or bajra during this year. The ragi crop had completely failed and whatever little the farmer was able to grow was not enough even for his own needs. As regards bajra, the area under this crop was insignificant, he said.

DEVELOPMENT PLAN OF CITY

Mysore, Sept. 25

The Mysore City Planning Authority which met here under the chairmanship of Divisional Commissioner R. Srinivasan decided to submit to the Government the outline development plan of the city for approval.

It approved the layout plans of Yaraganahalli, Siddalingapura, Manchegowdanakoppa and Hinkal, coming within the local planning area of the city, for implementation by the respective village panchayats.

The Authority also decided to take up slum clearance in the city in collaboration with the Municipal Council and the Trust Board availing the assistance from the Government. Steps were proposed to remove unauthorised encroachments of the road-side.

JAYCEES GESTURE

Mysore, Sept. 25

The Mysore Junior Chamber has donated 35 traffic drums and traffic islands to the police. They have been installed from the Old Statue Square up to the City Railway Station through Sayaji Rao Road.

The traffic drums and islands were handed over at a function to Sri H. Veerabhadriah, DIG of Police and Sri P. J. Bagilthaya, Superintendent of Police, by Chamber President B. Suresh Chandra.

DICTIONARY OF ALANKARA SASTRA

Mysore, Sept. 25

Dr. G. Marulasiddiah, Professor and Head of the Post-Graduate Department of Sanskrit, will be in charge of it.

MYSORE FOR BETTER PROCUREMENT PRICE

Bangalore, Sept. 25

Mysore has asked the Centre for better procurement prices for the kharif crop.

Chief Minister Veerendra Patil told newsmen that he had asked for increased procurement prices and also their unanimity in neighbouring States. He pointed out that if there was any discrepancy in these prices, it would be difficult for the State Government to stick to realistic target of procurement.

Sri Patil said he had also made it clear to the Centre that the procurement target of 1.5 lakh tons of rice and 60,000 tons of coarse grain could not be fulfilled in view of unprecedented scarcity conditions prevailing in the State. It could procure at best 50,000 to 60,000 tons.

BC Lingiah Re-elected

Mysore, Sept. 27

Sri B.C. Lingiah and Sri K. V. Anantharamiah were re-elected President and Vice-President, respectively, of the City Municipal Council, at a special meeting held yesterday

The term of the present Municipal Council will expire on Dec. 31, this year.

The opposition members, at the outset, raised a volley of points of order raising objection to certain "irregularities" in the election notification issued by the Deputy Commissioner.

They also objected to Sri B. C. Lingiah presiding over the meeting as he was a candidate for the presidentship.

The President, Sri Lingiah, however, ruled out the points of order. As a protest against his ruling, all the ten opposition members staged a walk-out.

In the voting followed, Sri Lingiah and Sri Anantharamiah secured all the 19 Congress votes. The opposition candidates, Sri Vedantha Hemmige and Md. Budan for presidentship and vice-presideship resepctively, did not secure any votes.

In the 32-member Council, one seat is vacant and two opposition members were absent.

Congress leader Sri H. Kempe Gowda congratulated the new President and the Vice-President.

Civic Election On Dec. 29

Mysore, Sept. 27

December 29 has been tentatively fixed as the date of polling for the election of members to the City Municipal Council, it is learnt.

MORE WHEAT, MILO TO MYSORE

Bangalore, Sept. 27

The Union Government has allotted 30 000 tonnes of wheat and 10,000 tonnes of milo to Mysore State for October.

Food Minister Vittaldas Shetty, who returned from Delhi told newsmen that he has urged the Union Food Minister to allot 25,000 tonnes of wheat and 20,000 tonnes of milo for the next six to eight months.

He said the normal khariff cereal production of 32 lakh tonnes was likely to fall short by nearly 15 lakh tonnes, since 17 districts of the State were affected by scarcity and two districts by floods.

The Deputy Commissioner and Returning Officer Sri N.P. Singh conducted the elections.

VEDANTA DESIKAR CENTENARY

Mysore, Sept. 27

The seventh centenary of Sri Vedanta Desikar will be celebrated on a grand scale with a 12-day programme starting from Oct. 2.

The celebrations will be inaugurated at "Desika Mantapa" at Sri Parakala Mutt in the presence of Sri Brahmatantra Prakala Swamigal by Swami Adidevananda of Sri Ramakrishna Ashram. Sri H. Rangachar will preside.

Daily there will be cultural programmes and discourses.

The Maharaja, Sri Jayachamaraja Wadiyar, has agreed to be the patron of the celebrations committee.

The celebrations will be held under the joint auspices of Sri Parakala Mutt and Sri Venkatesha Sabha.

The details of celebrations were explained at a press conference yesterday by Sri Varadaraja Iyengar and Sri V. K. Srinivasan, President of the Executive Committee, Sri Parakala Mutt.

CULTURAL PROGRAMME

Mysore, Sept. 27

Paddy Procurement Price Raised

Bangalore, Sept. 28

The procurement price of paddy in the State has been raised by Rs. 5 a quintal from the current agricultural year. The present procurement price ranges from Rs. 45 to 52 per quintal.

This decision was taken by the Cabinet yesterday and communicated to the Centre for cocurrence.

The increase will involve an additional expenditure of Rs. 50 lakhs to the exchequer.

Another decision taken was that in cases where the procurement work by the co-operatives is not satisfactory, the Government should appoint an alternative agency on the recommendation of the Deputy Commissioner.

According to this decision private traders too will be authorised to procure on behalf of the Government.

As already announced, there will be no procurement of ragi and bajra this time in the State.

A certificate and a silver medal were presented to each awardee.

The Chief Minister said that honouring artistes and men in public field was an old tradition. The Vijayanagar kings and the Mysore rulers were honouring eminent artistes. In the changed set up, Government as the representative of the public had followed them It proposed to carry on this work on a bigger scale in future, Sri Patil added.

Earlier, Industries Commissioner T. Shamanna welcomed the gathering. District Publicity Officer Chikkaveeraiah read the citations. Municipal President B. C. Lingiah proposed a vote of thanks.

NSC Instead Of NCC

Mysore, Oct. 1

The Mysore University was examining a proposal to introduce training in the National Service Corps and National Sports Organisation as alternative training for those students who do not opt for NCC.

This was informed by acting Vice - Chancellor K.R. Ramachandran to the Senate here on Saturday.

Answering questions, he said that almost all colleges affiliated to the University had defaulted in the payment of deposits and the boards of colleges were being asked to deposit the prescribed sum. In view of the hardship experienced by private colleges, the Syndicate had allowed them to pay the deposits in five instalments.

The Senate also took up for consideration the annual report for 1967-68. It was introduced by Prof D. Javare Gowda in Kannada. Among those who participated in the discussions were Messrs. N. A. Channe Gowda, T. S. Rajagopala Iyengar, N. Srinivasa Murthy, L. Srikantiah, K. S. Niranjana, Dr. C. Bandi Gowda, K. T. Channabasave Gowda, K.S. Haridas Bhat, B. P. Nagaraja Murthy, T.N. Several members critised that certain departments had not achieved any progress in research work. The post graduate department of education came in for severe criticism. They urged that efforts should be made to pull up departments where research work was feeble.

Sri Ramachandran assured the members that a committee of Academic Council would take up evaluation of research papers of various post-graduate departments.

Some members criticised that affiliation rules of colleges were not being followed strictly. Prof. Srikantiah criticised the condonation in the delay of application for affiliation about the starting of the Nanjangud college.

Sri Srikantiah wanted the University to take a firm stand and spell out its policy regarding the concessions to engineering students

FOLLOW GANDHIJI'S TEACHINGS

GOVERNOR'S CALL

Mysore, Oct. 2

Gandhian doctorine of non-violence alone could bring peace to the world, Governor G. S. Pathak declared here today.

Inaugurating the one-week seminar organised in connection with the Gandhi centenary celebrations by the Mysore Centre of the Gandhi Peace Foundation, Sri Pathak regretted that there was only a lip sympathy to Gandhi's ideals and principles and they had been neglected.

Today there were serious problems in the world. Gandhi had invented a method to solve these problems. It was the doctorine of truth and non-violence.

Gandhiji in body was a person but he had a divine spark in him. That divine spark was with every individual. But Gandhiji had developed this with discipline and determination so that he could defy any force coming in his way, the Governor said.

This was one of the examples how the soul force could be developed by an individual, Sri Pathak said.

On the occasion of the Gandhi centenary, he said, there should be a stock taking of the work done by us during the past 21 years and to what extent we had followed the Gandhian principles.

Prof S.V.Ranganna presided over the inaugural function.

Municipal President B. C. Lingiah welcomed the gathering and Gandhi Peace Foundation Secretary K.S. Narayanaswamy proposed a vote of thanks.

Desikar's Centenary Inaugurated

Mysore, Oct. 2

A 12 day long Sri Nigamanta Mahadesikar's seventh centenary celebrations was inaugurated at Desika Mantapa in front of the Parakala Mutt today by Sri Adidevananda of Sri Ramakrishna Ashram, Mangalore.

Paying rich tributes to the acharya for his valuable contribution to the Hindu culture, Sri Adidevannada said Sri Desikar was a poet, philosopher and scholar.

The acharya's devotion to Sri Ramanujacharya was without parallel. He systematisted the teachings of Sri Ramanujacharya. Next to him Sri Desika was held in high esteem, he said.

Sri Desika gave a philosophy of sadhana to the people. The depth and range of his knowledge and the life he lived had a wonderful effect on the community, Sri Adidevananda said.

The Swamiji expressed the hope that the centenary celebrations would focus the attention of the public to study the life and teachings of the great acharya and be inspired by them.

Sri H. Rangachar, who presided over the function, said that Sri Desika had written over hundred books and almost all of them were famous.

Earlier, Sri Srinivasa Brahmatantra Parakala Mutt Swamiji addressing said such celebrations were meant to understand the teachings by the great acharyas.

He also released "Paduka Sahasra" of Sri Desikar brought out by the Celebrations Committee.

After welcome by Sri V. K. Srinivasan, President of the Parakala Mutt Committee, Sri R. Srinivasachar read the messages sent by Vice-President V. V. Giri, Dr. Radhakrishnan, Sri C. Rajagopalachari, Chief Minister Veerendra Patil, Maharaja Jayachamaraja Wadiyar, and High Court Justice A. R. Somanatha Iyer.

Sri K. N. Varadaraja Iyengar proposed a vote of thanks.

The tomorrow's programme at 5 p.m. will be held under the presidentship of acting Vice-Chancellor K.R.Ramachandran. Pandit G.Srinivasan will speak. There will be music by Vidwan L. G. Srinivasa Iyengar.

GANDHI JAYANTHI PROGRAMME

FOLLOW GANDHIJI'S TEACHINGS

GOVERNOR'S CALL

Mysore, Oct. 2

Gandhian doctorine of non-violence alone could bring peace to the world, Governor G. S. Pathak declared here today.

Inaugurating the one-week seminar organised in connection with the Gandhi centenary celebrations by the Mysore Centre of the Gandhi Peace Foundation, Sri Pathak regretted that there was only a lip sympathy to Gandhi's ideals and principles and they had been neglected.

Today there were serious problems in the world. Gandhi had invented a method to solve these problems. It was the doctorine of truth and non-violence.

Gandhiji in body was a person but he had a divine spark in him. That divine spark was with every individual. But Gandhiji had developed this with discipline and determination so that he could defy any force coming in his way, the Governor said.

This was one of the examples how the soul force could be developed by an individual, Sri Pathak said.

On the occasion of the Gandhi centenary, he said, there should be a stock taking of the work done by us during the past 21 years and to what extent we had followed the Gandhian principles.

Prof S.V.Ranganna presided over the inaugural function.

Municipal President B. C. Lingiah welcomed the gathering and Gandhi Peace Foundation Secretary K.S. Narayanaswamy proposed a vote of thanks.

Desikar's Centenary Inaugurated

Mysore, Oct. 2

A 12 day long Sri Nigamanta Mahadesikar's seventh centenary celebrations was inaugurated at Desika Mantapa in front of the Parakala Mutt today by Sri Adidevananda of Sri Ramakrishna Ashram, Mangalore.

Paying rich tributes to the acharya for his valuable contribution to the Hindu culture, Sri Adidevannada said Sri Desikar was a poet, philosopher and scholar.

The acharya's devotion to Sri Ramanujacharya was without parallel. He systematisted the teachings of Sri Ramanujacharya. Next to him Sri Desika was held in high esteem, he said.

Sri Desika gave a philosophy of sadhana to the people. The depth and range of his knowledge and the life he lived had a wonderful effect on the community, Sri Adidevananda said.

The Swamiji expressed the hope that the centenary celebrations would focus the attention of the public to study the life and teachings of the great acharya and be inspired by them.

Sri H. Rangachar, who presided over the function, said that Sri Desika had written over hundred books and almost all of them were famous.

Earlier, Sri Srinivasa Brahmatantra Parakala Mutt Swamiji addressing said such celebrations were meant to understand the teachings by the great acharyas.

He also released "Paduka Sahasra" of Sri Desikar brought out by the Celebrations Committee.

After welcome by Sri V. K. Srinivasan, President of the Parakala Mutt Committee, Sri R. Srinivasachar read the messages sent by Vice-President V. V. Giri, Dr. Radhakrishnan, Sri C. Rajagopalachari, Chief Minister Veerendra Patil, Maharaja Jayachamaraja Wadiyar, and High Court Justice A. R. Somanatha Iyer.

Sri K. N. Varadaraja Iyengar proposed a vote of thanks.

The tomorrow's programme at 5 p.m. will be held under the presidentship of acting Vice-Chancellor K.R.Ramachandran. Pandit G.Srinivasan will speak. There will be music by Vidwan L. G. Srinivasa Iyengar.

3 LAKHS WITNESS STATE PROCESSION

Mysore, Oct. 2

About three lakhs of people yesterday witnessed the colourful State Procession, grand finale of the nine-day Dasara festival.

As the Maharaja accompanied by his son Sri Srikantadatta Narasimharaja Wadiyar passed through the procession route, the huge crowd on either side of the road cheered and applauded.

The Maharaja dressed in the traditional dress appeared on the Palace balcony with his 15-year-old son at 5 40 p.m. The band struck up the National Anthem and a 21-gun salute boomed.

The Maharaja acknowledged the greetings of the people with folded hands.

As he came out of the Palace before climing the steps to sit in the golden howdah, Chief Minister Veerendra Patil garlanded the Maharaja.

From the Palace Durbar Hall the members of the royal family watched the Maharaja and his son ascending the golden howdah, caparisoned on "Biligiri Ranga".

Along with the Chief Minister, his wife, son and daughter, Ministers Koujalgi, Nadgouda, Y.Ramakrishna, R. C.Linga Reddy and N.M.K. Sogi were present.

The first to offer garland to the Maharaja on behalf of the citizens, was the Municipal Vice-President, Sri K. V. Anantharamiah at the Civic arch.

Among the dignitaries present at the Town Hall included Governor G. S. Pathak and officials of the foreign embassies.

The crowd was the thickest at the Krishnaraja Circle. People perched on tree tops, stood on the buses and cars and on the buildings.

In the procession were the Nandi Kamba, camels, Sevadal Scouts and Girl Guides, Home Guards, NCC, Dismounted and Mounted Palace Guards, Silver chariot and elephants.

Among those who were on the horseback were Municipal President B. C. Lingiah, DIG Veerabhadriah, Police Superintendent Bagilthaya, M. S. Narayanaswamy, Huzur Secretary to the Maharaja. Sirdar K. Ramachandra Raj Urs, son-in-law of the Maharaja also was on the horseback.

After the 'shami pooja' at the Banni Mantap. Sri Jayachamaraja Wadiyar and his son took the salute at march past by various contingents under the command of Capt. K. R. Krishna.

The procession left Banni Mantap at 9-45 p.m. The returning procession was more colourful as it passed under the electric festoons and arches. It reached the Palace at 11-15 p.m.

The Chief Minister and other Ministers also witnessed the torch light parade at Banni Mantap.

Mizo-Pak Plot To Blow Up Indian Cruiser

Pakistan's complicity with the rebel Mizos to blow up an Indian battle cruiser at Bombay has been revealed from documents captured from the Mizos.

The External Affairs Ministry yesterday released photostat copies of documents captured from rebel Nagas and Mizos. The documents show that they had received military training in camps in East Pakistan.

Pakistan had set up camps at Rangamati, Ruma, Bandarbati, Rugtalang forest area and other places to train in the handling of bombs and weapons for sabotage.

Pakistan had supplied the rebels with weapons and ammunitions including machine-guns, sten guns, rifles, mortars, rocket launchers and other types of ammunition for blowing up railway lines and convoys.

The documents captured from Mizos mention discussions between the so-called President of "Mizoram" with the Pakistan leaders including President Ayub Khan asking for recognition of the State.

Giri Suggests Double-Pricing

Bangalore, Oct. 7

Vice-President V. V. Giri yesterday suggested introduction of a system of double pricing in the country to help low income groups

Explaining the system, he said that double-pricing would mean selling essential commodities like food articles, ordinary clothing and other basic necessities at cheap rates, if necessary even subsidised and increasing the prices of luxury goods.

The Vice President said he was aware that implementation of this suggestion was not easy. Nevertheless, the Government should act to check the price spiral of essential commodities.

SHORTFALL IN PROCUREMENT

Sri Vittaldas Shetty, Minister of State for Food, said at Mangalore yesterday that a shortfall of about 15 lakh tonnes of rice from kharif crops as against the normal procurement of 32 lakh tonnes was likely this year.

Despite severe drought conditions in large areas of the State the overall food position was not at all alarming, he said.

He said the Centre had assured the State Government of every help to tide over the food crisis.

RAJAJI OPPOSES NUCLEAR ARMS

A resolution on manufacture of nuclear weapons by India recommended by the national executive to the fifth convention of the Swatantra Party, held yesterday at Bhubaneshwar, was withdrawn by the mover, after it was forcefully opposed by Sri Rajagopalachari.

The foreign policy resolution called upon the Government to minimise association with the Soviet Union to the barest minimum and avoid all involvement in political, defence and economic matters with that country. The resolution also demanded a ban on all Communist parties in the country.

A resolution on privy purse said the proposed abolition was nothing but an act of political vindictiveness by the party in power assisted by the Communists and the like to whom honour and faith were words of little value.

REMOVE PM AND CHAVAN

16 members of Parliament belonging to Jan Sangh, SSP and both wings of the Communist Party, have demanded the removal of the Prime Minister and the Union Home Minister.

In a memorandum to the President, they have alleged that 'the Prime Minister and the Home Minister have not only failed to keep the situation in the country under control, but because of their total lack of direction and principles, they have been directly responsible for creating the present state of affairs'.

Edited, Printed & Published by G. Satyanarayana at the Samachar Press, J. M. Palace Road, Mysore.

JANATA PAKSHA NEW CHIEF

Bangalore, Oct. 8

Sri H. Siddaveerappa, who has been elected Working President of the Janata Paksha, in place of Sri S. Channiah, told newsmen that his party would co-operate with the United Front of Opposition Parties in setting up candidates for the ensuing taluk board elections.

He said that he was in principle against fighting the taluk board elections on party grounds. But since the Congress had already taken the initiative, there was no alternative for them except to enter the battle.

Sri Siddaveerappa demanded suitable legislation to enable the public to raise charges of corruption against officials holding high public offices.

Relief Works To Continue

Bangalore, Oct. 9

The State Government has decided to continue the relief works till the end of this year.

Since April this year, the Government had spent Rs. six crores for providing both temporary and permanent relief to the drought-affected people.

For the past few months, the Government had been spending Rs. two lakhs every day on free distribution of foodgrains to needy people, 8.51 lakhs are being paid as wages per day to farmers engaged in relief works. In addition, large sums are being spent on soil conservation, minor irrigation and other schemes of permanent nature.

It is estimated that an additional sum of Rs. six crores would be required to maintain the tempo of relief works.

The recent rains in the State had only prevented the drought situation from taking a serious turn and their effect on the Khariff prospects was not very encouraging. Ragi crops sown in July had been lost.

CMs Oppose Session In South

Many Chief Ministers are against holding a Parliament session in the South, Sri S. R. Rane, Chairman of the Parliametary Committee on the subject, said in New Delhi yesterday.

Sri Rane, who returned after a visit to Bangalore and Trivandrum, said both the Mysore and Kerala Governments had raised the problem of accommodation.

The probolem in Bangalore was about residential accommodation for Ministers, MPs and about 2,000 Central Government employees. The State Government had suggested that Union Ministers could stay with State Ministers and hotels until permanent building were constructed, he said.

Sri Rane doubted whether hotel accommodation would be available for all MPs.

The Citizens' Council of Bangalore had submitted a memorandum to the committee opposing the proposal.

Kerala had said that it would not be possible to hold a session in Trivandrum in the near future. It had suggested that an expert committee be set up to consider construction of a Parliamentary complex at a cost of Rs. 15 crores.

Sri Rane said the committee had asked certain details from both the Chief Ministers. He hoped to get their replies by month-end. The committee would meet again during the next Parliament session and submit its report by January.

Chewing Gum From Tamarind Seeds

Mysore, Oct. 10

Chewing gum can be prepared out of waste tamarind seeds, according to the research carried out by the Forest Research Laboratory.

The preparation of chewing gum was demonstrated yesterday at the Forest Pavilion in the Dasara Exhibition to Pressmen by Sri H. P. Viswanath, Divisional Forest Officer.

Steps are being taken to sell the formula so that chewing gum could be marketed soon.

Considering the importance of the tamarind tree, the Government had declared it as a reserve tree, banning its felling.

It was proposed to extend the eucalyptus area as there was a great demand from rayon pulp manufacturers. At present 86,857 acres were under this cultivation, he sad.

No Secession Of Kashmir

JP TELLS SHEIKH ABDULLAH

Sarvodaya leader Jaya Prakash Narayan told the Jammu and Kashmir State People's Convention sponsored by Sheikh Abdullah yesterday at Srinagar to be realistic enough to "understand clearly that after the 1965 (Indo-Pak) conflict, no Government of India can accept a solution that places Kashmir outside the Union of India".

Inauguraring the convention, he said: "India is no more prepared than Pakistan, or for that matter any other nation-State, willingly and peacefully to let any part of the country break away on any plea whatever. Let this fact be duly appreciated".

Sri Jaya Prakash Narayan asked the Kashmir leaders to accept this position, convince the people of the State of the situation and start a dialogue with the Government of India for "a special position" for Jammu and Kashmir within the framework of the Union.

Warning against ignoring Sheikh Abdullah, he said all those who loudly proclaimed that Kashmir was an inalienable part of India should feel deeply concerned over the persistent discontent in the Kashmir valley.

Drifting further from the Kashmir situation might lead to incalculable consequences, the Sarvodaya leader said.

Develop Nuclear Capability

MILITARY EXPERT'S SUGGESTION

It is necessary for India to develop its nuclear option in view of the advancement being made by China, according to Brig. Rathy Sawhny, who has completed a study of the threats to India's security which would develop in 1970's.

China will shortly acquire an adequate stockpile of nuclear weapons and the necessary delivery system to inflict tremendous devastation on its non-nuclear neighbours, particularly India.

Brig. Sawhny says China has already a lead of five years on India in the manufacture of nuclear weapons and it would probably take India ten years to acquire the nuclear capability sufficient to effectively face China.

English As Elective Subject

Mysore, Oct. 11

The Mysore University is considering a proposal to make English an elective subject in place of its present status as a compulsory subject for Pre-University, B.A., B.Sc. and B.Com. courses.

An analyses of the examination results of the past have indicated that there has been an enormous wastage every year particularly at the Pre-University and first degree levels. The rate of failure is the highest in English.

The University is considering whether students who are otherwise academically competent get pulled down because of the inherent difficulties in achieving adequate proficiency in English and whether the situation would improve if English is made an elective subject.

Lady students fared better than the men. In the April 1968 examinations the difference in percentage of passes among men and women students was nearly 11 per cent.

Rs. 1300-CRORE EDN. PLAN DEMANDED

The Central Advisory Board of Education, which concluded its two-day session on Saturday at Delhi has unanimously recommended to the Planning Commission to allot Rs. 1,300 crores for education in the Fourth Plan as suggested by its working group.

It felt that the present Commission proposal to slash the outlay to Rs. 900 crores would seriously affect the progress of education.

The board asked the States to abolish domicile certificates for entry into educational institutions to promote national integration.

It also endorsed the Government proposal to introduce the three-language formula throughout the country.

The board also endorsed the Education Commission's recommendation that all States adopt a uniform 15-year pattern on education up to the first degree level. This means ten years of schooling, two years' pre-university and three years' first degree course.

Family Plan Work By Women's Conference

Mysore, Oct. 14

The All India Women's Conference, Mysore Zone, which is running a family planning clinic at Irwin Road, has so far distributed 1,213 contraceptives, conducted 174 tubectomy, 154 vasectomy operations and 1,069 loop insertions.

The clinic which was started in 1963 is being run with the assistance of the Centre with a lady and a male doctor, who work for four days a week.

Explaining the activities of the Conference, Smt. Soundaramma, Vice-President, said that it has taken up family planning as one of its main activities.

It had conducted an intensive family planning compaign for 21 days from Sept. 2.

A cell opened at the Janatha Bazaar by the Conference had won appreciation from many for its work in popularising family planning.

A dumb couple in the city were among those who volunteered to adopt family planning. The young couple, who had a five-year-old child with normal condition and speaking faculty, had approached them saying that they did not want another child who might be dumb.

Besides exhibiting films on family planning personalapproaches were made in slum areas of Lashkar Mohalla. The members of the organisation visited institutions and factories in the city to enlist people to adopt family planning methods.

Another achievement of the Women's Conference was selling of food packets at subsidised rates during the Dasara.

End Third Degree Methods

IGP TELLS POLICE OFFICIALS

Mysore, Oct. 15

Sri S. N. Hosali, Inspector-General of Police, stated here today that the sub-inspectors constituted the backbone of the police department.

Addressing the cadets at the passing-out parade of the probationary sub-inspectors at Police Training College, the IGP said forbearance and patience were essential qualities for a sub inspector.

He told them : "If you wish to achieve success in your career, your personal life will have to be clean. Corruption is one of the greatest evils and you will find men ready enough to tempt you to serve their own ends. As young officers embarking on a responsible career, I would enjoin on you the utmost necessity of curbing yourself from this evil".

Sri Hosali stressing the need to adopt scientific approach towards investigations, said the use of third degree methods was one thing which had brought a bad name to the police. "It is a barbaric method which no democratic society tolerates. It is therefore essential that you refrain from such crude methods and resort to more refined, scientific and democratic methods".

Earlier, Sri K. C. K. Raja, Principal, welcoming said that the present batch consisted of 33 probationay sub-inspectors.

Fodder, Water Position Better

Observe 1970 As Year Of Peace

INDIRA'S CALL TO NATIONS

Prime Minister Indira Gandhi had christened the present age the 'age of the people' and urged that 1970, when the United Nations completes 25 years, be made a 'year of peace'.

Addressing the United Nations Assembly yesterday, Smt. Gandhi called for total cessation of American bombing of North Vietnam and for restoration of normal condition by Warsaw Pact Powers without delay in Czechoslovakia.

She said recent events in Czechoslovakia had cast 'yet another dark shadow on the fragile sturcture for a new world order' and asked 'if use of force in international affairs is not renounced and rights of nations and equality of races are not respected, how can tensions be reduced or dangers of conflicts avoided'.

The Prime Minister gave the under-developed world a new battle cry by proclaiming that foreign aid is only partial recompense for what the superior power of advanced countries denies us through trade' and urged the Assembly to 'persuade the strong to dismantle the economic walls which they have built to defend themselves from the weak'.

Speaking of the nuclear menace, she said it was by restricting, reducing and eventually eliminating the growing nuclear menace that firm foundations of peace could be laid.

Smt. Gandhi said the chasm between the rich and the poor nations, which had already a source of tension and bitterness in the world, was not decreasing but growing. This situation was fraught with danger for the future well-being of the world.

HANDICRAFTS WEEK INAUGURATED

Mysore, Oct. 16

The 14th All India Handicrafts Week was inaugurated by Sri P. Gopalakrishna Shetty, President of the District Co-operative Union, at the State Arts and Crafts Emporium on Monday.

Mysore had made name for sandalwood and rosewood handicrafts and had attracted foreigners also. Efforts should be made to sell our handicrafts in a larger scale in other countries, he said.

Sri Rangadasappa, Joint Registrar of Co-operative Societies, suggested forming of co-operatives by craftsmen. Government, he said, had sanctioned supply of sandalwood to craftsmen at subsidised rates.

Earlier, Sri K. S. Purushotham, Assistant Director of Industries and Commerce, welcomed the gathering. Sri Rajappa proposed a vote of thanks.

PENSION FOR CITY SCAVENGERS

Mysore, Oct. 16

A pension scheme for the scavengers of the city will be introduced soon, Municipal President B. C. Lingiah told the Municipal Council yesterday.

He said that efforts would be made to introduce the scheme before the end of this year itself.

The introduction of the scheme happily synchronised with the Gandhi Centenery year and also the Council completing 100 years, the President said and added that the Bangalore Corporation had given a lead in introducing the scheme.

He said about 1,000 sweepers and scavengers would benefit by the scheme. The total expenditure on this account would be made known in the next meeting.

Labour leader Vedantha Hemmige, Harijan member Jogi Siddiah and Sri M. K. Lingiah hailed the President's proposal.

Earlier, the Council mourned the deaths of Sri S. V. Krishnamurthy Rao and Sri Rathnavarma Hegde.

More Central Aid For Relief Works

Bangalore, Oct. 18

The Union Government has sanctioned a further loan of Rs. 50 lakhs to the State Government for giving takavi loans to the farmers in scarcity-affeted areas and purchasing seeds for the rabi season.

This brings the total financial assistance from the Centre to the State so far this year to Rs. 3.13 crores.

Apart from this amount, the State Government has spent on its own Rs. 4 crores in the scarcity-affected areas.

Sri Sathe, Programme Adviser to the Planning Commission, who was expected to visit the State along with the study team to study drought conditions would not be coming. Instead, Mr. Swaminathan, Special Commissioner, will hold discussions with the central study team in New Delhi on Oct. 28 regarding the long-range Rs. 20-crore scarcity relief plan drawn up by the State Government.

NOBEL PRIZE FOR JAPANESE

The 1968 Nobel Prize for Literature has been awarded to Yasunari Kawabata of Japan.

Mr. Kawabata is one of the few leading Japanese novelists whose works have been translated overseas.

He is the first Japanese and the second Asian to win the prize.

KHARIF CROP LOST

Bangalore, Oct. 18

Not more than 50 per cent of the food production of about 45 lakh tons could be expected during the current year due to the failure of monsoon, Revenue Minister Koujalgi stated here yesterday.

He said that kharif crops, except in the irrigated areas, had been almost completely lost.

However, the recent rains in the State had brightened the prospects of raising good rabi and summer crops.

The Minister said there was need for continuing the scarcity relief works till the end of March next year.

The Special Commissioner, Sri Swaminathan said 20,000 bags of gift wheat being distributed by the Bharat Sevak Samaj would be transhipped to Bangalore from Madras soon. Another 16,000 bags of wheat sent by the Christian Association for Social Action had already arrived in various destinations in the State for free distribution.

Temporary Staff To Stay

UNION CABINET'S DECISION

TheUnion Cabinet which met yesterday decided to withdraw the termination notices served on temporary employees who had absented themselves from duty on Sept. 19.

But the conduct of these employees would be under observation by the competent authority for two years before they were made either permanent or quasi-permanent.

For probationers participating in the strike, the period would be extended 'till their work and conduct are found to be satisfactory'.

The Cabinet also decided that all permanent, quasi-permanent or temporary employees who had taken part in the strike would suffer a break in service. This could, however, be condoned by the competent authority to enable the maintenance of pensionary or other benefits after observing their conduct for five years.

The official statement said that 'employees who had instigated or incited others or indulged in acts of intimidation, assault etc, would be subjected to appropriate disciplinary action'.

Similar action would also be taken against those prosecuted for any offence and those convicted by courts might be dimissed from service.

Saying that the Government had decided on these relaxations 'as an act of grace', the statement warned that Government would deal firmly with cases of continuing indiscipline, intimidation, incitement or violence.

Opposition To Boycott Ml. Centenary

Mysore, Oct. 21

TheOpposition members in the Muncipal Council have decided to boycott the centenary celebrations to be held in November, their leader M. N. Thimmiah told at a press conference yesterday.

He said the ruling Congress party was using the occasion for its propoganda for the muncipal elections which will be held in December.

Although it had been decided earlier to celebrate the centenary in September, only with this intention it has been postponed toDecember, SriThimmiah said.

He alleged that many procedural irregularities had also been committed by them. The Government order had not been obtained for theRs. 50,000-open-air-theatre being constructed at the Town Hall premises.

The Opposition leader wanted the centenary to be held after the elections. Otherwise, he said, they would launch an agitation.

Books For Children

Mysore, Oct. 21

The Union Ministry of Education had entrusted the National Book Trust a project--NehruLibrary of Children's Book—to produce supplementary reading material for children with national integration as its main theme, Sri K. S. Duggal, Trust Secretary, told newsmen here on Saturday.

The book in this project would be brought out simultaneously in all the Indian languages. To start with the Trust would print one lakh copies of each title. It had planned to bring out 100 books in the first instance, he said.

The Trust proposed to organise a national book exhibition in Calcutta in December or January, he said.

Explaining the progress made by the Trust, Sri Duggal said that so far it had published 300 titles including 15 in Kannada. It had an ambitious programme of selecting 20 books in each language and translate them into various other languages.

The three-day book exhibition arranged by the Trust at the Town Hall was inaugurated by Municipal Administration Minister K. Puttaswamy. Civic Chief B. C. Lingiah presided.

Sri Duggal welcomed the gathering. Sri P. Nagachar, Asst. Director of Information, proposed a vote of thanks.

Opposition Charges, "Election Stunt"

SAYS CIVIC CHIEF

Mysore, Oct. 23

Municipal President B. C. Lingiah yesterday refuted the charges made by Opposition leader M. N. Thimmiah on Oct. 20 in connection with the civic centenary celebrations and termed them as an "election stunt".

Addressing a press conference, he said his allegations were far from truth.

He pointed out that Rs. one-lakh budget allocation for the celebrations had been passed unanimously by the Council including the opposition on March 29.

The Council had also unanimously approved to enhance the expenditure on the open air theatre from Rs. 25,000 to 50,000.

Refuting the criticism that proper representation had not been given to the Opposition, Sri Lingiah said that proportionate representation had been given to them in the committee and the sub-committees. The Celebrations Committee consisted of 5 Opposition members out of 16. There were 3 Opposition members in the 4-member Souvenir Committee.

It was the celebrations committee which took the decision unanimously to postpone the celebration from November to December. Two Oppositien members present in the meeting held on Sept. 6 supported this.

It was only later, from Sept. 9. the Opposition had withdrawn their cooperation. This they did when the question of forming regular sub-committee's of the Council came up in the Council meeting, he said.

The expenditure, Sri Lingiah said, was being incurred in anticipation of the Government approval, as in many other cases. The Divisional Commissioner had only asked the Council to examine whether it would be possible to cut the expenditure of Rs 1 lakh on the celebrations. But, Sri Lingiah, said, it had been pointed out that half the amount would be spent on the open air theatre which would be a permanent asset.

He made it clear that the celebrations would not be postponed as demanded by the Opposition leader. He made an appeal to the Opposition to join with them in the celebrations which was a unique one.

Apollo-7 Lands Upside-Down

The three US astronauts of Apollo-7 made an upside-down landing in the Atlantic Ocean yesterday after a 11-day orbit of the earth.

There was no visible damage to the outside of the spacecraft.

The bearded trio Navy Captain Walter Schirra, Air Force Major Donn Eisele and civilian Walter Cunningham, got aboard the helicopter and were flown to the Essex. Capt. Schitra joked by radio that the upside-down moments had resembled riding in a submarine.

Several space records were baten by the crew of the Apollo 7.

They totalled an aggregate time of 780 hours 27 minutes, the biggest number of flight hours so far accumulated by a space crew.

Apollo-7 was the first American space vessel to brodcast a daily telivision programme back to earth several days in a row.

BEWARE OF ANTI-SOCIALS

Prime Minister Indira Gandhi has warned the nation to beware of anti-social elements which were as dangerous to the country as the external danger.

Speaking at a function to mark the silver jubilee of the formation of theAzad HindFauj (IndianNational Army by Netaji Subbas Chandra Bose, on Monday. she said such elements were engaged in corroding the foundations of the country's freedom. 'People must know that these people are even dangerous to us than external threats'.

Smt. Gandhi said that to meet the various difficulties which arose from time to time, it was essential that the nation followed the path shown by great leaders like Netaji and others.

India-Built FrigateLaunched

Prime Minister Indira Gandhi declared yesterday that 'India has no ambition to dominate the Indian Ocean, nor do we believe in spheres of power and influence'.

She was speaking at the launching of the first-ever major India-built warship, a frigate, at the Mazagon Dock in Bombay.

Smt. Gandhi named the frigate 'I.N.S. Nilgiri'.

The Prime Minister said the launching of the frigate represented a proud moment for India and the Indian navy. The launching, she added, was part of a long and noble tradition. Even two centuries ago, in the days of wooden ships, India was known for her ship-building. Later also, fine frigates and other naval ships were built for the Royal Navy in Bombay and Surat.

Defence Minister Swaran Singh said this was an important landmark in the history, not only for the Indian Navy and the Ministry of Defence, but of the Indian people on their road to self-sufficiency and progress. He thanked the British Government for the cooperation in the construction of the frigate.

The INS Nilgiri is one of the most modern warships, with anti-submarine and anti-aircraft capability. It will be equipped with a sophisticated weapons systems including guided missiles.

The second and the third frigates would be commissioned in 1972 and 1973.

MARXISTS' AGITATION FAILS

The Marxist Communist Party's anti-centre agitation in Kerala yesterday was not a success.

Except for a saries of clashes, in which one man was killed and 50 others received injuries, the life in the State was normal.

All the Central Government institutions functioned normally. The trains, postal, telegraph and telephone services worked without any interruption. The industral labour practically ignoredthe Marxist call for a general strike.

Sri A. K. Gopalan, MP, his wife Smt. Susheela and 41 Marxist members of the Kerala Assembly, were among the 131 persons removed for picketing the Raj Bhavan Gate.

HUSSIAN'S PLEA FOR CO-EXISTENCE

President Zakir Hussain yesterday warned that the future of the world would be dark and gloomy if all countries did not respect the principles of peaceful co-existence and non-intervention.

In a broadcast on the eve of the 23rd anniversary of the United Nations, the President said that peace had been maintained in this divided world on the precarious basis of mutual deterrence, the so-called 'balance of terror'. This was a most insecure foundation of peace and the insecurity was evident from the many breaches of peace that had occurred from time to time.

The story of the United Nations, he said, was the story of the agony of man for survival as a free and equal person in a community of free men.

CENTRE TRYING TO TOPPLE KERALA GOVERNMENT

Mysore, Oct. 26

Sri A. K. Gopalan, MP yesterday criticised the Centre's economic policy and said what one saw was deterioration in the living conditions of the people. A number of textile mills and handloom factories were closed down throwing lakhs of people out of job. Until the capitalistic system was replaced with a socialist system, the problem of unemployment and economic conditions of the people would further deteriorate.

He was addressing a public meeting, organised by the Communist Party (Marxist) at the Townhall maidan.

Kerala Labour Minister Mathai Manjooran addressing charged the Central Government trying to topple the Kerala Government in Kerala and warned that the United Front Ministry would not be cowed down by the threats of the Centre.

He accused the Centre of failing to discharge its commitments to Kerala in the allotment of rice.

The Minister also criticised the vindictive and oppressive stand against Central Government employees and said the Centre wanted to find fault with Kerala in this behalf.

Sri Mathai said 'now we have come to the conclusion that we can bring in contentment among the people and increase prosperity of the State by our own efforts, without depending on New Delhi'.

Sri M. Thimmegowda presided.

7 Dead In House Cellar

Seven persons, including three women, died in the cellar of the house of Sri Mallappa of Yalachipur, three miles from Kolar on Friday.

55-year-old Paichamma, wife of Sri Mallappa, who wanted to clean and white-wash the cellar, went in with a backetful of lime-water mixed with a rat poison. She was not heard for some time. Her sister, Chowdamma then went in, she too did not come back. Then, Paichamma's son, Venkatappa, his wife Venkatamma, neighbours Venkatesha, Muniappa and Koladevi Venkatesha, all went into the cellar and fell dead. They all died due to carbon-monoxside.

STEPS TO COUNTER HINDU RASHTRA

The standing committee of the National Integration Council on Saturday endorsed the suggestion of Sri Jayaprakash Narayan that the idea of Indian nationhood should be emphasised and highlighted as against the concept of a Hindu rashtra.

The committee also agreed with Sri Jagjivan Ram's view that communalism be considered in its wider sense apparently to include casteism and the treatment given to Harijans.

It was decided that State - level integration committes should be set up.

Condens SSLC Course For Fallen Women

Mysore, Oct. 28

The State Government is thinking of introducing condense course in SSLC in certified schools to help fallen women to have minimum qualifications to take up to teaching and nursing professions, Smt. Basavarajeswari, Deputy Minister for Social Welfare, said here yesterday.

Inaugurating a symposium, organised by the Mysore district branch of the All India Association for Moral and Social Hygiene, the Deputy Minister said it was the responsibility of both the Government and the society to rehabilitate the fallen women by proper education.

She regretted that the practice of Basavi system was still in existence in some areas in North Karnataka. The Government was determined to put an end to this social evil and had made provision in the Fourth Plan for dealing with the problem.

Smt. Basavarajeswari said that more attention would be paid to children welfare, handicapped and beggars, in the fourth plan.

Sri B C. Lingiah, President of the Association presided.

Messrs. K.R. Ramachandran, P. J. Bagilthaya, K. C. K. Raja, Razvi, Dr. Srinivasa Iyengar and Dr. Rathnamma Isaac spoke on the various aspects of moral and social hygiene.

Smt. Devaki B. Singh, Secretary welcomed the gathering.

World Bank Warns India

The World Bank has warned Indian officials that India will face a critical food situation in the 1970's and 1980's unless immediate steps are taken to improve agricultural research.

The Bank experts has accused India of complacency over her increased farm output. They say that unless she was careful she might soon found herself with a worse hunger problem than she did in the two famine years of 1966 and 1967.

There must be continuing research, better facilities for scientific work and wherever possible interchange of technical information between Indian experts and their counterparts elsewhere, they said.

In the fourth plan, it is proposed to extend package technique, so far applied mainly to food grains, to almost all cash crops.

PARAPSYCHOLOGY INSTITUTE

A full-pledged Parasychological Research Institute will start functioning in Ahmedabad very shortly.

MORE FINANCIAL POWERS TO MINISTERS

The Union Finance Ministry will relax somewhat its grip on other ministries under a new scheme of financial control which delegates larger powers to the latter.

The scheme provides for the appointment of internal financial advisers in each ministry and a proper pre-budget scrutiny of schemes so that references to the Finance Ministry are curtailed.

The new feature is intended to obviate the criticism that the Finance Ministry makes arbitrary cuts in provisions proposed for inclusion in the budjet by individual ministers.

DEVELOP VILLAGES

Deputy Prime Minister Morarji Desai yesterday called upon planners and architechts not to concentrate more on urbanisation but pay attention to the development of villages.

He said the major problem the cosmopolitan cities faced today was pheonomenal influx of people. They mirgrated to cities and towns for better facilities of education, recreation and employment.

Sri Desai suggested that if industries were scattered to remoter areas and not only confined to cities, the influx would considerably drop down.

BIG PROTEST MARCH

Tens of thousands of demonstrators marched through the centre of London yesterday in the capital's biggest-yet anti-Vietnam war protest.

IOC COOKING GAS

The Gauhati refinery of the Indian Oil Corporation will start producing by March next, liqufied petroleum gas for cooking.

INDIVIDUAL'S RESPONSIBILITY

The prime need for every individual to realise his full responsibility to the community as central to the teaching of Ganhiji was one of the points which emerged from a discussion at the 30th Political Scienc Congress at Bombay.

The scholars felt this responsibility included an individual's readiness to sacrifice his interest for the sake of the public good. Seconday, satyagraha must be for a good cause, but what is good cause is to be decided by an individual keeping the good of the society in view. A satygrahi must fulfil the conditions laid down by Gandhiji and should not misuse this great weapon for securiug petty ends.

CYCLONE HAVOC

The cyclonic storm which lashed the coastal region of Orissa during the last two days, feared to have left a trail of devastation in Puri and Ganjan districts.

LOCAL BRDIES HELP FOR RAISING TREES

Bangalore, Oct. 29

The Minister for State for Forests, Sri Alur Hanumanthappa, yesterday advised the forest officers to enlist the cooperation of the local bodies in raising different species of trees to cover 60 lakh acres of Gomal and waste lands in the State.

Inaugurating a conference of forest offieers, he reminded them that they had an important role to play in raising the present percentage of 18.5 of forest area in the State to the all-India, average of 34 per cent.

The Minister assured that offlcient and honest officers of all ranks would be recognised and suitably rewarded.

He said the Government had already launched a number of schemes for growing eucalyptus, bamboo and took plantations. The growing of soft-wood species to meet the increasing demands from the machwood and plywood industries should also receive greater attention, he added.

The Chief Conservator of Forests, Sri Nanjundappa, welcoming said for achieving a more balanced distribution of forests, Government had ordered the transfer of about five-lakh acres of wooded tracts from the Revenue to the Forest Departmen.

CONTEMPT OF LAW

Chief Justice Hidayatullah of the Supreme Court yesterday called upon the Judiciary to use the law of contempt with circumspection, but he warned those who tried to hamper justice or attribute undue motives to judges without foundation that they would face the penalties for contempt.

He advised the judges: "Take criticism in the right spirit. Do not be fussy or touchy about it. There is always a certain amount of criticism of judges and their conduct. A well-balanced critisim should not be a matter for any judge to take note of".

UNITARY GOVT.

Congress President Nijalingappa said yesterday that his party would go to the extent of thinking to form a unitary Government if it was neeessary to preserve the unity of the country. 'I will rather have a unitary form of Government than disintegration through linguistic States', he said.

CHINESE PRODIGY

Chou Jen-chen, a ten-year-old Chinese prodigy, can correctly mrltiply a three-digit number by another three-digit number faster than it takes an experienced operator to feed the figures into a computing machine.

He said the protection of forests was becoming an increasingly difficult task and pleaded for adequate number of mobile squads and stricter punitive measures.

Soyuz-2 Returns

The unmanned Soviet space vehicle Soyuz-2 returned to earth yesterday while Soyuz-3, piloted by Col. Georgi Beregovoi, continued in orbit.

Col. Beregovi, who was launched on Saturday, carried out a second orbit rendezvous with the unmanned Soyuz-2, on Sunday.

The flights of Soyuz-2 and Soyuz-3 were aimed at developing the techniques for linking space ships in orbit. The linking device is the one the Soviets plan to use for building a space platform on which to base manned moon flight.

MORE POWERS FOR GOVERNORS

The Administrative Reforms Commission's study team on State-level administration has suggested that the Governor should play a more positive and effective role in the administration of the State.

It says the Governor should be vested with adequate powers by law, to deal with situations of constitutional and administrative deadlocks on account of improper exercise or abuse of power by the Speaker or any other functionary of the legislature.

To enable the Governor to function effectively and impartially, the team has recommended that the person to be appointed as Governor should have long and rich experience in public life and administration, be free from all political affiliations and should be ineligible for any other public office except the office of the Vice-President or President.

Lalitha Mahal As Hotel Opposed

Mysore, Nov. 1

Converting Lalitha Mahal palace into a posh guest house was opposed in the Municipal Council yesterday.

Opposition leader M N. Thimmiah criticised the Government's decion and pleaded for maintaining it as a palace.

Sri B. N. Kenge Gowda wanted Lalitha Mahal to be used for establishing a memorial on the occasion of the Gandhi centenary.

Members also criticised about the working of the Health Department of the Municipality.

Sri B. K. Puttiah and M.N. Thimmiah said that the scavengers were not regular in their attendance. The expenditure on them, however, had increased from Rs 76,000 to Rs. 93,000 a month.

Sri B.K. Puttiah wanted a committee to be appointed for enquiring into their irregularities. Sri B. G. Das pleaded for regular supply of medicines in all the mohallas to check flu which was spreading in the city.

Welcoming the announcement made by the Railway Minister that the Chamarajanagar - Satyamangalam survey report would be reviewed, Sri M. K. Lingiah said this was an age-old demand of both Mysore and Madras States and should be undertaken atleast in the Fourth Plan.

He wanted the widening of the Mysore-Bangalore road to avoid accidents.

Varsity Gazette In Kannada

Mysore, Nov. 1

The Mysore University has taken a notable step towards the promotion and development of Kannada by brining out the Kannada version of the University Gazette on the Rajyotsava Day.

In the inaugural number, acting Vice Chancellor K. R. Ramachandran has said that the publication of the Gazette in Kannada was part of the University's endeavour to give Kannada its rightful place in its administration.

"It is our fond hope that the publication would eventually smoothen the adoption of Kannada as the language of administration for transacting University business," he said.

The Vice-Chancellor added: "The University is in a pre-eminently able position to steal a march over Government regarding the adoption of Kannada as the language of administration".

Detailing the steps taken by the University in promotion and development of Kannada, Sri Ramachandran said for the purpose of bringing out textbooks in Kannada in all subjects of study at all levels a "Textbook and Translation Bureau" had been set up in the Institute of Kannada Studies.

To encourage growth of Kannada literature on scientific subjects, the University has resolved to publish a haif-yearly, "Vignana Karnataka", on the lines of the "Prabhudda Karnataka".

Rajyotsava Celebrated

Mysore, Nov. 2

The achievements of Mysore during the last twelve years had shown that formation of linguistic States was not a bad decision, Sri K. R. Ramachandran, acting Vice-Chancellor of Mysore University, said here yesterday.

Speaking at the Rajyotsava celebrations organised by the City Municipal Council at the Town Hall, he said that if areas like South Kanara, Dharwar and other places which merged with the old State remained outside, the culture of Karnataka and Kannada language would not have developed in those areas.

With the formation of Karnataka, Kannadigas had come together to enable the development of our culture and language, he said.

Sri Ramachandran expressed the hope that Kasaragod and other Kannada areas in neighbouring States would soon merge with Karnataka.

Municipal President B.C. Lingiah presided. Vice-President K. V. Anantharamiah welcomed the gathering and Sri H. N. Muddiah proposed a vote of thanks.

In the morning a procession was taken out from the Town Hall through the main streets. It included Municipal Councillors, NCC, Home Guards and Girl Guides. It was led by Municipal President B. C. Lingiah and Commissioner Prabhu.

PORTS COUNCIL

A team of foreign experts has recommended the setting up of a National Ports Council under the Ministry of Transport and Shipping for planning, programming and co-ordination of port development in the country.

The team has expressed dissatisfaction over the state of affairs in major ports and come to the conclusion that the Centre should play a much more active role in deciding priorities for port development than its somewhat passive role so far.

It has also questioned the spending of massive sums both national and foreign currency on further port expansion schemes until and unless the Government is assured that existing facilities are being fully utilised.

LESS PAINFUL VACCINATIONS

The Union Health Ministry has tentatively decided to introduce more efficacious and less painful vaccination throughout the country from April 1 next year.

Can World Reject Birth Control ?

What will happen to a world which rejects birth control ? This question has been troubling UN Food and Agricultural Organisation (FAO) experts especially since the papal encyclical "HumanaeVitae". It can be shown with scientific exactitude that the world population growth has doubled in the past twenty years. In industrial states the birth rate has increased by one per cent.

In thirty years, the estimates say, by 2000, the population in underdeveloped countries will have doubled to 4,000 million. Armed with these terrifying figures the former FAO Director General asked on returning home to India: "Can we exclude birth control when hunger and death is the alternative ?" Even if predictions proved only half true the world will face insoluble problems by 2,000.

By then, though in practice much earlier, the industrial states will be forced to send food to the expanding poorhouses of the world to save people from starvation. The sums required will exceed any possible additional development aid. But only such aid can promote the self-help of the peoples concerned. From 1954 to 1966 the USA sent, and to a lesser extent sold, almost 13,000 million dollars in food to developing countries. Experts say that this sum must be doubled by 1980 even to maintain the present standard.

By that time the problem of flights to the moon will have long been solved. Man will be landing on distant planets while thousands of millions starve in a great international poorhouse. As everything then will have to be concentrated on food the number of illiterates, which is soaring already, will have reached mammoth dimensions. The difference between conditions in various parts of the world will be enormous. FAO asks if this can be reconciled with the aim of the Creation. But the question is purely academic. More is needed above all, self-help on the part of the threatened victims.

Postpone Civic Centenary

OPPOSITION MEMBERS WRITE TO CM

Mysore, Nov. 5

The opposition members of the City Municipal Council have written a letter to Chief Minister Veerendra Patil requesting that the centenary celebrations of the Council be postponed from November this year to next year.

The letter signed by Sri M. N. Thimmiah, leader, and other members has given three reasons viz., that the centenary celebrations committee is illegal, money has been spent without prior sanction of the Government and there is possibility of misusing the funds by the ruling party for the municipal elections.

They have pleaded that the centenary celebrations be conducted by the newly elected Municipal Council.

In a letter addressed to the Municipal President, they have appealed for dissolving the celebrations committee.

JOURNALISM STUDENTS MEET GIRI

Students of journalism from the Maharaja's College, Mysore, met Vice-President V. V. Giri at Delhi on Saturday.

Total Prohibition Within 7 Years

The All-India Congress Committee yesterday approved an amended resolution seeking to introduce prohibition in seven years from October next.

The resolution authorises the Working Committee to draw up a programme in consultation with Chief Ministers to implement prohibition in seven years.

Dr. Sushila Nayyar's resolution sought to compel the Congress Governments to take steps to introduce total prohibition in those States by Oct. 2, 1969.

SOLVING MINORITY PROBLEMS

Kerala Chief Minister Namboodiripad told the State Assembly that he was calling a representative conference to discuss the various problems and difficulties concerned with the Tamil and Kannada-speaking minority population in the State.

KERALA OPPOSES

The Kerala Government has opposed a suggestion from the Centre that Prohibition be transferred to the Union List. Prohibition is among the directive principles of State policy.

NEW VACCINE UNIT

A new vaccine unit is proposed to be set up in the country with UNICEF assistance to meet the wide gap between indigenous production and demand.

More Taxes

Deputy Prime Minister Morarji Desai stated yesterday that further taxation will be inevitable if the efforts to raise financial resources slackened.

WOMEN'S RIGHTS

Prime Minister Indira Gandhi yesterday called upon women to become conscious of their rights under the Constitution and play an active role in all walks of national life.

Addressing a women's rally at Panaji (Goa), she said though some women were advanced and occupied important positions, the majority were still unaware of their rights.

This gap must be bridged soon, she said.

SOLUTION TO BORDER DISPUTE

Prime Minister Indira Gandhi yesterday assured a deputation of the Maharashtra Ekikaran Samiti that a lasting solution to the border dispute between Maharashtra and Mysore would be found soon. She, however, declined to set a deadline for resolving the dispute.

BEEDI ACT, MYSORE TO IMPLEMENT

The Mysore Government had agreed to fall in line with other Southern States and implement the Central Beedi and Cigar (Conditions of Service) Act, started Kerala Labour Minister Mathai Manjuran in the Assembly.

'Khichdi' Govts.

Congress President Nijalingappa yesterday used a new expression to describe non-Congress Governments and said people were disgusted with the 'Khichdi Governments'.

The non Congress Governments, consisting of splinter groups, could not function because there were no common economic policies or common political ideals between the groups. There was a swing in favour of the Congress, he said.

Addressing the AICC meeting at Cunha Nagar (Goa), the Congress President appealed to his partymen to sink their differences and strengthen the organisation to fight the coming mid-term elections.

He said if Congressmen at various levels forgot their differences and worked unitedly and devotedly, the Congress was sure to come back to power.

NEW OFFICE BEARERS

Mysore, Nov. 6

At the general body meeting of the Sujata Textile Mills Employees' Association held at Nanjangud recently the following were elected new office bearers:

Messrs. M. Shivanna (President), Chandrappa (Vice-President), G. Sarvesh (Treasurer), Devadas (Gen. Secretary) and Nagaraju (Joint Secretary).

It was decided to give a notice to the management demanding improvement of service conditions.

Humphrey Leading

Democratic candidate and Vice-President Hubert Humphrey is leading by a small margin of 47,000 votes over Republican candidate Richard Nixon in the U.S. Presidential election.

However, the election will not be decided until final voting is over as both have secured an equal percentage of 42.

Mr. Humphrey has secured 184 electoral votes and Mr. Nixon 180.

CONGRESS SESSION

The spacious pandal for the AICC session beginning today at Cunha Nagar, in Goa sprawls over an area of 5,000 square metres and has cost the organisers nearly Rs. 2 lakhs. The pandal having seating arrangement for about 10,000 has consumed over 50,000 yards of white khadi.

BROAD GAUGE

It was likely that Bangalore-Guntakal, Miraj-Hubli and Hubli-Gadag meter gauge sections would be included in the initial conversion of about 3,400 kms. of meter gauge into broad gauge in the country, Railway Minister Poonncha stated in Hubli.

NO CONFIDENCE MOTION

A no confidence motion against the Government has been placed on the agenda of the next session of the Lok Sabha, beginning on Nov. 11.

DISCIPLINARY ACTION AGAINST HANUMANTHAIYA

The Congress Working Committee yesterday referred to disciplinary committee the conduct of Sri K. Hanumanthaiya in tabling a non-official resolution urging inquiry into charges against Congress President Nijalingappa.

The resolution referred to the charges against Sri Nijalingappa while he was the Chief Minister and urged appointment of a commission under the Commission of Inquiries Act.

Chief Minister Veerendra Patil, who raised the question of Sri Hanumanthaiya's resolution, said that it tended to undermine the prestige and authority of the President and the organisation.

LIONS' SERVICE PRAISED

Mysore, Nov. 7

Sri Damodar Pai, District Governor of Lions Club, here yesterday inaugurated the "Leo Club", for boys of the age group of 15-20.

Sri Pai stressed the importance of institutions which would build character, leadership and organising capacities in the youth and divert their energies in the right direction.

He complimented the Lions Club for starting the Leo Club, first of its kind in the State by the Lions.

Lions Club President W. Gururaja Rao presided. Sri H. V. Shankara Rao read a report. Leo Club President B. Mallikarjuna and Mahajana's High School Head Master H. S. Sudarshanachar spoke. Secretary A. B. Govinda Setty proposed a vote of thanks.

Addressing the members of the Lions Club later at a special meeting, Sri Pai praised their activities especially for running a free eye clinic for children in the city.

Sri H. V. Shankara Rao introduced Sri Pai and Sri Shanmukhaiah introduced Sri P. E. Palia, District Cabinet Secretary, to the members.

Sri W. Gururaja Rao, who presided, presented sandalwood mementos to them.

Secretary Govinda Setty read a report and Sri N.R. Sundararajan proposed a vote of thanks.

NIXON VOTED NEW US PRESIDENT

Republican candidate Richard Nixon was elected 37th President of the United States yesterday.

In a neck to neck race, he defeated Democrat candidate Hubert Humphrey.

Mr. Nxion won 287 electoral votes--17 more than that needed for victory.

At one stage, so close was the race that it appeared that neither Mr. Nixon nor Mr. Humphrey would win the minimum 270 electoral votes.

But narrow wind-up victories in California, Illinois and Ohio gave him enough votes to be assured of the needed majority.

Mr. Humphrey conceded defeat by placing a telephone call to his Republican rival.

The Democrats retain control of both Houses of U.S. Congress.

The turnout of voters is reported to be the heaviest in American election history.

Mr. Richard Milhous Nixon has served two terms as Vice-President under President Eisenhower from 1952 to 1960. He suffered defeat at the hands of John F. Kennedy in the 1960 presidential election.

The California-born lawyer emerged as Republican front-runner in 1968 and won the Republican nomination.

Mr. Nixon was born on January 9, 1913, the second of the five sons of a quaker grocer.

The AICC decision to enforce complete Prohibition within a seven-year period has been received "coldly" by Mysore, Maharashtra and Andhra Pradesh.

5-POINT PROGRAMME

The All-India Congress Committee yesterday adopted a five-point constructive programme embodying those reforms dearest to Gandhiji.

The resolution moved by Sri Morarji Desai calls upon Congressmen to dedicate themselves to the eradication of untouchability. It also lays emphasis on providing drinking water, sanitation and cleanliness and sustained work to achieve the concept of a composite and secular community.

However, an amendment moved by Sri S.N. Mishra, leader of Ginger Group, proposing that Birla Bhavan, where the Mahatma was shot dead, should be converted into a national monument was rejected.

Another amendment urging that the Mahatma's teachings be included in school text-books was accepted.

SUSHILA NAYYAR QUITS

Car Theft In City

3 STUDENTS & 2 OTHERS ARRESTED

Mysore, Nov. 8

Three students and two others have been arrested by the Mandi police for alleged theft of a chevrolet car in the city in the early of hours of yesterday.

It is stated that driver Mohammed Khasim had parked the car in front of the residence of the owner's son on Wednesday night and slept in the house.

The driver's son returning from the mosque saw the car missing. Immediately a complaint was lodged with the police.

The police in a jeep combed the entire city and found the car on Mysore-Bangalore road near Bannimantap at about 4 30 a.m.

21-year-old Syed Akbar, worker in a rice mill, was driving the car. 18-year-old Syed Ali Akbar, a B. Com student, 17-year-old B. Sc. student Zafrulla Khan and another 17-year-old SSLC student Aslam, all belonging to the city, were in the car. A petty shop keeper Abdul Majid (20) was also along with them.

The police made a hot chase and arrested all of them. It is stated that a false switch key had been used to steal the car.

Over 5 Lakhs Visit Exhibition

Mysore, Nov. 11

The 49-day Dasara Exhibition concluded here yesterday. Over 5 lakhs of people visited the Exhibition. The gate collection was Rs. 2,01,053 and stalls rent was Rs. 2,48,107.

Chief Minister Veerendra Patil, who distributed prizes, stressed the need for having a permanent exhibition open throughout the year as in western countries to educate the people about the progress made in the country.

Emphasising the importance of exhibition, Sri Patil said that in a country where 60 to 70 per cent of the people were illiterate, is was the duty of any democratic government to educate the public.

Exhibition, he said, should not be mere commercial or shopping centres but serve as a visual education in respect of country's achievements.

The Chief Minister referred to the plea for housing the Exhibition in an extensive ground and hoped that by next year, it would be held on a bigger scale in a new place.

He suggested to the Exhibition Committee to plan from now itself for the construction of the new building.

Agriculture Minister B. Rachiah presided.

Sri T. Shamanna, Vice-Chairman of the Exhibition Committee, welcoming the gathering urged the Government to take a decision soon on holding the exhibition each year well in advance so that they could attract more participants.

Secretary R. Rajanna read the report. Sri Gopala Rao, President of the Exhibitors' Association, proposed a vote of thanks.

Bid To AssassinateAyub

President Ayub Khan of Pakistan narrowly escaped unhurt when a youngman fired at him twice at a public meeting in Peshawar yesterday.

According to Pakistan Radio, the person arrested was in black suit and a retired Subedar caught him immediately.

As soon as the President rose to speak two shots were heard from a distance

The President unmindful of the incident went ahead with his address.

NEW HIGH SCHOOL SYLLABUS

Mysore, Nov. 11

Emphasis would be laid on physical education and moral instruction in the new syllabus for high schools,which was in offing, Sri S. V. Jevoor, Director of Public Instruction, said here on Saturday.

Inaugurating the newly formed District Secondary Schools Headmasters' Association, he decried a sense of compartmentalisation among teachers. A teacher in high school should not hesitate to teach in primary schools. Similarly, there should be liasion between schools and colleges, he said.

Sri Jevoor regretted the large scale failures in the SSLC examinations and said an analysis of the results had shown that nearly one third of the students who had passed were repeaters.

Sri H. V. Srirangaraju, Deputy Director of Public Instruction, presided.

Sri Nanjundaswamy, District Educational Officer, welcomed the gathering.

Uproar In Lok Sabha

NO TRUST MOVE REJECTED

Uproarious scenes, perhaps the biggest in its history, were witnessed in the Lok Sabha for one entire hour yesterday, preventing Prime Minister Indira Gandhi from speaking on the no confidence motion.

Irate Opposition members shouted slogans, hooted down members and thumped tables. The repeated appeals by Speaker Sanjiva Reddy went in vain. The Prime Minister made several attempts to speak but was prevented. Most Communist and SSP members joined in the demonstration.

The House ultimately rejected a Jan Sangh-sponsored no-confidence motion by 220 votes to 85. The Swatantra members abstained from voting.

This is the first time that a Prime Minister has been prevented from participating in a debate in the 16-year history of the Lok Sabha.

BHUTTO AND 14 OTHERS HELD

Former Foreign Minister Z. A. Bhutto and 14 other Opposition leaders were arrested yesterday in Lahore under the Defence of Pakistan Rules for threatening State security.

Mr. Bhutto, now chairman of the left-wing People's Party, has been strongly critical of President Ayub Khan's Government and its policies.

An official spokesman said in Karachi that the situation in the town and the rest of the country was calm, though a number of cities had been placed under a state of emergency.

Bright Future For Baking Industry

Mysore, Nov. 14

Dr. H. A. B. Parpia, Director of the Central Food Technological Research Institute, today called upon the flour milling industry to diversify its products after conducting a market research

He was inaugurating a two-day convention on flour milling and baking industry in India at the CFTRI.

Dr. Parpia said that the flour milling and baking industry had a bright future as the food habits of the people were changing.

The industry was at a major turning point as food resources were increasing and restrictions on food consumption were being lifted gradually, he said.

Pleading for full exploitation of its potentialities, the Director said that scientific research meant little unless it helped to improve the economic conditions of the people by developing industries on right lines.

Dr. Amla, President of the Association of Food Technologists, welcoming said that there were 118 flour mills in 1967 as against 66 in 1963. But there was no corresponding increase in their installed capacity.

Sri B. Panda, Executive Secretary, proposed a vote of thanks.

Contributions may be sent to the Organiser, Khadhar Co-operative Society, Lansdowne Buildings.

STREAMLINE JOB EXCHANGES

Bangalore, Nov. 15

Chief Minister Veerendra Patil yesterday stressed the need to streamline the working of employment exchanges against which there were several complaints from the public.

Inaugurating the second All-India Seminar, Sri Patil regretted that the exchanges had not come up to the expectations. 'We have to find out ways to soften the rigours of unemployment and the resultant frustration. Even if we connot find jobs for the unemployed, we must at least treat them with courtesy', he said.

Seminar On US Political Process

Mysore, Nov. 15

Sri K.R.Ramachandran, acting Vice Chancellor of the Mysore University, today cautioned against recommending any change in the present political process in the country without considering what was suitable for us.

He was inaugurating a two-day seminar on the American political process, organised jointly by the Mysore University and the United States Information Service, at the Senate Hall.

Sri Ramachandran said that there was a thinking that we should change our present system to the American presidential system. But any political process was a historical development and hence had to be achieved gradually.

It was important for us to study the political process prevailing in the USA. This had to be on comparison with the Indian political set up, he said.

Sri Ramachandran said, we should remember that ultimately it was the will of the people that prevailed.

Dr. V. K. Nandan Menon, former Vice-Chancellor of Kerala University, in his presidential address suggested adoption of American presidential system in our country. The people were feeling that a change in the executive system was appropriate.

Dr. K. B. Y. Thotappa, Head of the Political ScienceDepartment, welcomed the gatheriug.

Mr. Paul K. Morris introducing the participants said that representatives from four Southern States were participating in the regional seminar.

Taluk Board Elections

Mysore, Nov. 15

As many as 440 candidates are contesting 193 seats from 83 constituencies of the 11 Taluk Boards in the district, Deputy Commissioner N. P. Singh said in the monthly press conference yesterday.

The date of counting of votes in the taluk board elections in 10 taluks has been fixed for Nov. 26. Counting in Kollegal taluk will be held on Nov 27.

In all 7,24,158 voters will exercise their franchise in the elections. 918 polling stations will be set up. A sum of Rs. 1.42 lakhs has been allocated as election expenditure.

One scheduled caste seat each in Hunsur, Chamarajanagar and Gundlupet, one general seat and one woman seat in Nanjangud, one woman seat in K. R. Nagar and one general and one scheduled caste seat in Periyapatna are being contested unopposed.

Private buses numbering 110 and 56 Government jeeps will be deployed for transporting election personnel.

The election days in the respective taluks have been declared as holidays, Sri Singh said.

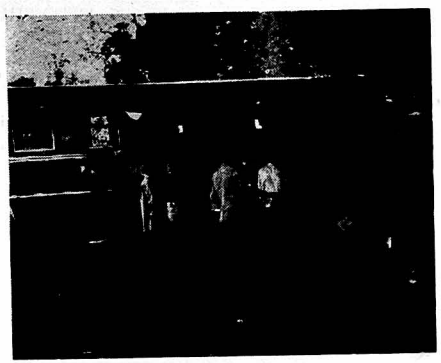
MOUNTAIN IN INDIAN OCEAN

An underwater mountain nearly a mile-high has been discovered in the Arabian depression of the Indian Ocean by the Soviet research vessel.

The mountain part of an underwater range running across the Indian Ocean is believed to be composed of one massive slab of rock.

The expedition has also marked the deepest point yet discovered in the western part of the Ocean At that point in the ocean floor is four miles down.



MOBILE SOIL TESTING LABORATORIES

There are 36 full-fledged soil testing laboratories in the country which test about five lakh samples a year. Besides, there are several small laboratories set up by the State Governments. Some private fertilizer firms also test samples, usually free of charge

With a view to making farmers know the importance of soil testing, a few mobile laboratories are being pressed into service. These fully equipped laboratories on wheels will go from village to village and give on the spot results of soil tests By 1970, it is estimated that laboratories in different parts of the country will be able to test about 20 lakh samples a year.

Soil testing is one of the cheapest ways of getting a good harvest as it facilitates application of the right quantities of the right fertilizers

PROBE INTO BHU AFFAIRS

The Lok Sabha was told by Education Minister Triguna Sen that a committee consisting of a High Court Judge and an eminent educationist will be appointed by the Executive Council of the Banaras Hindu University to go into the question of discipline and maintenance of law and order in the university.

Dr. Sen said it was unfortunate that in several cases students had taken the law in their own hands.

Sharing the concern of the House at the student indiscipline all over the country, he made an appeal to members 'not to encourage any outside interference in the working of universities'.

Highway Robberies In Shimoga

Two more highway robberies have occurred near Sagar, eight miles from Shimoga, on the Shimoga-Harihar road yesterday night.

Six to eight persons are reported to have way laid a car in which Sri Narayanaswamy, his wife and three others were coming to the town, and robbed from them gold ornaments, worth Rs. 6,50 , a wrist watch and cash.

The car was blocked by stones placed on the road and the robbers were armed with lathis, sickles and axes, it is reported.

The same gang is said to have stopped the car belonging to an election campaign party of Congressmen coming from Honnali, assaulted the travellers and snatched away a wrist watch and Rs. 45 in cash.

One of the injured members of the party has been admitted to the hospital.

In view of the recent robberies, the Government has allowed persons who may have to travel after dusk to carry fire arms.

REWARD ANNOUNCED

A reward of Rs. 1,000 to any person giving information leading to the detection of the highway robbers was announced in Bangalore yesterday.

Industries In Co-op. Sector

Mysore, Nov 18

A Rs. 90-crore fertiliser factory—the first in the field of co-operative sector—is being set up at Kandra, Union Minister of State for Co-operation M. S. Gurupadaswamy told newsman here today.

The Minister said that his Ministry was also thinking of establishing one or two processing industries in the national or regional level.

Emphasising the need to start industries by co-operatives, Sri Gurupadaswamy said that if co-operatives were to be the pacesetters in prices of consumer articles, certain industries had to be started by them.

Referring to the problem of finding trained managerial talent to man the co operative ventures, he said a new cadre would be created soon. It would be a pool of men with managerial talent to manage various marketing, consumer, processing and industrial sectors in co-operative field.

There was already a training centre in Poona to train these men, he added.

PROHIBITION, A FAD

Mysore, Nov. 18

"I don't believe in Prohibition myself. It has not been a success. It can be brought about by education and not by legislation", Sri M S. Gurupadaswamy, Union Minister, told newsmen here today.

But, he said the AICC had taken a decision to implement it in seven years and "we are bound it."

CONSUMER COOPS TO BE RATIONALISED

Mysore, Nov. 18

The consumer co-operative field, in which a beginning was made in 1964, would be organised on a realistic and rational manner during the Fourth Plan period, Union Minister for Co-operation Gurupadaswamy, told newsmen here today.

He said that innumerable small selling outlets had been opened without proper thinking and considering whether they were viable or not. They were dealing only with rationed articles and this limited functioning had made them to lose, he said.

Sri Gurupadaswamy said that these units would be strengthened, consolidated or liquidated. The streamlined units would be provided with necessary finance and managerial facility to widen their activity.

Similarly, the departmental stores in cities and wholesale stores in smaller towns would be enlarged, he said.

Though the co-operative consumers occupied an insignificant place at present in the entire consumer co operative sector, the movement was catching up now. In Madras, Bombay and Punjab the consumer co-operatives had been stabilised and could settle down prices in the market.

It was necessary to strengthen them further so that the consumer was not held at ransom by the merchant, the Minister added.

Co-op. Centre to Help Rural Artisans

Mysore, Nov. 18

A scheme to help the rural artisans to continue their hereditary profession on modern lines has been drawn up in the Fourth Plan by the Union Ministry of Co-operation.

Disclosing this, Union Minister M. S. Gurupadaswamy said at a press conference today that two centres, one each in north and south, would be started

He said that in rural areas professions like tailoring, hair dressing, laundry had become old-fashioned and attracting only old men. The youngsters were coming to towns for these purposes.

In order to help these professions to become modernised, it had been proposed to train young artisans on modern techniques and afford them all other assistance to continue their hereditary profession.

Here he suggested that such co-operative ventures could be started in dairy, hotels, hostels and hospitals also.

He also referred to unemployment among engineers and said there was less employment scope for them in the Governmental sector and engineers had to employ themselves by starting workshops and small industries on co-operative lines.

Sri Gurupadaswamy assured them all help in this regard.

1-Cr. Master Plan For Mahadeswara Hills

Mysore, Nov. 18

A Re-one-crore master plan for the development of Mahadeswara Hills has been prepared by the State Government for which many philonthropists have come forward to help, stated Sri M. Rajasekhara Murthy, Industries Minister on Friday.

He was presiding over the opening of the guest house at Mahadeswara Hills in Kollegal taluk.

Sri Rajasekhara Murthy said that the Government had already spent Rs. 22 lakhs for providing facilities like guest houses and electricity to the hills.

Sri M.S Gurupadaswamy, Union Minister of State for Food, who declared open the guest house, said that the Centre and the State Governments should prepare master plans for all-round development of sacred places in a manner which represented true Indian culture and tradition. He assured that the Union Government would assist in the development of these pilgrim centres.

He suggested the starting of consumer co-operative store, handicrafts emporia, yogashala, youth centre, recreation club at the Mahadeswara Hills.

Sri Gurupadaswamy pointed how small countries like Spain, Sweden and Poland were earning huge amount of foreign exchange by developing their religious and cultural centres

Sri Nagabhushanam, donar, welcoming the gathering, presented the keys of the guest house to Sowacar T. Thimmappa, Chairman of the Board of Trustees of the temple.

JET TRAIN AT 150 M.P.H.

A revolutionary gas-turbine train designed by British Rail could nearly halve present railway travel times with speeds of up to 150 miles per hour.

The train, built on aircraft liner with a stressed skin and complex electronic system for controlling speed and banking on curves, would use a specially adopted jet engine.

96.27-LAKH GOVT. EMPLOYEES

The number of Government employees, either in the Centre, State, quasi-Government, or local bodies, has increased from 52.34 lakhs in March 1956 to 96.27 lakhs by June 1967. That means one in every 50 people in the country today is a Government employee.

Tyagi Report Not Satisfactory

Bangalore, Nov. 19

The Mysore Government is not at all satisfied over the interim recommendations of tke Finance Commission.

A press note issued stated that though the State was getting an additional sum of Rs. 2.84 crores from taxes and duties, the increasee in its non-tax revenues had been absorbed by additional commitments in respect of higher emoluments to Government servants.

The Commission has not yet examined the allocations in respect of income-tax and excise duty which are reserved for the final report, yet the benefit accruing to Mysore from the interim report cannot be said to be up to its resonable expectations.

Urging the Commission to review the overall budgetary position and take into account the efforts made by the various State Governments, the press note hoped that Mysore's request would be considered by the Commission in its final report.

MYSTERIOUS BENEFACTOR IS A FOREIGNER

A foreigner, who stayed five days in Madras, has created a sensation by distributing freely large sums of money to the poor living in the outskirts of the city.

During his stay, he covered a considerable area and distributed uncounted number of notes to women working in the fields.

The foreigner is identified by the police as an American youth, Naoul Alexander Nacol (28).

It is stated, he decided to visit India and distribute the money he had saved because he had heard of the country's poverty.

Build Up Cold Storage Industry

Mysore, Nov. 22

The importance of cold storage industry in India where about 20 per cent of food available was of highly perishable nature was stressed by Dr. H. A. B. Parpia, Director of the Central Food Technological Research Institute.

He was inaugurating a eight-week course in cold storage of perishable produce on Wednesday.

Dr. Parpia said that the present storage capacity of the perishable food industry was about 8.7 lakh tonnes and was expected to increase six to seven times at the end of the Fourth Plan.

He also stressed that in order to overcome food losses and make available more food for human consumption and raise nutritional standards, it was necessary to build up cold storage industry on more healthy lines.

Earlier, Dr. S.P. Manjrekar, Chairman of the Training Programme, welcomed the participants.

Twenty-two trainees from the industry and Central and State Governments are participating.

More Tibetans For Bylakuppe

Mysore, Nov. 28

Another batch of 200 Tibetan refugee families is expected here by the end of this month or in the first week of next month for settling at the Tibetan Colony in Bylakuppe, near Periyapatna.

Disclosing this at a press conference, Revenue Minister Koujalgi said an additional 1,800 acres have been cleared for them.

At present there are 600 families settled in the camp. Rs. 75 lakhs have been spent since 1960 for their rehabilitation by the Centre.

The Minister, who visited the colony on Tuesday, said that the refugees expressed the desire to stay permanently at Bylakuppe.

Similar to the allotment of lands made to the Tibetans, Sri Koujalgi said, the Government is seriously thinking of alloting 1000 to 1500 acres to the poor and landless in Periyapatna. There are about 200 such families, he said.

Expressing the need to make the Tibetan settlers at Bylakuppe to learn Kannada, the Minister said that at present they were taught only Tibetan, English and Hindi.

The All India Tibetan Rehabilitation Committee will be meeting at Madras on Dec. 3. The Minister said he would make a report at the meeting that the Bylakuppe settlers must be taught Kannada.

Otherwise they may remain isolated and difficulties may arise later, he said.

TALUK COMTS. FOR LAND ALLOTMENT

Mysore, Nov. 28

The proposal of appointing taluk committees with officials as members to dispose of all applications for allotment of lands by the poor and landless is under consideration, Revenue Minister Koujalgi told newsmen here yesterday.

He said that this would avoid delay in disposal of applications. About 8 lakh acres of land are available for allotment in the State, mostly from the old Mysore area.

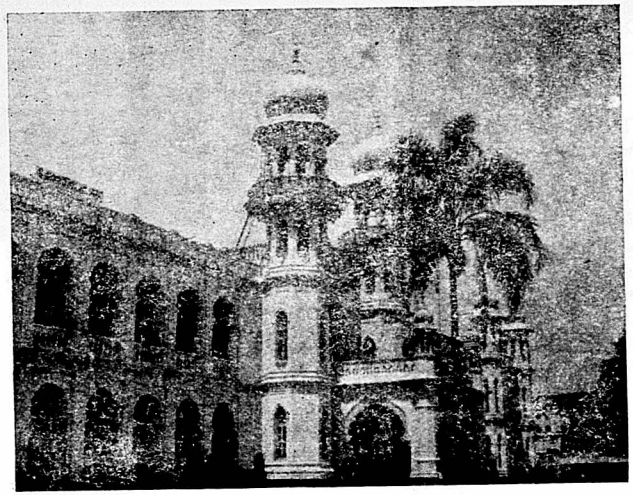
TOMORROW RED-LETTER DAY FOR CITY



Mysore, Dec. 2

For the garden city of Mysore, December 3 is a red-letter day, as the Municipality celebrates its centenary on that day.

Although the year 1862 marked the first year of inception of local self government in the history of Mysore when a Municipal Committee was formed by the Government, it was only in 1838 that a statutory Municipal Council with Deputy Commissioner as President was constituted.

The Council had its first non-official Presidedt, Sri Kantharaj Urs in 1917 and the first elected non-official President, Sri P. Sitharamiah in 1948.

The population of the city which stood at 45,000 in 1861 has risen to 2,53,665 according to 1961 census and the income of the municipality which was Rs. 25,000 has risen to Rs. 75,55,356 per annum.

The city has now complete filtered water supply, costing the municipality over Rs. one crore.

The first underground drainage scheme was put into operation in 1912. At present, there are two outfalls for the sewage water and the third outfall at Jayanagar is under contemplation. Sewage water is used for irrigation purposes, with a 212-acre municipal farm.

The city was provided with electric lights during 1908 and at present, there are 4097 lights costing Rs. 2.42 lakhs to the municipal exchequer.

There are 118. 92 miles of roads in the city, out of which 14.87 miles are maintained by the Government. All roads are either tarred or cement concreted.

There are two major hospitals, one general and the other for ladies in the city. Besides, there are 3 maternity homes, 18 dispensaries two veterinary hospitals and a sanatorium.

The Municipality is now running a high school for girls.

Civic Body Takes Over Lansdowne Buildings

Mysore, Dec. 2

The Lansdowne Buildings, purchased by the Municipality at a cost of Rs. 5 lakhs, was handed over to it by the Public Works Department yesterday.

The first instalment of Rs. 1 25 lakhs was paid by Municipal President B. C. Lingiah and Commissioner P P. Prabhu.

JAWA FACTORY CLOSED

Mysore, Dec. 2

The Ideal Jawa Factory has been closed down temporarily due to the considerable fall in production as the workers have adopted a go-slow tactics, Sri F. K. Irani, Managing Director, told newsmen on Saturday.

He said the workers had refused the interim offer of Rs one lakh and enhancement of DA of Rs. 15. The conciliation by the Asst. Labour Commissioner had also failed, he said.

SP Escapes Major Accident

Mysore, Dec. 3

Sri P. J. Bagilthaya, Superintendent of Police, had a providential escape from what would have been a major accident on the Mysore-Manantoddy road this afternoon.

When the Superintendent of Police was returning to Mysore from Kabini Project following the Chief Minister's car, a cyclist suddenly crossed before the speeding jeep. The alert driver avoided the cyclist and controlled with great skill the skidding jeep and brought it back on the road.

Rs. 148 MINIMUM PAY TO GOVT. STAFF

Bangalore, Dec. 3

The Tukol Pay Commission has recommended that the minimum salary of the Government employee in the State should be Rs. 148 and that the Central rates of DA should be paid to all State Government employees.

The report was presented to Chief Minister Veerendra Patil, yesterday.

If the recommendations are implemented, it would cost the State exchequer an additional sum of Rs. 15 crores every year.

The commission has also recommended a medical relief allowance. It will be Rs 5 per month for class IV employees and Rs. 8 for class III ones.

Another important recommedation is that the salary drawn by a pensioner just a year prior to his superannuation should be the basis for calculating the pension and not a three-year average as is being done now.

Tukol Report Has To Studied, CM

Mysore, Dec. 3

Chief Minister Veerendra Patil told newsmen today that the recommendations made by the Tukol Commission may not come immeditely before the Cabinet for consideration.

When Pressmen asked about the implementation of the recommendations, Sri Patil said that he had not seen the report and was not aware of what recommendations had been made.

He said the recommendations have to be studied by the Financial Department and its financial implications assessed before being considered by the Cabinet.

PRESERVE CITY'S BEAUTY

Mysore, Dec. 4

Chief Minister Veerendra Patil said that he was happy to learn from Municipal Administration Minister Puttaswamy that during the past 20 years the Mysore City Municipal Council had not received a show-cause notice, let alone supersession.

Presiding over the inaugural function of the centenary celebrations at the Town Hall yesterday, the Chief Minister praised the Municipality and said it had established a tradition which was model to other civic bodies.

He said that on the occassion of the centenary, a pledge should be taken by the citizens that the beauty and cleanliness for which Mysore was well known would be maintained.

Sri Patil said Mysore had great potentialities as a tourist centre. The facilities available to the tourists were not adequate in the State. An airstrip was coming up at Hassan and another at Bijapur. This might help to conduct tours, he said.

Municipal Administration Minister K. Puttaswamy, releasing the centenery souvenir, recalled the services of late M. Venkatakrishnayya, Ambale Anniah Pandit, A. Krishna Rao, C.Narasimha Rao, D. Banumiah and Mohammed Sait in the Council.

When he was in the Council, he said, it was the training school for his political career.

Education Ministe Shankara Gowda, unveiling the portraits of past elected presidents paid tributes to them.

Welcoming the gathering, Civic Chief B. C. Lingiah traced the 100-year history of the Municipality and the amenies provided to the citizens.

He said it was proposed to have more gardens in the city with the co-operation of the Trust Board at a cost of Rs 6 lakhs.

Vice-Fresident K. V. Anantharamiah proposed a vote of thanks.

The Opposition members boycotted the celebrations as decided earlier.

All the municipal buildings including the Town Hall, Municipal Offices and the Devaraj Market had been illuminated.

ABOLITION OF DVN. COMMISSIONERS

Bangalore, Dec. 4

The Tukol Pay Commission is understood to have recommended the abolition of the post of Divisional Commissioners, on the ground of economy and duplication of work at the district level.

The commission has not made any recommendations about increasing the age of retirement of Government servants.

Kabini Project By 1971-72

Mysore, Dec. 4

Chief Minister Veerendra Patil stated yesterday that the Government intended to complete the Rs. 24.8-crore Kabini project in H. D. Kote taluk by 1971-72.

The Chief Minister, who inspected the works at the project area, expressed his satisfaction over the pace of work.

He said that so far technical difficulties were being faced and these had been overcome So far, Rs. 3.75 lakhs including the present year's allocation of Rs. 60 lakhs had been spent.

The engineers wers asking for another Rs. 50 lakhs for the project, he added.

Referring to the Kerala Government's objection, he said both Mysore and Kerala had decided to undertake a joint survey to assess the extent of submersion on Kerala side. The submersion would be about 200 acres, Sri Patil said

He also assured that the Taraka project, would be considered for being included in Fourth Plan.

PRESERVE CITY'S BEAUTY

Mysore, Dec. 4

Chief Minister Veerendra Patil said that he was happy to learn from Municipal Administration Minister Puttaswamy that during the past 20 years the Mysore City Municipal Council had not received a show-cause notice, let alone supersession.

Presiding over the inaugural function of the centenary celebrations at the Town Hall yesterday, the Chief Minister praised the Municipality and said it had established a tradition which was model to other civic bodies.

He said that on the occassion of the centenary, a pledge should be taken by the citizens that the beauty and cleanliness for which Mysore was well known would be maintained.

Sri Patil said Mysore had great potentialities as a tourist centre. The facilities available to the tourists were not adequate in the State. An airstrip was coming up at Hassan and another at Bijapur. This might help to conduct tours, he said.

Municipal Administration Minister K. Puttaswamy, releasing the centenery souvenir, recalled the services of late M. Venkatakrishnayya, Ambale Anniah Pandit, A. Krishna Rao, C.Narasimha Rao, D. Banumiah and Mohammed Sait in the Council.

When he was in the Council, he said, it was the training school for his political career.

Education Ministe Shankara Gowda, unveiling the portraits of past elected presidents paid tributes to them.

Welcoming the gathering, Civic Chief B. C. Lingiah traced the 100-year history of the Municipality and the amenies provided to the citizens.

He said it was proposed to have more gardens in the city with the co-operation of the Trust Board at a cost of Rs 6 lakhs.

Vice-President K. V. Anantharamiah proposed a vote of thanks.

The Opposition members boycotted the celebrations as decided earlier.

All the municipal buildings including the Town Hall, Municipal Offices and the Devaraj Market had been illuminated.

ABOLITION OF DVN. COMMISSIONERS

The commission has not made any recommendations about increasing the age of retirement of Government servants.

Kabini Project By 1971-72

Mysore, Dec. 4

Chief Minister Veerendra Patil stated yesterday that the Government intended to complete the Rs. 24.8-crore Kabini project in H. D. Kote taluk by 1971-72.

The Chief Minister, who inspected the works at the project area, expressed his satisfaction over the pace of work.

He said that so far technical difficulties were being faced and these had been overcome So far, Rs. 3.75 lakhs including the present year's allocation of Rs. 60 lakhs had been spent.

The engineers wers asking for another Rs. 50 lakhs for the project, he added.

Referring to the Kerala Government's objection, he said both Mysore and Kerala had decided to undertake a joint survey to assess the extent of submersion on Kerala side. The submersion would be about 200 acres, Sri Patil said

He also assured that the Taraka project, would be considered for being included in Fourth Plan.

ML ADMINISTRATION REPORT

Mysore, Dec. 4

Training Cell

Mysore, Dec. 6

A training cell at the State-level is being created to coordinate the various training programmes now being conducted all over the State, Agriculture Minister Rachaiah stated here yesterday.

He was inaugurating the fifth general course in development administration, at the Administrative Training Institute.

The Minister said agricultural production could not be achieved without adequate training at all levels. There should be close coordination between various departments to achieve increase in farm output.

Outlining the steps taken for increased agricultural production, Sri Rachaiah said 20 irrigation pumpsets would be energised and sufficient funds would be made available to the farmers through Land Development Banks.

To help soil conservation, 30 new bulldozers, 20 blastering units had been acquired and orders had been placed for 500 tractors. 50 trailor tractors had been received from Russia.

He regretted about the delay the farmers experiencing in getting the necessary certificates for filling the applications for loans and said he had asked the officers to step the process. Efforts were also being made to simplify the procedure for granting loans.

Dr. H. L. Kulkarny, Principal, welcomed the gathering. Sri M. N. Anantha Raman proposed a vote of thanks.

NEW MUNICIPALITIES ACT 'RETROGRADE'

LEG. COUNCIL CHAIRMAN CRITICISES MINISTER

Mysore, Dec. 6

Sri K. K. Shetty, Chairman of the State Legislative Council yesterday criticised Municipal Administration Minister K. Puttaswamy for enacting the new Mysore Municipalities Act which he called as "retrograde".

Presiding over the valedictory of the centenary celebrations of the City Municipality at Town Hall he said that the new Act contained certain "anomalies" which brought differences between the President and the executive.

The Chairman said it was surprising how Sri K. Puttaswamy, with his experience of two years as the President of the Mysore City Municipal Council, should have introduced such an Act.

Framers of law should give more powers to municipal councils. Without adequate powers the civic bodies had to carry on their work in a routine way, he said.

Sri Shetty said that these clauses which hindered administration of municipalities should be suitably modified.

Public Work Minister K. Lakkappa distributed prizes to the Councillors and the employees of the Municipality who had won in sports competitions.

Civic Chief B C. Lingiah welcomed the gathering and Vice-President K. V. Anantharamiah proposed a vote of thanks.

Later, The Councillors staged a drama, "Ranadhira Kantirava".

SPACE FOR SALE

Project Location Criticised

Bangalore, Dec. 9

The Directorate General of Technical Development, Government of India is 'Enemy No 1' of the country's industrial development as administrative and procedural delays were the main factors that retarded the growth of industries, stated Finance Minister Ramakrishna Hegde here yesterday.

Speaking at the Mysore Chamber of Commerce, he pointed out a case relating to a computer machine company, which wanted to locate its electronic factory in Bangalore. Although the Defence and Industries Ministries had accorded sanction, a decision had been delayed because of 'pressure from some quarters.'

Sri Hegde accused the Central Government of succumbing to pressure in locating industries. He said though Mysore wanted the second telecommunication unit to be shifted from Bombay to Bangalore, the Centre had decided to shift it to Nasik.

NURSERY SCHOOL BUILDING

Mysore, Dec. 9

Education Minister K V. Shankara Gowda will declare open the new nursery school building at Manasa Gangotri tomorrow at 4 p.m. under the auspices of the Manasa Gangotri Education Society.

ABOLITION OF OCTROI SOON

Bangalore, Dec. 9

Finance Minister Ramakrishna Hegde said here yesterday that the Government was seriously considering the abolition of octroi in the State.

He said a high level committee would soon be set up to review the sales tax structure and octroi levy in order to simplify the procedure and remove the impediments hampering the industrial growth.

Speaking at the Mysore Chamber of Commerce, Sri Hegde admitted that the octroi levy had been causing transport delays and harrasment to public and also breeding corruption

Now the whole matter including finding of alternative resource was being examined by the Law and other departments, he said.

NO LOCK-OUT, SAYS MANAGEMENT

Mysore, Dec. 9

The management of the Ideal Jawa Factory in a statement issued today replying to the charges made by the employees has made it clear that the closure was only a temporary one and not a lock-out.

This, it said, was forced on the management as a result of "go-slow" tactics and "creation of unworkable conditions" by the employees.

It said the management was not standing on any prestige and prepared to reopen the factory immediately if satisfactory conditions were created by the employees.

Mysore, Dec. 9

Mysore Division has been adjudged as the best division in the Southern Railway for 1967-68 for good performance. Punctuality of train services, catering, fuel consumption, record of train accidents, expeditious settlement of staff dues etc., are taken into consideration while judging the performance for the award.

HEGDE CRITICISES AICC

Bangalore, Dec. 9

Finance Minister Ramakrishna Hegde yesterday criticised the AICC for passing a resolution for implementing total Prohibition in seven years' time.

"I do not know that compelling reasons the AICC had to pass such a resolution when we have more important problems" he said.

NO NAXALITES INFILTRATION

Mysore, Dec. 9

The activities of Naxalites in Kerala State kept the police of the district busy in strengthening the borders and combing adjoining forest area in the district. However, there was no infiltration of Naxalites into Mysore territory, says a police press note.

During the previous month, the police also made bandobust arrangements for the Taluk Board elections, which passed off peacefully excepting a case of riot in Moogur.

There was marked fall in the figures of property offences in the month. Only 32 burglaries as against 49, 61 thefts as against 77 and 2 cattlethefts as against 9 in October were reported.

There were three cases of murders due to family disputes.

As many as 1,200 cases for violation of Motor Vehicles Act, 34 cases under the Suppression of Immoral Traffic in Girls and Women Act were put up.

About 92.75 quintals of rice were seized and 22 cases of foodgrains smuggling were detected. 28 persons were taken into custody in this connection.

Karim Ahamed, a notorious criminal of Mandi Mohalla, Gangoji Rao and Syed Munna, who were responsible for seven burglaries, were arrested.

FREE ECONOMY, FEW CONTROLS

NEW PLAN STRATEGY

Bangalore, Dec. 9

Sri R. Venkataraman, member of the Planning Commission, yesterday pleaded for replacing total planning by a selective one with emphasis on the development of small-scale sector.

Speaking at the Mysore Chamber of Commerce, he said the mistake the planners had made in all the three plans was that instead of concentrating on a few selective fields, they made the plan total with the result that the resources were spread too thinly.

Sri Venkataraman said total planning implied total control which could succeed only in Communist countries where everything, including manpower and consumption, was conrtlolled by the State. In a democracy, a total plan had inherent weaknesses

He regretted the tendency towards perpetuation of controls. He said that he was against all controls except in essential commodities. They should move towards a competitive economy by watching the forces of demand and supply and taking advantage of every shift in their position. They should always keep moving towards a freer economy.

The Planning Commission, he said, had attempted to do this in the Fourth Plan.

Sri Venkataraman was wry with procedural delays of the industries department in processing the applications from the entrepreneurs for loans It should have a positive outlook and not a negative one, he added.

KUNNIKKAL SURRENDERS

Kunnikkal Narayanan, leader of the Naxalites and who raided the Tellichery police-station in Kerala surrendered to the Trichy police yesterday.

Rao Emphasises Geography Study

Mysore, Dec. 10

Geography emphasised regional planning and area development both of which were essential parts of national economic planning, Dr. V.K.R.V. Rao, Union Minister of Transport, said in a message to the International Symposia on quantitative methods in geography and the gemorphological evolution of the Indian peninsula, which began here today.

Dr. Rao had to cancel his visit to Mysore to inaugurate the symposia as he had to leave for Delhi from Bangalore urgently.

He expressed the hope that the symposia will bringforth not only the facts dealing with various aspects of natural endowments and human endeavours but also certain techniques of development in the country.

Referring to the symposium on the gemorphological evolution of the Indian peninsula, the Union Minister said that a thorogh study of the landforms will be helpful in tapping some of the still untapped resouces of this region.

Sri K.R. Ramachandran Acting Vice Chancellor, inaugurating the symposia, stressed the important role of geographers in the planned economic development of the country.

TALK BY SIVAPPA

Mysore, Dec. 10

Sri S. Sivappa, leader of the Opposition, will speak on 'India's Image Abroad' giving his impressions of his recent world tour tomorrow at 4 30 p.m. at Humanities Auditorium under the auspices of the Political Science Association, Manasa Gangotri. Dr. K. B. Y. Thotappa, Head of the Political Science Department, will preside.

STEEL DEAL CHARGES

Former Iron and Steel Controller A. S. Bam has been charge-sheeted by the Government following certain adverse comments made by the Sarkar Committee, which inquired into certain steel transactions of 1959, Minister Sethi told the Rajya Sabha. Charge-sheets have also been issued against four others, he said.

Sri Radhakrishna, Director of Geology, Government of Mysore, welcoming said that the Indian peninsula was not a static mass but it had great diversities. Unfortunately sufficient attention had not been paid to the Indian peninsula and he hoped that the symposia would bringforth its importance.

Dr. R P. Misra, Professor of Geography, Manasa Gangotri, proposed a vote of thanks.

The symposia is being attended by delegates from foreign countries and 20 Indian members.

SET UP ROAD FUNDS

Bangalore, Dec. 10

Dr. V. K. R. V. Rao, Union Minister for Transport, suggested to the State Governments to set up road funds to increase the pace of road making and bridge construction.

He said that the State Governments could create road funds from their resources such as drawing at least 10 per cent from the motor vehicle tax. The allocation should be free from budgetary fluctuations because the construction programme was time-consuming.

INSTITUTIONS OF MISAPPROPRIATION

Mysore, Dec. 10

The village panchayats and co-operative institutions should play a vital role in the development of the country. But unfortunately they have become institutions of misappropriation, Deputy Commissioner N. P. Singh said here yesterday.

Delivering the valedictory address of the fifth general course in development administration at the Administrative Training Institute, he said that inefficient staff, corruption and lack of adequate decentralisation have come in the way of progress in the country.

Sri Singh exhorted the officers undergoing training to be sincere and hardworking.

Dr. H L. Kulkarny, Principal, welcomed the chief guest. Sri M. N. Anantha Raman, Officer incharge proposed a vote of thanks.

CM'S MESSAGE TO SN

The Chief Minister said: "Dedicated as you are to the service of the nation the occasion of your birthday is important".

Military Coup Difficult In India

Sri S. S. Khera, former Cabinet Secretary and Principal Defence Secretary, has expressed the view that it would be difficult, if not impossible for preparations towards a military coup to be carried out in India.

In his book "India's Defence Problem", SriKhera says that the army coup will be difficult as maintaining secrecy in any extent or depth is very difficult in an open society such as the one which subsits in India.

However, he envisages the possibility of what he calls a Presidential coup. The President might become sufficiently concerned and disturbed by the state of affairs in the country and feel that something must be done.

The President might dismiss the Government. Then as SupremeCommander of the armed forces he might ask the Chief of Army Staff to take over the Government.

A Presidential take-over of this sort might even be termed "constitutional coup" as there is nothing in the Constitution that might prohibit the President from dismissing the Government, Sri Khera says.

CONTROL OVER GENERAL INSURANCE

These were handed over to the Central Excise authorities.

HAVE CHILDREN BY CHOICE

Mysore, Dec. 12

Family planning means having children by choice and not by chance. It is generally possible to have children when the parents want them and when the health and welfare of parents and children can be guaranteed. It is also possible to prevent conception when those conditions are not present, said Sri M.N. Lakshminarasimhaiah, Superintendent of Sameera Teachers' Training Institute, addressing a meeting organised as part of the family planning fortnight in the Institute.

The programme was organised under the joint auspices of the Central Directorate of Field Publicity and the Mysore Makkalakoota Family Planning Welfare Centre. About 150 teacher-trainees took part.

NOTICE

The workmen of Ideal Jawa (India) Private Limited are aware that the management was forced to effect temporary closure of the business as from the morning of the 30th November 1968.

The circumstances which forced the Management to take the said decision were very compelling and were duly enumerated in the Notice of the same date.

This circumstances have now considerably altered in as much as:

(i) The Government of Mysore has referred (as on the 7th December 1968) to the Industrial Tribunal at Bangalore the point of dispute, namely, whether the workmen are justified in demanding the implementation of the interim relief recommendations of the Wage Board, and if not, whether they are entitled to any other relief;

(ii) The Management has received assurances from several workmen that they are prepared not only to resume work and to give normal production but also to create workable conditions in the factory.

In view of these altered circumstances, the Management has decided to reopen the business and to resume normal working with effect from the first shift at 6 a. m. on Monday the 16th December 1968.

The workmen of Ideal Jawa (India) Private Ltd., are hereby intimated of this decision and called upon to resume work on the 16th December in the same shifts in which they were working on 29th November 1968.

The Management is aware that there are some workers who are still intent on disrupting the normal working of the Factory and who have not reconciled themselves to adopting the adjudication machinery prescribed in law for the redressal of their alleged grievances. The Management apprehends that these elements may try to obstruct or prevent the hard core of loyal workers from resuming work. The Management trusts that the large body of workmen will realise that with the reference made to the Tribunal for adjudication, there is no justification for resorting to direct methods and that the attempts of a few disgruntled workmen to mar the Industrial peace.

The Management trusts that in response to this Notice the workmen will resume normal work, thus creating a climate of harmonious Industrial relations.

End State-Centre Pay Disparity

K. K. SHETTY'S PLEA

Mysore, Dec. 16

Sri K. K. Shetty, Chairman of the Legislative Council, yesterday supporting the demand of the NGOs, made a strong plea for ending the disparity in the pay scales of the State and Central Government employees.

Presiding over the one-day convention of the State NGOs at the Town Hall, Sri Shetty said that the discrimination between the State and Central Government employees was also one of the reasons which affected efficient administration.

This discrimination, he said, should be ended as soon as possible in the country by the Centre coming to the aid of the States and the State Governments pressing the Centre for this.

Referring to the State-Centre relationship, Sri Shetty said that at present there was too much of concentration of powers with the Centre. The States should enjoy more powers, he said.

Criticising frequent transfers of the NGOs, he said that the officers who transferred the lower staff should have humanitarian approach and consider the convenience of the NGOs.

He suggested that the Government should put an end to the policy of frequent transfers specially of those who are in the lower cadre to far off places.

By doing this the dissatisfaction among the NGOs could be removed to some extent, Sri Shetty said.

He wanted the Government to give a copy of the Tukol Pay Commission to the State NGOs Association and hear its suggestions.

The Government should also consider the suggestion of the NGOs to set up district, divisional and State level committees for solving administrative problems, he added.

Labour Minister K. Puttaswamy, who inaugurated the Convention, said it was the duty of the Government to pay minimum wages to its employees. But the State Government had paid whatever it could, he said.

Sri P. S. Sripathi, State Association President, also spoke.

Sri S. Krishna Murthy, District Association President, welcomed the delegates and Sri L. Parthasarathy, Secretary, proposed a vote of thanks.

DECISION ON PAY FANEL REPORT

Bangalore, Dec. 16

Chief Minister Veerendra Patil told newsmen yesterday that the Government would not take a decision on the Pay Commission report till it had been discussed by the Legislature.

The Chief Minister said he proposed to lay the report on the table of the Legislature, which begins on Jan. 13.

STRIKE BY ENGG. STUDENTS

Mysore, Dec. 16

The integrated scheme engineering students of the Mysore University have decided to go on strike from today to press their demands.

The students met the Vice-Chancellor on Saturday and presented a memorandum urging that concessions given to their counterparts of the Bangalore University should be extended to them also.

SN FOR SPECIAL LAW TO CURB RED VIOLENCE

Bangalore, Dec. 16

Congress President Nijalingappa yesterday urged for supressing violent and disorderely activities indulged in the name of Communism, if necessary, by a special law by Parliament.

He referred to the violent activities of the Naxalites in Kerala and other parts of the country and said these 'anti-cocial and anti-national activities, if further allowed, would plunge the country into unprecedented chaos and violence. Time had come to supress them even by legislation.

SLAVERY STILL IN US

A century after the abolition of slavery and peonage in the United States, farm workers, particularly the migrants, are still suffering from de facto peonage

The US Civil Rights Commission has ordered an investigation into this effect.

YMCA FETE

Mysore, Dec. 16

Art and language should be made a means to bring people together, Sri P. Kodanda Rao said here yesterday.

He was the chief guest at the International Evening arranged by the Mysore YMCA at the Maharaja's College Centenary Hall. Sri K. A. Korula presided.

Sri Rao said that art, culture and language was not the monopoly of any individual or group but any one who desired could derive benefit from them

He praised the YMCA for its good work of bringing together various nationals residing in the city on a common platform.

Sri Syed Iqbal Khadri, Organising Chairman, welcomed the gathering. Sri N. Mohan Padaki, Organising Secretary, proposed a vote of thanks.

NGOs DEMANDS

Mysore, Dec. 16

The one day State level NGOs Convention has urged the Government to release the with held DA in cash, sanction new rates of DA from Sept. 1 as has been done to Central Govrnment employees and eliminate the existing disparity between them.

The Convention has also urged the Government to make available a copy of the Tukol Commission report to the State NGOs Association to express their opinion before the recommendations are implemented.

SEPARATE STATUS DECRIED

Prime Minister Indira Gandhi yesterday decried the demand of claiming separate status of one kind or another by the so-called minorites.

She said 'this devisive instinct, although natural and understandable, in a competitive democracy, does not really answer the larger social and political problems which must be solved for the ultimate welfare of the minority group'.

Smt. Gandhi urged that all our so-called minorites, religious, linguistic, regional and others, should avaid such escapism.

FAST FOR BIRLA HOUSE

Sri Shashi Bhushan, a Congress MP, yesterday began an indefinite fast in New Delhi along with a Delhi University students' leader, Sri Shanti Dewan, to press the demand for the take over of Birla House by Government as a national monument to commemorate Mahatma Gandhi.

CURB LAWLESSNESS, KERALA TOLD

Deputy Prime Minister Morarji Desai yesterday warned that if the Kerala Government could not or did not curb the lawlessness indulged in by the Naxalites, the Centre had to intervene.

He said for sometime the Communists had been indulging in violence and terrorising their opponents, mainly because of our tolerant attitude But this would be tolerated no more.

MAHAJAN REPORT DEFERRED

Prime Minister Indira Gandhi told newsmen yesterday at Bangalore that Central Gouernment had deferred decision on the Mahajan Boundary Commission report to minimise the irritation that might be caused between the concerned States.

Drink Tea To Avoid Heart Attacks

Tea-drinkers will probably get less heart diseases than non-tea drinkers.

According to Dr. M. S. Iyengar, Director of the Regional Research Laboratory, Jorhat, tea helps to retard hardening of the arteries which cause heart troubles.

He said Russian scientists have claimed even presence of vitamin in tea which had body-building capacity.

Tea, according to him, has more caffeine content than coffee, which costs more to the coffee-drinkers.

AIR NEWS TIMINGS CHANGE DEFENDED

Information and Broadcasting Minister K. K Shah yesterday rejected the demand in the Rajya Sabha to revert to the old timings of news bulletins from All India Radio

Several members criticised the change as "tactless" and unnecessary. Members from the South voiced the fear that the decision was purely motivated to please the pro-Hindi enthusiasts.

Sri Shah asserted that the change was effected in pursuance of the AIR policy to give equal importance to Hindi and English bulletins.

RS. 298-CRORE US LOAN TO INDIA

TO BOOST AGRICULTURE AND INDUSTRY

The United States and India will sign shortly three aid agreements totalling Rs. 298.50 crores.

The US Ambassador, Mr. Chester Bowles, announced yesterday the grant of a big non-porject loan of Rs. 145.50 crores for financing a wide range of inputs required for India's agricultural sector and industry.

He also announced a second loan of Rs. 27.75 crores to quadruple the capacity of the Trombay fertiliser plant with an annual output of half a million tons of fertiliser nutrients.

The United States also supply 2.3 million tons of wheat and considerable quantities of tallow, tobacco and non-fat dry milk under the Public Law 480 programme valued at Rs. 125 24 crores.

Mr. Bowles said the non-project loan will aid both industry and agriculture. The 194-million dollar non-project will finance imports of essential raw materials, spare parts and other supplies, needed for industrial and agricultural production.

NO INCREASE IN TAXES

1.3-CRORE CIVIC BUDGET APPROVED

Mysore, Dec. 21

A Rs 1.30-crore budget approved by the special meeting of the Municipal Council yesterday makes no increase in taxes in 1969-70 but imposition of license fees on new building construction, shop and business establishments, tax on animals and advertisements proposed will have nominal incidence.

The budget shows receipt of Rs. 130, 13, 736 including an opening balance of Rs. 9,05,636 and expenditure of Rs. 114,54,000 leaving a closing balance of Rs. 15,59,736.

The major items of income are Octroi Rs. 27 lakhs, taxes on buildings and lands Rs. 23 lakhs, water rate Rs. 8 lakhs and general sanitary cess Rs. 3 lakhs.

The major chunk of expenditure goes to public health and convenience Rs. 37 6 lakhs followed by public works Rs 32 3 lakhs, public works carried out by PWD Rs. 10 lakhs, general administration Rs 9 3 lakhs and public safety Rs. 4.9 lakhs.

The outstanding feature of the new year's budget is provision of Rs. 25,000 for paying pension to the class IV staff of the Municipality.

Some of the important item of works to be undertaken during the year are commencing the work on super market, construction of modern mutton market and market building in Jayalakshmipuram and other extensions at a cost of Rs. 60,000, completion of Dhanvanthary road shops costing Rs. 2.5 lakhs, construction of a modern Council Hall in the Municipal Office premises costing Rs. 2 lakhs, construction of a Municipal Guest House costing Rs. 50,000, provision of Rs. 4 lakhs for improvement of lighting by installing more mercury vapour lamps and creation of a speical squad to give underground and water connections to all the houses.

The Government has also sanctioned four Urban Family Planning Centres at a cost of Rs. 61,542. The centres will be inaugurated shortly.

Municipal Commissioner P.P. Prabhu presenting the budget said the impact and incidence of the new license fees, and tax on advertisements will be very nominal.

He said it is quite possible that the revision of pay scales and increase in the DA to the staff may throw additional burden but this will not in any substantial way reduce the scale of amenities to public. Obligations of the Municipality will be discharged satisfactorily, he assured.

The meeting which began about 25 minutes late for want of quorum accepted the budget within a few minutes after it was placed on the table with only 11 Congress members, the requisite number for quorum, being present. No opposition members were present. President B. C. Lingiah was in the chair.

LIONS CHARTER ANNIVERSARY

Mysore, Dec. 23

The tenth anniversary of the Lions Club was celebrated at Lalita Mahal Palace on Saturday.

Industries Minister Rajasekhara Murthy, who was the chief guest, praised the significant service of the club.

By its service, he said, the club had removed the misconception that such clubs were meant for bureaucrats and aristocrats to meet periodically, discuss and disperse.

The richer section of the society should help the poorer section in a larger measure. The secret of life lay in making others happy, he said.

Sri Gemini Geneshan, the well-known Tamil film artist, who released the souvenir, praised the service activities of the club.

MODERN HOSPITAL AT 11,500 FEET

Jawans, who keep a vigil on India's highest borders in the bleak and barren mountains of Ladakh, have also to guard against the effects of high altitude and extreme cold. The extreme cold with the thermometer dipping as low as minus 25 degrees centigrade causes frost bite and chill blain.

High altitude causes breathlessness, loss of appetite and in some cases pulmonary oedema, a disease of the chest, which can lead to death if not attended to promptly and effectively. Army doctors have worked out a schedule of acclimatization during which troops newly inducted into the area are kept in a camp before being allowed to take up their assigned tasks. To overcome loss of appetite caused by high altitude food is made more palatable both in content and taste.

Much has been done to control and cure pulmonary oedema since the day when the Army first went into Ladakh to defend the borders. Thanks to the pioneering work done by Army doctors and the facilities created by the Army Medical Corps for prompt and effective medical attention this disease is no longer a dreaded one.

There is today a modern, centrally heated, 20-beded Army hospital, at an altitude of 11,500 feet, in Leh (Ladakh). It specialises in the treatment of high altitude diseases. It has a special pressure chamber where the atmospheric pressure is brought to that available at sea level. Patients with chest diseases are kept in the chamber till their recovery. The hospital has a modern operation theatre and is well equipped with X-ray, electro-cardiogram and other machines. It has a clinical laboratory of its own The hospital is equipped with a modern laundry plant.

SYMPATHY FOR YOUTH

President Zakir Hussain yesterday called for a more positive and sympathetic approach to the problems and difficiulties of the youth of today.

He said the youth 'is determined to strike out a fresh path for establishing a new social order, fair and just to all but who is still groping for new ideas, learning and living and working and seeking joy and happiness'.

The President said it was time to show greater awareness and understanding of the feeling and sentiments that motivated actions of the youth everywhere today.

He was inaugurting the Vishwa Yuvak Kendra at Delhi, the first project of its kind in India, sponsored by the Indian Assembly of Youth, for promoting international understanding.

SUBJECT EXEMPTION FOR DEGREE STUDENTS

Mysore, Dec 24

The Academic Council of the Mysore University meeting on Dec. 21 and 22 took an important decision to exempt candidates from reappearance from the major subject in B.A. and B. Sc. degree courses in which they have secured not less than 40 per cent of the marks. The candidates will be permitted to take examination in the failed subjects only.

The meeting held under the presidentship of acting Vice-Chancellor K. R. Ramachandran considered the representations from third and fourth years integrated course engineering students urging the benefit of 'carry over' of subjects in which they have failed to the final year.

It decided to convene a combined meeting of the Board of Studies and the Faculty of Engineering to consider the matter and make appropriate recommendations. It also decided to consult the Bangalore University, which has given this concession to its students. The Council appealed to the students to call off their strike as the matter was receiving the urgent attention.

It granted exemptions and "carry over" benefits to the degree course students in law as per the recommendations of the Faculty of Law.

The Academic Council approved the implementation of National Service Corps and the National Sports Scheme in addition to the NCC as formulated by the Union Government. It wanted that every student of the University should be involved in any of these three alternative programmes.

Function Costs Rs. 1.50 Lakhs

The total cost of the inaugural function of the Bailadilla iron ore mine was Rs. 1.50 lakhs. The cost of dinner served to VIPs was Rs. 47.50 per head.

This was disclosed by Union Steel Minister Sathi in the Rajya Sabha yesterday.

One Avro aircraft was hired from the Indian Airlines Corporation for the transport of VIPs from Delhi for the inauguration.

The Minister said that in view of the fact that the Visakhapatnam caterer concerned had to go 300 miles to provide the dinner at Bailadilla, he did not feel that a cost of Rs. 47.50 per head was too high.

APPEAL FOR BOOKS

Mysore, Dec. 24

Sri P. V. Satish, Secretary of the University Journalism Association, Maharaja's College, has appealed for donation of children's books in Kannada for the Children's Library housed in Nehru House in New Delhi.

The journalism students, who visited the Nehru House, saw the dolls museum and the children's library attracting number of children daily. But in the Kannada section they were surprised to find barely thirty or forty books whereas in other languages there were number of children's books. The language library is set up there with books donated.

Hence, the Jounralism Association has undertaken to collect books and forward them to the Nehru House, he writes.

OUTSIDERS IN AIR TRANSPORT

A study group on air transport industry has warned that political parties are using all kinds of manoeuvres and pressures to induct themselves into trade union of this industry which has so far been happily free from outside interference.

It says that outside infiltration into the unions would mean getting unnecessarily involved in all kinds of industrial conflicts of other organisations with which outside leaders are bound to be concerned.

MEN ORBIT ROUND THE MOON

FANTASTIC FEAT BY APOLLO-8

America's three Apollo-8 astronauts, continuing their incredible voyage, yesterday went into a Christmas-eve orbit around the moon, the first ever men to do it.

'We have got it, we have got it, Apollo-8 is in lunar orbit', mission control centre reported after the spaceship emerged from a suspenseful 36 minutes when the astronauts were out of contact behind the backside of the moon.

The astronauts executed the critical engine burn that shot them into lunar orbit while they were behind the moon. They had been behind the moon for ten minutes before firing the engine for a four-minute burst that consumed 16,000 pounds of fuel and dropped Apollo-8 into an orbit ranging from 111 to 310 km.

The astronauts had plans to circularise the path at the 69-mile altitude. They are to circle 10 times in 20 hours above the rugged terrain, photographing it and paving the way for future astronauts to land.

FASCINATING PICTURES

The Apollo-8 astronauts yesterday televised fascinating pictures of a wild and wonderous landscape that enabled earthmen to share their incredible adventure.

The moon, enchanter of lovers, contoller of earth's tides and the object of awe since man was primitive, looks 'like plaster of Paris or a sort of greyish beach sand'.

'The moon is essentially grey. No colour', said Lovell.

POSTAL CONCESSION TO NEWSPAPERS

Mysore, Dec. 25

The question of reducing postal charges for newspapers from the enhanced five paise would be raised at the Conference of Information Ministers to be held at Hyderabad on Jan. 3 and 4, Information Minister Rajasekhara Murthy told newsman here today.

Participathing in the 'Meet the Press' programme under the auspices of the Journalists' Association, Sri Rajasekhara Murthy said that the plea of the small papers like the one exisiting in Mysore for postal concession was justified. This had to be considered seriously.

The Minister assured that he would raise the question in the Hyedrabad Conference which will be inaugurated by Union Information and Broadcasting Minister K. K. Shah.

Sri Rajasekhara Murthy praising Mysore City newspapers, said though they were small in size they were rendering a useful service. They were maintaining a high journalistic standard and were not indulging in personal criticisms.

Earlier, President N. N. Sastry welcomed the chief guest. Sri Agaram Rangiah explained the various problems of city dailies. Secretary G. Satyanarayana proposed a vote of thanks.

Sri M. D. Mariputtanna, Directorof Information and Tourism, was also present.

56-Crore Mysore Outlay For Next Year

An outlay of Rs. 56 crores has been agreed upon by the Planning Commission for Mysore's annual plan for 1969-70.

This was decided yesterday at the meeting of Mysore leaders with the Commission.

The likely Central assistance estimated for the State for the next year is Rs. 30.6 crores, the remaining amount representing State resources, including additional resources, mobilisation and raising of finances through economies and institutional arrangements.

Chief Minister Veerendra Patil pleaded that the State sector allocation should be higher than that of the Central sector in the fourth plan.

He said that he was concerned about the size of the national plan as a whole and suggested that in view of the non-availability of the Finance Commission's final report on division of resources between the Centre and the States, there were uncertainties which hampered finalisation of the fourth plan. And such the discussion on Mysore's fourth five-year plan might be deferred.

ASTRONAUTS SUCCESSFUL MANOEUVRE

ON WAY BACK TO EARTH

Apollo-8 astronauts Frank Borman, James Lovell andWilliam Anders, after a 20-hour orbit of the moon, successfully broke free from the grip of lunar gravity by firing the rocket engine of the spacecraft and starting it back towards the earth at 11-40 a.m. IST yesterday.

If all goes well, the astronauts, first men ever to see the "vast, lonely, forbiding expanse of the moon" from a distance of only 60 nautical miles, will splash down in the Pacific Ocean, south of Hawai, at 9-21 p.m. IST tomorrow.

The critical manoeuvre came as the spacecraft was behind the dark side of the moon and out of touch with earth stations. Had the spacecraft engine failed to fire, the astronauts might have been trapped in lunar orbit and doomed to die when their oxygen ran out.

Lt. Col Thomas Stafford, Commander of the next manned U. S. flight around the moon, has said that the U. S. 'has the possibility to land men on the moon right now'.

According to space officials landing may occur in June next year.

CULTIVATE SPIRIT OF UNDERSTANDING

Pope Paul on the Christmas day has appealed to the world to cultivate the spirit of understanding. Celebrating the birth of Christ in the Italy's biggest steel works at Toranto the Pope told the workers that work and religion in the modern world "are two separate, detached and often even opposed things".

"Nevertheless, this separation and mutual lack of understanding has no reason to exist", he added.

42 Burnt Alive In Kisan Clash

Fortytwo persons, mostly Harijans, were burnt alive on Wednesday night in Kilavemani, near Nagapattinam in East Thanjavur district, following a clash between two groups of kisans.

It is said that Marxist Communist kisans attacked the non-Communist kisans imported for harvest work and killed one of them. The non-Communist kisans numbering about 200 retaliated by setting fire to huts belonging to Communist kisans.

Twentyfive huts in all were burnt to ashes. The victims including many women and children, were caught inside a hut and were charred to death.

PSYCHOLOGY FOR YOUTH PROBLEMS

SHANKARA GOWDA'S PLEA

Mysore, Dec. 27

Education Minister K. V. Shankara Gowda asked the psychologists assembled here today to increasingly apply psychology to the solution of youth and educational problems in the country.

Inaugurating the seventh annual conference of the Academy of Applied Psychology at Manasa Gangotri, Sri Shankara Gowda said in the age of social, scientific and technological advancement old values were being shattered and new patterns of behaviour were emerging.

'One such pattern of behaviour concerns our students in schools and colleges. Day in and day out, we hear of studeut demonstrations in various parts of the country on one or the other issue - tuition fee, examination system or language problem or even as simple a question as the retention or transfer of a teacher. Very often, one or the other university declares closure till the trouble on the campus comes to an end" he said.

The Education Minister said it was a pity that we had not made use of the psychologist and his expert knowledge to analyse our present predicament, to know what forces provoke these difficult situations and what part political and other influence play in provoking student outbursts.

He said that the application of psychology was useful not only in the field of education but also in other fields. Industrial psychology, legal psychology and business psychology helped in solving the problems in those particular fileds.

Prof. B Krishnan, Head of the post-graduate department of Psychology, Mysore University, delivering the presidential address said that there was a great task before the psychologists in the country today.

At present no empirical research had been done on Indian psychology. A few psychologists were under the impression that Indian psychology might not be amenable for research with the techniques used in modern psychology.

But, he said, delving deep into the 'rich treasure mine' of ancient Indian literature with a background of modern psychology one might discover useful material and develop a body of psychological knowledge based on Indian sources.

Pleading for original work, Prof Krishnan said for the adaptation of western researches in our country they needed to be studied on the background of our culure which had an important bearing in the development of an individual.

Registrar K. R. Ramachandran, welcoming the delegates, said Mysore University was the second in the country to institute a discipline in psychology in 1924, headed by Dr. M. V. Gopalaswamy. But it had the distinction of being the first to institute a chair in psychology.

Dr. H. S. Eswara read the messages. Prof. C. R. Paramesh, Secretary of the Academy, and Prof H. M. Naik, Reception Committee Member, proposed a vote of thanks.

Central DA Merged With Pay

The National Council of the Joint Consultative Machinery yesterday decided to merge dearness allowance with basic pay of Central Government employees at the index level of 175 The present index is 215

The decision will mean that there will be cent per cent merger of dearness allowance with pay at the index level of 175.

The amount to be merged varies from Rs. 47, out of a DA of Rs. 71, for the lowest income slab of Rs 70 to Rs 109, to Rs. 120 or 100 per cent for the highest pay scale of Rs. 500 to Rs. 999.

The Council unanimously decided to accept the proposals made by its bipartite committee with retrospective effect from Dec. 1 this year.

The decision will cost the exchequer Rs. 17.35 crores initially. The extra burden will go up by Rs. 1.4 crores annually till it is stabilised in the next 10 to 20 years, according to an official.

SAFE RETURN OF SPACEMEN

ON TIME PIN-POINT LANDING

Astronauts Frank Borman, James Lovell and William Anders in their six tonne spaceship, Apolllo-8, returned to earth safely after a triumphal half million mile trip to the moon and back.

Apollo 8 dropped into the darkened Pacific sea at 9-20 p.m. IST about 1,700 kilometres south-west of Hawai. The landing was right on time, almost pinpoint, an estimated 4 800 metres from the main recovery carrier, the Yorktown.

To reach their landing target in the Pacific, the three moon explorers survived man's hottest and and fastest re-entry through the atmosphere.

Apollo-8, which slammed into the outer limits of the atmosphere at 39,590 km (24,630 miles) an hour, was punished by forces nearly seven times the pull of gravity and was blistered by heat more than 3,000 degrees centigrade.

The astronauts had been away from earth for six days and three hours. They travelled 69 hours outward to the moon, circled it 10 times in 20 hours and then raced home along a 58-hour corridor, in all completing 537,000 miles.

The hatch of Apollo-8 opened 30 minutes after the splashdown and the astronauts emerged out, and got on to the pneumatic raft. They got into a helicopter and flew to the Yorktown

President Zakir Husain has sent a message to US President Johnson hailing the successful return of Apollo-8, after the orbit of moon.

RAM WARNS ABOUT CONVERSION

Union Food Minister Jagjivan Ram yesterday warned that India might be faced with the demand for the creation of a 'Christianistan' in another 10 or 15 years if conversion of Harijans continued.

Addressing the all-India Conference of the Depressed Classes League at Anantapur, Sri Ram said that in recent years, greater activity by missionaries to convert Harijans had been noticed. Soon the conversions would create a big national problem.

He said that unless untouchability was removed and common drinking water wells were provided in all villages and house sites given to depressed classes 'a stage may come when the situation in rural areas will go out of hand'.

Sri Ram suggested observance of a fortnight in the Gandhi centenary year for serious efforts to throw open wells to Harijans.

Congress President Nijalingappa inaugurating the conference said that Communists and other elements were trying to lead Harijans on the wrong path. He suggested that State Govenments should abstain from giving financial aid to inststutions and hostels where Harijans were not allowed in.

DEMONSTRATION BEFORE CHINESE EMBASSY

47 persons inclding Sri M. L Sondhi, a Jan Sangh member of the Lok Sabha, were taken into custody yesterday when they tried to force their entry into the premises of the Chinese Embassy in Delhi. The demonstration was in protest against 'the insulting behaviour' of the Chinese towards the editor of an Indian daily at the Hsunkosi project site in Nepal.

TRADE GAP REDUCED

India's trade gap which was very wide and large for decades, has now been reduced to minute proportions. The spurt in exports this year combined with a steep fall in imports has made this happy state of affairs possible.

In April, the first month of the current financial year, the trade gap was Rs. 89 82 crores. But this gap closed rapidly down to just Rs. 10 89 crores in August and further to Rs. 6.63 crores in October.

HINDI VARSITY

Congress President Nijalingappa yesterday discussed the question of the establishment of a Hindi University in the South with Union Education Minister Triguna Sen and University Grants Commission Chairman D.S.Kothari in New Delhi.

TAKE AWAY EDN. FROM GOVERNMENT

Sri Jayaprakash Narayan, the Sarvodaya leader, has suggested that education should be taken away from the Government and run jointly by the teachers, the taught and the guardians.

Inaugurating the All-India Educational Conference at Jaipur, he said the students, particularly at the University level, should have a positive say with regard to the syllabus as well as how they were taught by the teachers.

Sri Narayan said 'It is not the politician who should ever set moral standards for society, but the teachers who can give a moral lead to the nation, including politicians'.

He expressed concern over the intellectual and moral standards of young teachers.

SCIENCE TEACHERS SANS SCIENCE

A recent all-India survey conducted by the Government of India had revealed that nearly 10,000 teachers out of a total of 65,000 teaching science subjects in schools in the country had not studied science at all.

Similarly, the survey had indicated that 600 teachers' training colleges in the country were manned by persons of whom only two per cent had doc orates, 58 per cent post-graduate qualifications and the rest were hardly graduates.

GIANT TELESCOPE

A 48 – inch reflecting telescope, the largest of its kind in South-East Asia, has been installed at the Osmania University in Hyderabad. It has been proposed to undertake several new programmes of research in the field of optical astronomy at the new observatory.

Work Like A Team

ADVICE TO UF MEMBERS

Mysore, Jan. 2

An advice to the United Front candidates newly elected to the Municipal Council to work like a team was given yesterday by the speakers at the public meeting under the presidentship of Sri S. Channiah.

The meeting had been arranged to thank the public for voting the United Front to power.

Sri Aziz Sait, MLA, said the Congress party was behaving as though it was losing its hereditary power and was already speaking of the Council's supersession or trying to raise its status into Corporation and nominate its own members.

Sri Chowdiah, the newly elected Councillor, declared he would not join the Congress from which he had defected.

Sri L. Srikantiah, MLA, warned that if they did not provide the basic facilities to the citizens the United Front would face the same fate as the Congress suffered.

CM On City Civic Elections

Chief Minister Veerendra Patil said at Hydarabad yesterday that he did not attach any special significance to the Congress debacle in the Mysore civic polls. It had no political or ideological importance, he said.

Only local influence seemed to have worked there, otherwise, the Congress had done extremely well in all the three by-elections to the Legilsature as well as in the Taluk Board elections, the Chief Minister added.

MAHAJAN REPORT

Chief Minister Veerendra Patil stated yesterday at Hyderabad that the Mahajan Commission report had not been shelved and in fact, during his every meeting with the Prime Minister, he had been urging her the need to implement the Commission's report in full on the Mysore-Maharashtra border dispute.

He said that if the linguistic States became an obstacle to national integration, he would plead for their abolition. He added that it behoved all of them to work for the creation of an atmosphere favourable for national integration. The people of different States should develop a feeling that they all belonged to one and the same motherland.

THIEVES JAILED

Mysore, Jan. 3

The City Magistrate has sentenced Seena alias Kothi of Vanivilas Puram to six months' RI for stealing stainless steel articles.

VARSITY HONOURS KUVEMPU & JOSHI

Mysore, Jan. 8

Poet Laureate K. V. Puttappa and Gujarati Poet and Vice-Chancellor of the Gujarat University Umashankara Joshi, who are the recipients of the Jnanapith Award, were honoured by the Mysore University yesterday at a function held in the Maharaja's College Centenary Hall.

Dr. K. L. Shrimali, Vice-Chancellor of the Mysore University, who presided, said the names of these two distinguished writers were household words in Karnataka and Gujarat and their names would remain immortal.

Both the poets had been writing for the last several years and were inspiring our generation, he said.

India always worshipped saints and writers. Now there was a temporary phase of worshipping politicians. This would soon pass by, Dr.Shrimali, added.

Dr. V. K. Gokak, Vice-Chancellor of the Bangalore University, said that the honour given to the Kannada and Gujarati poets together indicated that recognition was being given not to any regional literature but for the Indian literature as such.

These two poets in their writing had their own view of the world. They had expressed how the Indian culture could progress he said.

Such functions, he said, were indications of our cultural progress and they should be held in greater numbers.

Dr. Praphulla Dave of the Regional College spoke on the writings and life of Dr. Umashanakara Joshi.

Dr. Joshi, thanking the Mysore University for the honour, referred to the writings and his intimate contacts with Dr Puttappa.

It was a great day when Dr Puttappa gave the finishing touches to his magnum opus, 'Ramayana Darshana'. Dr. Puttappa broke that great news to him, Dr. Joshi said.

The Gujarati writer said that the best work reached other areas if we shed our lethargy and it might be possible for our youngmen to act as bridges to pass on the literature of one language into another.

He said: "We are only symbols of a great fraternity of poets working in India. There is quite a bunch of veteran poets writing in various languages".

Dr. Puttappa said the function had shown that regional languages which were once called as vernaculars were today gaining importance and securing the place they deserved.

He said that it was through culture the unity of the country could be achieved and cultural unity was utmost important.

Dr.Prabhushankara, Director of the Prasaranga, read the messages.

Sri K.R.Ramachandran, Registrar, proposed a vote of thanks.

Increase Electricity, Irrigation Rates

The Planning Commission has pointed out that the States are at present incurring a net loss of about Rs. 75 crores per year on commerical irrigation works.

It has emphasised the need for rationalising the irrigation rates in line with the recommendations of the Nijalingappa committee. If these recommendations are implemented, the additional yield over the Fourth Plan period would be about Rs. 400 crores.

The Commission has also urged the need for implementing the Venkataraman committee proposal for an 11 per cent return on capital employed in electricity undertakings. It is estimated that if the present aveage rate of about 10 paise per kilowatt-hour is raised by just one paise, the additional yield in the Fourth Plan would be about Rs. 300 crores.

IMPLEMENT MAHAJAN REPORT IN TOTO

GOVERNOR'S PLEA TO THE CENTRE

Bangalore, Jan. 15

It is a matter of regret that the Centre has not taken a decision so far on the Mahajan Commission report over the boundary dispute between Maharashtra and Mysore and Kerala and Mysore, though the State Government has been pressing the Centre to accept the findings and implement it in toto, Governor Pathak, stated in his address to the joint session of the State Legislature on Monday.

The Governor, who made a survey of the progress achieved in several departments, said that it had been possible to achieve a break-through in agricultural production in spite of delayed rains on the khariff crop in certain parts of the State.

He said it was proposed to accord high priority for the completion of irrigation schemes and power projects.

As regards the implementation of land reforms, the Governor said the abolition of privileged tenures under the existing enactment was under way. Occupancy rights had been conferred to more than five lakh acres and compensation of Rs. 25 crores had been paid in cash or in bonds to inamdars. The rest of the inams would also be abolished Suitable amendments would be introduced during the session.

Investigation of the Kalinadi hydel project having been completed, the Government proposed to include the project in the fourth plan, he said.

On the need to use Kannada as the language of the administration, the Governor said 'there can be no difference of opinion about the imperative need in this regard'.

About octroi, he said the Government was trying to find out a method of rationalisation to give relief to enterprising industrialists. The question of abolition of octroi was also engaging the attention of the Government.

The Governor said that the Government had decided that for each subject of study there should be a common text book in the State and more books would be nationalised.

IMPLEMENT MAHAJAN REPORT IN TOTO

GOVERNOR'S PLEA TO THE CENTRE

Bangalore, Jan. 15

It is a matter of regret that the Centre has not taken a decision so far on the Mahajan Commission report over the boundary dispute between Maharashtra and Mysore and Kerala and Mysore, though the State Government has been pressing the Centre to accept the findings and implement it in toto, Governor Pathak, stated in his address to the joint session of the State Legislature on Monday.

The Governor, who made a survey of the progress achieved in several departments, said that it had been possible to achieve a break-through in agricultural production in spite of delayed rains on the khariff crop in certain parts of the State.

He said it was proposed to accord high priority for the completion of irrigation schemes and power projects.

As regards the implementation of land reforms, the Governor said the abolition of privileged tenures under the existing enactment was under way. Occupancy rights had been conferred to more than five lakh acres and compensation of Rs. 2 5 crores had been paid in cash or in bonds to inamdars. The rest of the inams would also be abolished Suitable amendments would be introduced during the session.

Investigation of the Kalinadi hydel project having been completed, the Government proposed to include the project in the fourth plan, he said.

On the need to use Kannada as the language of the administration, the Governor said 'there can be no difference of opinion about the imperative need in this regard'.

About octroi, he said the Government was trying to find out a method of rationalisation to give relief to enterprising industrialists. The question of abolition of octroi was also engaging the attention of the Government.

The Governor said that the Government had decided that for each subject of study there should be a common text book in the State and more books would be nationalised.

He said the recent Government decision in this behalf did not apply to other municipalities but only to Bangalore Corporation.

HEMAVATHI PROJECT

Bangalore, Jan. 18

The Assembly was told by Chief Minister Veerendra Patil that Madras has raised a fresh series of objections to the sanctioning of technical clearance to the Hemavathi project, even after the high-level conference in Delhi where the Madras team had agreed to the clearance after Mysore had furnished all the clarifications sought for.

He said the Centre had forwarded these objections to Mysore. But the State Government had made it clear that technical clearance should be accorded to the project on the basis of the decisions taken in the Delhi conference and that it was not prepared to give any more explanations to the fresh issues raised by Madras.

The Chief Minister made it clear that the State Government would no longer wait for the technical clearance from the Centre and go ahead with the project as and when funds were available.

INDIAN VARSITIES RAPPED

Dr. D. S. Kothari, Chairman of the University Grants Commission, stated yesterday that Indian universities had not yet taken roots in the country's soil. He pleaded for modification of the structure of Indian universities to meet the country's economic needs.

Education, he said, was the most powerful instrument for productivity and economic growth. If used negatively, it could make a country bankrupt.

Dr. Kothari said the student unrest was the consequence of education becoming irrelevant to contemporary needs.

Importance Of Pathology Study

Mysore, Jan. 20

"Pathology is the grammar of medicine It is the sea upon which sails the ship of medicine. The objective for teaching pathology should be to enable the student to get insight into the nature of disturbed health", Health Minister Y. Ramakrishna said here today.

Inaugurating a seminar on "The role of pathology in medical education" organised by the World Health Organisation at the K. R. Hospital, the Minister said a sound knowledge of pathology should provide rational basis for the pattern of ailments observed at various stages of disease.

Stressing the importance of pathology in medical education, Sri Ramakrishna said it was basic subject from which the under-graduate got his first glimpses of the causation and effects of disease.

The ultimate object of medical education was to enable the student to become a competent physician which is the mature outgrowth of an undergraduate induced and trained to be a life long student of human biology.

Dr. B. N. Lingaraju, Joint Director of Health Services, welcomed the participants. Dr. R. E. J. ten Seldam, WHO Cosultant and in charge of the seminar, proposed a vote thanks.

28 participants from Ceylon, Kerala, Gujarat and Mysore are participating.

Mysore, Jan. 20

The first annual music conference will be conducted by Sangeetharatna T. Chowdaiah Memorial Gayana Samaj from Jan. 26 for four days at T. Narasipur, the birth place of the late great violinist.

The conference will be conducted as an adjunct to the first anniversary of the Sabha which is running a school for music.

Registrar K. R. Ramachandran will inaugurate the conference and Vidwan Chennakeshaviah will preside. At the valedictory function, Vidwan Balachandran will present the title of "Sangita Vidya Nidhi" to Sri Chennakeshaviah.

The conference will discuss various subjects on the Karnatak music. There will be music competitions, singing of Sri Chowdaiah's compositions, and music competitions to encourage young musicians will be held.

A reception committee with Sri Lingappaji, brother of Sri Chowdaiah, as President, and 'Rajashree' as Vice-President, has been formed.

Dr. N.S. Vijayaraghavachar, President of the Samaj, and Sri R. Sathyanarayana gave the details of the conference at a press conference yesterday.

English Indispensable, Kunzru

Mysore, Jan. 20

The State Governments were doing a great injustice to the student community and prejudicing their future by neglecting the teaching of English in schools and colleges, Pandit H. N. Kunzru warned here on Saturday.

Delivering the convocation address of the Mysore University, he said that knowledge of English was indispensable to the progress of the country and arrangements for teaching it should be greatly improved.

It was obvious, he said, that Hindi would take a long time to establish itself as the medium of communication throughout the country.

Pleading for a phased transition from English to the regional languages as the media of instruction, Sri Kunzru said this was necessary in the inteiest of education.

It was admitted that theoretically the mother-tongue should be the medium of instruction. But the regional languages unfortunately were underdeveloped. Prematurely making the regional languages the media of instruction in universities would make the students parochial, he warned.

Convocation Conducted In Kannada

Mysore, Jan. 20

For the first time in the 54-year-old history of the Mysore University, all the ceremonial deliberations, excepting the address by Dr. H. N. Kunzru, of the 49th annual convocation, were conducted in Kannada on Saturday.

The gathering of students and spectators numbering about 10,000 at the open air theatre in Manasa Gangotri cheered and applauded when Vice Chancellor K. L. Shrimali requested Chancellor G. S. Pathak to in Kannada inaugurate the convocatio.

Governor Pathak followed suit and inaugurated the convocation addressing in Kannada. All the students took their degrees in their own mother-tongue, Kannada.

As many as 4407 students including 1128 girls took their degrees. Of them, 2,636 received their degrees in absentia.

Full DA In Cash From January

Bangalore, Jan. 22

Finance Minister Rama Krishna Hegde announced in the Assembly yesterday that the full quantum of the increased dearness allowance sanctioned for NGOs during the presentation of the budget last year will be paid in cash with effect from Jan. 1.

The withheld DA payable from March to Dec. 1968 would be invested in national savings certificates, he added.

DEBATE ON CENSURE MOTION BEGINS

Bangalore, Jan. 22

The debate on the no-confidence motion moved by the Opposition began yesterday in the Assembly. Sri S. Sivappa, initiating the debate, criticised the Government on the Gulbarga and Raichur excise auctions.

He referred to the Supreme Court judgment on the cancellation of licence to Sri Bhooma Reddy on which it had said that there was ground for suspicion that the State Government tried to favour a contractor.

What the Opposition wanted to prove had been done by the highest court in the land, he said.

Sri Sivappa said that if the Government had even any respect for democracy, it must resign.

Ugly Incidents In Assembly

Bangalore, Jan. 22

Unprecedented disorder prevailed in the State Assembly yesterday when the Marshal was prevented from carrying out the Chair's directive to remove defiant SSP member Aziz Sait from the House.

Opposition members prevented the Marshal barricading him from touching Sri Aziz Sait and pushed him back. A few members even rushed towards the Speaker. Amidst pandemonium, the Speaker adjourned the House for an hour.

The incidents occured during the question hour when supplementaries on a question on the allotment of scooters to legislators were being raised.

The Speaker first warned Sri Aziz Sait not to disturb and later asked him to withdraw from the House. As the SSP member ignored it, the Speaker ordered his suspension for the rest of the session and requisitioned the services of the Marshal to eject the member.

When the House met again, Sri S.Channiah apologised to the Speaker for the ugly incidents. On the request of Sri Channiah, the Speaker withdrew the order suspending Sri Aziz Sait.

Shrimali's Call For Proper Analysis

Mysore, Jan. 23

Vice-Chancellor K. L. Shrimali yesterday called for a proper analysis of our failures and achievements after Independence to correct the true image of India.

He was inaugurating a week-long festival of documentary films "Image of India" under the joint auspices of the University Journalism Association and Regional Directorate of Field Publicity at the Maharaja's College Centenary Hall

Dr. Shrimali said the main purpose of the documentaries was that our young people should know their own country. In these documentaries they saw the image of India.

But the image of India today consisted of two things. On one side there was the great culture and achievements after the Independence On the other side there was another image of restlessness and turmoil in students and people. The question arose in the minds of the youth which of these two was the correct image of the nation.

Dr. Shrimali said "we have to accept the reality. We must not only recognise the great achievements but be aware of our failures. A proper analysis of these will show that we ourselves are responsible for our failures. It indicates we are not fully committed to the great ideals of democracy. When we get involved in building a true democracy we will realise our responsibility", he added.

Earlier, Sri P. V. Satish, Secretary, welcomed the gathering. Sri Eswara Bhatt proposed a vote of thanks.

Censure Motion Fails

Bangalore, Jan. 23

The State Assembly yesterday rejected the no-confidence motion tabled by the joint Opposition on the Veerendra Patil Ministry, by a voice vote.

The Chief Minister replying to the debate, denied the Government had shown any kind of favouritism to any contractor in the Bhooma Reddy Excise Contract deal, which was the main point of Opposition attack.

He said the Government had acted with a clean conscience and with the best interests of the State and its exchequer in view.

He also held that the Supreme Court remark in the judgment setting aside the High Court order was not a stricture but only a passing reference.

HEGDE RESIGNATION NOT ACCEPTED

Bangalore, Jan. 23

Chief Minister Veerendra Patil disclosed in the Assembly yesterday that Finance Minister Ramakrishna Hegde had submitted his resignation to him soon after the confirmation copy of the Supreme Court judgment on the excise contract case had reached Bangalore.

Sri Patil said that he had consulted the Advocate-General, the Law Secretary and Sri Setalvad and was told by them that there was no stricture whatever on the Government and hence there was no need for the Minister to resign. He had, therefore, requested Sri Hegde not to press the resignation.

The Chief Minister was replying to the debate on the no confidence motion.

Lathi-Charge In City

ANTI-TAMIL DEMONSTRATION

Mysore, Jan. 24

Police made a mild lathi-charge on the anti-Tamil demonstrators who were throwing stones at a theatre screening a Tamil film in the city yesterday.

Twelve persons have been taken into custody in this connection. The arrested include some students, a MSRTC bus conductor, a carpenter and an ITI employee of Bangalore.

The demonstrators, numbering about 500, went in procession shouting anti-Tamil slogans to three theatres showing Tamil films. At one theatre, they broke glass panes by throwing stones. They tore off Tamil posters and set fire to a hoarding outside a theatre.

Matinee shows in two theatres were suspended. The demonstrators went to schools and colleges also and disturbed the classes.

M. N. THIMMIAH ELECTED PRESIDENT

M. SHIVANNA VICE-PRESIDENT

Mysore, Jan. 24

Sri M. N. Thimmiah and Sri M. Shivanna of the United Front were elected President and Vice-President, respetively, of the City Municipal Council yesterday.

Sri Thimmiah defeated the Congress candidate Sri M. Somasundaram by 20-15 votes and Sri Shivanna defeated Sri M. K. Ramakrishna of the Congress by a similar margin.

This is the first time in the history of the City Municipal Council that non-Congress members were elected as civic chiefs.

All the 19 United Front Councillors were present and so also all the 15 Congress members. The lone Jan Sangh Councillor also voted.

Deputy Commissioner N. P. Singh presided over the meeting in the absence of the outgoing President Sri B. C. Lingiah. He also conducted the election.

After the declaration of the results, Sri B.C. Lingiah led the new President to the Chair. Members spoke in praise of outgoing President Lingiah and Vice-President K. V. Anantharamiah. They also congratulated Sri Thimmiah and Sri Shivanna.

Sri Thimmiah is a journalist and veteran co-operator. In the previous Council, he was the leader of the Opposition Party. He belongs to the PSP.

Sri Shivanna is a labour leader and also belongs to the Praja Socialist Party.

Revise Teacher Training Courses

SHRIMALI'S PLEA

Mysore, Jan. 25

Vice-Chancellor K. L. Shrimali today called for a complete revision of the teacher training courses and the syllabi. They should, he said, reflect the great changes that were taking place in the society.

He was inaugurating the second conference of the teacher educators in the State here at the Maharaja's Higher Secondary School.

Dr. Shrimali said it was most unfortunate that the teacher training institutions were following the same beaten track adopted about a century ago. The great changes, specially after Independence, had not been reflected in their courses.

This needed a serious consideration by the teacher educators. The teacher educators should involve in the social affairs of the country actively, the Vice-Chancellor said.

INTRODUCE KANNADA MEDIUM

Sri A. C. Deve Gowda, Special Officer for School Reogranisation, in his presidential address, said that the three Universities in the State should take a firm decision to introduce Kannada medium from a particular year, say the academic year 1972-73, and complete all the preliminary work by that time.

He said that many universities in the country had already accomplished this change and we should not find it difficult to do so. English might be continued to be offered in some colleges for the benefit of linguistic minorities in addition to the regional language medium.

Sri Deve Gowda suggested to the three universities to set up joint committees for preparing the required text books in Kannada. If joint action was not taken there would be a lot of avoidable duplication and wastage of resources, he said.

He expressed the hope that the State Government would take immediate action to set up the State Council of Educational Research, Extension and Training and give the much needed impetus to the all round advancement of education.

Sri K. Basaviah, President of the State Teacher Educators Association, welcomed the gathering. Sri K. Rama Rao read messages and Sri S R. Rao presented a report. Prof. J. N. Ramachandran proposed a vote of thanks.

COMMITTEE ON RESOURCES

Bangalore, Jan. 25

Sri S. Bhoothalingam, Director-General of the National Council of Applied Economic Research, will head the six member committee to advise the State Government on raising resources and rationalising the tax structure, Finance Minister Ramakrishna Hegde announced in the Assembly yesterday.

NEW PRESIDENT FELICITATED

Mysore, Jan 25

Sri M. N. Thimmiah, newly elected President of the City Municipal Council, was felicitated yesterday by Sri K. Narasiah and other merchants of Evening Bazar.

Sri S. Channiah, presided. Sri K. Suryanarayana Rao and Sri Agaram Rangiah spoke.

Sri Thimmiah and Sri M. Shivanna, Vice-President, assured that they would earnestly work for improving the city and providing more amenities to the citizens.

Sri H.L. Srikantamurthy welcomed the gathering.

Republic Day Celebrations

Mysore, Jan. 27

A large gathering of students and teachers yesterday watched the colourful Repuplic Day Parade and celebrations at the Open Air Theatre in Manasa Gangotri.

Vice-Chancellor K. L. Shrimali unfurled the national flag and took the salute at the march-past.

After the parade there was a display of weapons and launching of mini-rockets by the students of the Regional College.

Three tableaux were also in the parade. There was a cultural programme which lasted for about an hour. Programmes like Bangra dance by Maharani's College, Highland fling by the Teresian College, Himachal dance by Christ the King Convent, Folk dance by Music college, group singing by students of various colleges were held.

The celebrations under the auspices of the City Municipal Council at Town Hall turned out to be a poor show. In the morning, Civic Chief M.N. Thimmiah unfurled the flag. The usual march past by the Police, MARP, NCC and others were missing at the Town Hall maidan this year as the venue of the celebrations had been shifted to the Parade Gounds.

At the Parade Grounds, Sri B. Rachiah, Minister for Agriculturel, unfurled the flag and took the salute at the march past by the police, MARP, Sevadal and others. This was the first time that Republic Day celebrations were conducted here attracting a large gathering of the surrounding areas.

Various organisations and institutions also celebrated the day in the city.

The Mysore Junior Chamber celebrated the day under the presidentship of Dr. H A B. Parpia, Director, CFTRI. There was also a cultural programme by the members.

The Junior Jaycees visited Chandagal, a village in the outskirts of the city, and donated books, slates and other articles to the primary and middle school children. They also put up a cultural programme and entertained the villagers.

A special documentary films show, "Freedom's Challenge" and "Our Prime Minister, Nehru", was held at the Ganesh Picture House. Sri M. N. Thimmiah, Municipal President, was the chief guest.

FIGHT REACTIONARIES, —GYAN CHAND

Mysore, Jan. 27

Dr. Gyan Chand, former Economic Adviser to the Union Government, called for building up of an overwhelming social power to effectively counter the growing reactionaries in the country.

He was inaugurating "Samata Vidyalaya", a school of socialism, started on the ideals of Dr. Lohia here on Saturday. Sri M. P. Veerendra Kumar, Kerala SSP leader, presided.

Dr. Gyan Chand said the country was passing through a very disquieting period and there was political and ecnomic disintegration. Plans had produced very disappointing results and was going away from the ideal of socialism.

The reactionary interests, he said, were consolidating in the country. Their purpose was to sabotage socialism. The seriousness of the situation should be realised and the strength of the masses should be built up to countervene these reactionory forces.

Dr. Gyan Chand said that this was the ideal of Ram Manohar Lohia. He wanted the masses should be aroused and their power was built up. The school of socialism should work towards this aim, he said.

Earlier, Sri P. Mallesh, one of the organisers, welcoming explained the objectives of the school.

Plea For Kannada Medium In B. Ed.

Mysore, Jan. 28

The second State-level Conference of Teacher Educators, which concluded here on Jan. 26, has requested the three Universities in the State to start the course of Bachelor of Education in Kannada medium also.

It has pleaded for examining the question of organising suitable training programmes for teachers of the envisaged two-year Pre University Courses.

In another resolution the Conference has urged for the introduction of Education as a subject of study for B. A. and B. Sc. courses.

The teacher training programme should be made free and entire cost should be borne by the State to attract better persons to the profession, another resolution said.

It has also pleaded for the extension of triple benefit scheme to all the B. Ed. and teacher training institutions.

The pay scales, service conditions and retirement benefits of all the staff of B.Ed. colleges and the training institutions should be same for both Government and private institutions, it has urged.

Delivering the valedictory address of the Conference, Dr. M. Siddalingaiya stressed the need for having a State Board of Training Institutions and bringing all teacher training institutions under its purview.

About 200 delegates attended the two-day conference.

The Government had spent Rs. 6 65 lakhs as remuneration for the Advocate General and the Special Government Pleader.

FOOD IMPORTS TO STOP BY 1972

Mysore, Jan. 31

Sri M. S. Gurupadaswamy, Minister of State for Co-operation and Panchayat Raj, today called for whole-hearted cooperation and efforts of the ryots, progressive farmers and the officers, to make the agricultural revolution a success and thus make the country self-sufficient and stop import of foodgrains by 1972.

The Minister said that the country was importing food worth Rs 450 crores and this had made us lose self-respect. The other countries, he said, laughed at us by remarking that 'Indians are a burden to mankind'.

So, in order to remove this conception, the Centre and the State Governments had launched intensified farming by selective approach.

Mr. Gurupadaswamy said that unless the State Governments introduced land reforms immediately by taking the help of panchayats, he was afraid there would be class differences and disparity. And this would effect seriously the agricultural output.

He said his Ministry was thinking of setting up viable rural community units in 20 places, to start with, where all the modern facilities would be provided as the case in urban areas.

Sri Gurupadaswamy was addressing the trainees of district-level high-yielding varieties programme, at the Administrative Training Centre.

Sri B. Rachiah, Agriculture Minister, speaking, appealed to the officers and the public to help in bringing abont gramraj.

The Minister felt sore that in Mysore district, co-operatives had not helped much in giving loans to ryots.

Disrespect To National Anthem

COUNCILLOR'S CONCERN

Mysore, Feb. 1

At the first meeting of the newly-constituted Muncipal Council yesterday, Congress member M. K. Ramakrishna expressed concern at the disrespect shown to the National Anthem at the local theatres by the public.

The member regretted that as soon as the screening of the film was over, people would rush out of the theatres without respecting the National Anthem.

Sri P.D. Krishnaswamy, also of the Congress, informed the House that under the Cinematograph Rules, the doors of the theatres should be opened immediately after the picture was over.

Sri Chowdiah complained that although Rs. 26 lakhs had been spent roads were still bad in the city.

Sri Doddathammiah and Sri Ganesha Rao criticised the Electricity Department and wanted improving voltage in the street lights.

A suggestion to prohibit double riding in the evenings at Sayajirao Road was made by Sri Jogi Siddiah.

Sri B.C. Lingiah said it was unchartiable to criticise the Congress administration. To improve all the roads in the city it would need Rs. one crore, he said.

Messrs. Vedantha Hemmige, M. K. Lingiah, A. A. Sheriff, Krishna, B. N. Kenge Gowda, B. K. Puttiah, Somasundaram, Coutinho, Chikkathammiah, G. R. Channakeshaviah and Krishnaji Rao also participated in the general discussion. Sri M. N. Thimmiah, President, was in the chair.

More Concessions For New Industries In City

Mysore, Feb. 1

Industries Minister Rajasekhara Murthy said here yesterday that entrepeneurs were reluctant to set up industries in Mysore City inspite of the concessions offered by the Government.

He was presiding over the silver jubilee celebrations of the Piece-goods Merchants' Association at the Town Hall.

The Minister said the Government had offered free land, power at concession rates, exemption of octroi, Government investment and loan to industrialists coming forward to locate industries in the city.

The industrialists, he said, preferred Bangalore for its various advantages or Mangaloae because of its port facilities.

Sri Rajasekhara Murthy explained the efforts of the Government in attracting more industries to the State. Many industrialists were coming forward for starting industries in the State, he added.

Association President R. S. Nagappa Setty welcomed the gathering. Sri M. Nanjundappa presented an address to the Minister. Sri A. L. Sundaranarayana Setty proposed a vote of thanks.

Don't Forget Gandhi's Ideals

Mysore, Feb. 1

Vice-Chancellor K. L. Shrimali warned here yesterday it would be a great danger to our country if we forgot the ideals of Mahatma Gandhi which had eternal value.

He was presiding over a three-day seminar organised by the Gandhi Bhavan of Mysore University at the Maharaja's College Centenary Hall.

Dr. Shrimali said: "Unfortunately in our country we adore the great men but we do not follow their message. Mahatma Gandhi was born in this country. We are forgetting his message today. The same thing happened in case of Buddhism".

The message of Gandhi has been taken by the youth of Czechoslovakia for the liberation of their country. Martin Luther King spoke the same voice of Gandhiji, the use of spiritual force. Mr Burtrand Russell in England used Gandhian methods to stage demonstration against nuclear explosion. Gandhi had not only influenced his own people but also the people of other nations, he said.

When his message, the Vice Chancellor said, was spreading all over the world, it was unfortunate, we were forgetting Gandhiji. Dr. Shrimali called for going back to the path shown by Gandhiji. If not we would lose whatever the respect we had and would be left nowhere.

Mysore, Feb. 3

Prof. S. S. Raghavachar will preside over the fourth session of the Gandhi Centenary Seminar tomorrow at 9 a.m at the Maharaja's College Centenary Hall. The fifth session will be presided over by Sri K. V. Puttappa. Sri K. Pattabhiraman will deliver the valedictory address.

Sri Saraswathi Union yesterday conducted an on the spot painting competition for children. About 620 children took part. Minister K. Puttaswamy, Sri H. D. Tulsidas, MP, and others visited during the competition.

Smt. Yashodhara Dasappa, earlier inaugurating the seminar appealed to the youth to eschew violence and adopt the Gandhian ways to bring about the change they desired.

She asked the Gandhian workers to do their work sincerely adopting in their lives first what Gandhiji had taught. Response from the people would follow itself, she added.

Sri U. K. Subbarayachar, Director of Gandhi Bhavan, proposed a vote of thanks.

ANNADURAI DEAD

Sri Annadurai, the most popular Chief Minister of Tamil Nadu, passed away shortly after midnight yesterday when a recurrence of cancer and attendant complications finally overwhelmed him.

The end came at 12-20 a.m after a five-day battle, during which the 59 year-old Chief Minister, seemed to rally, with surprising tenacity, from the successive shocks of a heart attack, pulmonary oedema and a cardiac arrest.

Smt. Rani Annadurai, his wife, his adopted sons, Parimalam and Gauthaman, besides the Ministers were at the bed side.

Thousands of men and women who were waiting outside the Cancer Institute began to cry and many women were seen beating their mouth and crying aloud as if their near and dear one has died.

With his death, a great non-Congress top leader of the country has gone.

Beloved of his followers as 'Anna', he put the State on an even keel while many a non-Congress Governments in other States had to founder on the rocks of political instability.

A seven day mourning has been declared all over Tamil Nadu.

Consequent on the death of Sri Annadurai, the Council of Ministers stands dissolved. Till the election of a new leader by the party in majority in the Assembly, the Governor has appointed Sri Neadunchezian, senior-most Minister, as Chief Minister.

On the advice of Sri Nedunchezhiyan, a care-taker Cabinet has been appointed by the Governor. The new Ministers were sworn in by the Governor at 1-15 a.m today.

The President said: "The cruel hand of death has snatched away a great leader at the height of his fame and popularity".

Conveying here profound sympathies, Smt. Indira Gandhi said: "The nation mourns a man of wisdom whose high sense of duty earned him widespread respect".

Paying tribute, Mysore Chief Minister Veerendra Patil described Sri Annadurai as an able politician, a good administrator and a cultured Tamilian, who led the DMK to its glorious heights.

CITIZENS' MEETING

Mysore, Feb. 3

A citizens' meeting will be held today at 6-30 p.m. at the Town Hall maidan to condole the death of Tamil Nadu Chief Minister Annaduri. The meeting has been convened by Civic Chief M.N. Thimmiah.

KGF BOARD RAPPED

The management of the Kolar Gold Mining Undertaking and its foreign consultants have been severely criticised in the interim report of the working group for valuing machines over human beings.

The report says that no effort has been made till now to introduce mechanical loading. The working group remarks: 'Obviously, they seem to think it is cheaper in terms of compensation and other costs involved, to lose a dozen people dead whilst loading manually, then lose valuable mechancial equipment'.

It has also criticised the management of the board for the low level of efficiency prevailing in the undertaking.

6 KILLED IN STAMPEDE, FIRING

IMPATIENT MOURNERS TURN VIOLENT IN MADRAS

Six persons were killed--one in police firing and five in stampedes--and about 200 people were injured yesterday as the huge crowd gathered at Rajaji Hall in Madras turned violent.

Police opened fire, burst teargas shells and made several lathi - charges to disperse the huge crowds which threw chappals, stones and other missiles at the police when prevented from forcing their entry into the Hall, where Sri Annadurai's body was lying in state.

Hardly a window on the first floor was left unbroken by the violent crowd. The huge verrandah was littered with stones and chappals. Blood was splattered on the ground and on the walls.

Some among those who climbed up to the first floor went to the roof and thumped there, creating cracks.

Smt Rani Annadurai was one of those injured. She was hit in the leg by a flying glass piece.

The body, which was brought from Sri Annadurai's residence, was placed on catafalque in the Centre of Rajaji Hall. It was draped in the National Flag up to the knees and in the DMK flag from knees down.

Of the mourners who went past several fainted. women, most of them from the slums, beating their breast and crying aloud, prostrated themselves before the body. Many refused to bove and had to be bodily lifted and carried away.

It was a vast surging humanity jampacking all the approach roads to the Government Estate to where they had made a pilgrimage to pay their last respects to their departed leader.

Only a fraction of the lakhs who had flocked to Rajaji Hall could manage to get near the body and see it. Thousands had to be content with paying their homage at the life-size statue of Sri Annadurai.

Many of the VIPs, including Governor Ujjal Singh, who came to pay their last respects, were unable to get in due to the huge crowd.

People had poured in even from distant corners. They had been pouring in by all available modes of transport, mostly lorries. The Sourhern Railway ran a special train from Bangalore to Madras and strengthened other train services with additional bogies to accommodate the large number of people going to to Madras.

Gandhi Fund Wasted SAYS KUVEMPU

Mysore, Feb. 5

Dr. K. V. Puttappa yesterday criticised wasting Gandhi Fund for the construction of Gandhi Bhavans, memorial buildings and statues in the country.

Presiding over the valedictory function of the three-day seminar, organised by Gandhi Bhavan of the Mysore University, in connection with the Gandhi centenary at the Maharaja's College Centenary Hall. the poet observed that the funds should be utilised for eradicating poverty and illiteracy among the poor, specially of the rural masses.

Though there were lot of differences in the condition that was prevailing about 20 yers ago and today, in following Gandhiji's ideals, Dr. Puttappa felt, there was no need for pessimism. There were still some ardent followers who were working anonymously in this direction.

He said that Gandhian philosophy was simple and ideal. What was needed to follow was a change in our hearts and minds He called for adopting the ideals of Gandhiji in our lives.

Delivering the valedictory address, Sri K. Pattabhiraman deplored the Governments resorting to lotteries and removal of Prohibition to increase their finances.

He said Gandhiji's philosophy was not outdated. It was more fitting and needed for the present day world. But unfortunately when other countries were taking to his path, we were forgetting him.

Sri Pattabhiraman also stressed the need for arranging such seminars and men in the universities coming out with authoritative voice on Gandhiji's principles.

Earlier, Sri U. K. Subbarayachar, Director of Gandhi Bhavan, welcomed the gathering.

EDUCATE VOTERS

Mysore, Feb. 5

"It is a matter of pride that India is the biggest democratic country in the world and at once it is also painful to note that the number of invalid votes has gone on increasing steadily from one general election to the other", Mr. K. Basaviah, Secretary of the State Adult Education Council, said here recently.

He was addressing the J. S. S. College Teacher Trainees on "Primary Teachers and Social Education".

Quoting from a news paper report, he said that the number of invalid votes in the first general election was three millions which rose to over 10 and 15 millions in the second and third general elections, respectively. 15 millions was no ordinary a number considering the fact that most countries in the world did not have even half this number of voters, he observed.

He said this was traceable to illiteracy and asked the teachers to accept the challenge and work for its eradication without which the effective functioning of any democratic government would be impossible.

Earlier, Mr. Devaraj Murthy, Principal, welcomed the gathering and Mr. Gundu Rao proposed a vote of thanks.

KR Mill Workers Seek Govt. Intervention

Mysore, Feb. 6

The five trade unions of Sri Krishnarajendra Mills yesterday appealed to the Government to intervene and declare the lock-out by the management as illegal.

At a press conference yesterday, the leaders of all the five unions explained their demand for higher dearness allowance and said the management had failed to implement the agreement entered between them

They contented that the lock-out was illegal because the workers were inside the factory. They argued that the stay in strike by the workers was not illegal.

The Union Presidents said that the workers in a strike ballot on Dec. 12, 1968 had decided in favour of the strike. They had served the strike notice on the management on Jan. 1, 1969.

The conciliation at the level of the Assistant Labour Commissioner failed on Jan. 23. Thereupon, the management put up a notice to initiate conciliation proceedings with the workers direct which they did not relish. This made the workers to go on stay-in strike, they said.

In reply to a question, they admitted that the workers had no mandate of the unions to go on stay-in strike.

UAR NO AGGRESSORS

Mysore, Feb. 6

Mr. M. Amin Hilmy, UAR Ambassador in India, said here yesterday that no one could accuse his country as agressors because it was Israel which had attacked them.

Addressing the students of Mysore University at the Maharaja's College Centenary Hall, Mr. Hilmy explained the confrontation between Arab nations and Israel and accused Israelis as 'fanatics wanting to build an empire of their own'.

He said the Arabs were passing through a critical period and expressed the hope that the problem would be resolved soon.

The Ambassador referred to the starting of an Institute for Middle Eastern Studies by the Mysore University and said the Middle East, its problem and history, were worth studying.

Vice Chancellor K. L Shrimali, who presided, said India was also anxious that the problem the Arabs were facing was settled in a peaceful way.

World was tired of wars, sorrow and suffering, he said and expressed the hope that the Israelis would withdraw to the position where they were before the war.

Messrs. M. Shivanna, K. N. Somasundaram, S. Sanjeeviah, Bastin and Venkateshaiah, Union Presidents, and Sri Aziz Sait, MLA, spoke.

SOUTHERN RAILWAY LOSING

The Southern Railway is now working at a loss. During 1967-68 it incurred a loss of about Rs. 14 crores.

One of the main reasons for this poor financial performance is that most of the originating traffic in the southern region has now gone to the South Central Railway and the Southern Railway has only terminating traffic. It is left with lesser mileage of broad gauge and has more of expensive metre gauge lines.

Improve Rail Guards Position

Mysore, Feb. 8

Labour Minister K. Puttaswamy, inaugurating the tenth annual conference of the All India Guards' Council at Town Hall this morning, said the position of the railway guards needed to be improved.

He said the guards and the station masters had important role in the railways. The guard was the guardian angel of the train as well passengers. He held an envious position.

The Railway Board, Sri Puttaswamy said, should see that the position of the guards was improved. They should be provided with housing facility and more financial assistance for the education of their children.

Sri Puttaswamy said that more than increasing the pay scales, he laid emphasis on giving effect to the social security measures as their benefits were long ranging.

The Government which was keen on these measures should start implementing them first to its employees, he said.

He praised the railway employees and said that by and large they were the most disciplined labour in the country. They were as patriotic as any one else, he added.

Dr. L. M. Singhvi, General President of the Council, presided.

Modernization Of Rice Mills

Mysore, Feb. 8

The committee appointed by the Government of India to examine the need for modernisation of rice milling industry in the country held a meeting at the Central Food Technological Research Institute here yesterday.

The meeting was presided over by Sri K. L. Pasricha, Joint Secretary, Ministry of Food and Agriculture, who is in charge of the modernisation programme of rice mills.

According to an evaluation study by the committee, it would be possible to increase the yield of raw rice by six per cent as compared to the hullers and 2 5 per cent as compared to sheller mills by modernisation This would and to the country's food supplies of about 2 5 million tonnes valued at Rs. 2,250 million.

The committee recommended the development of modern rice milling machinery based on imported and Indian technical know-how developed at the CFTRI.

It also recommended organising a dynamic extension and research utilisation activity jointly by the Government of India, research institutes and the industry.

The committee discussed the need for utilisation of rice by products and felt that it should be possible to manufacture other by-products from rice husk, such as activated charcoal, cleansing compounds and hard boards.

TDB President Decries Mandya Agitation

Mysore, Feb. 8

Sri A. S. Guruswamy, President of the Taluk Board, in a statement today has dacried the agitation in Mandya over the Varuna channel.

6 Killed In Firing At Bombay

LOOT AND ARSON BY VIOLENT MOB

Six persons were killed and several others injured when police opened fire at several places in Central and North Bombay yesterday to disperse the violent mobs who had indulged in looting and arson

Curfew was clamped down in the night.

Violence erupted following the arrest of Sri Bal Thackeray, Shiv SenaChief early in the morning.

The Shiv Sena had launched the agitation as part of its campaign to hasten a decision on the Maharashtra-Mysore boundary dispute.

The crowd had set fire to about 20 BEST buses, seven private cars, a number of police chowkies and a number of booths.

The rioters tried to burn the Mahim station of the Western Railway. Sleepers had been placed on the rails between Mahim and Matunga stations.

The mob broke the glasses of the fashionable Century Bazar at Worli and attempted to loot it.

About 600 persons had been arrested.

CALL FOR PROPER EDN. METHOD

Mysore, Feb. 10

SriV.Sitaramaiah, noted Kannada writer, called for a clear-cut educational method which would inculcate discipline and patriotism in the students.

He was presiding over the anniversary of D. Banumiah's College here on Saturday.

He said the main aim of education should be to inclucate discipline and love for the nation. It should inform our children about our culture and develop in them an international outlook.

Sri Sitaramaiah regretted that language and religion which should be unifying forces were unfortunately dividing the country.

He warned that if these were not taken into consideration in the field of education, we might lose one generation itself as they would go misguided.

Prof. H.S.Krishnaswamy Iyengar, Principal, welcomed the gathering Sri M. Ramaswamy, Vice-Principal, proposed a vote of thanks.

GOL GUMBAZ LOSING ECHO POWER

The Gol Gumbaz in Bijapur had lost its power of echo. Years ago when Dr. Joshi visited the "whispering gallery" as Director of Archaeological Department, even the "tick-tick" of a wrist-watch was magnified and could be heard. Now, it was not so. This was due to the railway passing near it, Dr. Joshi said.

Dr. Joshi, who is at present the Professor of History in Poona University, dispelled the belief that the Gol Gumbaz was built by forced labour.

CONGRESS GOVT. IN UP

Bangalore, Feb. 17

Congress President Nijalingappa yesterday expressed confidence of the Congress Party forming a stable Government in Uttar Pradesh on its own or with the support of a few independents by the end of this month.

He said in a house of 425, Congress had won 208 seats and the party hoped to win all the five seats for which elections would be held on Feb. 20. If the Congress secured all the five seats, the party would get absolute majority and stand on its own legs. There were also some independents who would support the Congress.

The Congress President alleged that hooliganism indulged in by some opposition members in UP was probably one of the factors that contributed to the failure of the Congress to secure an absolute majority.

President Zakir Hussain addressing the budget session of Parliament, yesterday spoke with considerable optimism about the economic situation in the country.

He listed 'a decisive upward turn in agriculture, a recovery in a large segment of industry, the relative price stability and a striking improvement in the balance of payments' as the more significant developments during the past two years.

He said while the import bill has come down by Rs. 107.72 crores and exports have gone up by Rs. 116.65 crores, thus leading to more favourable balance of payments, the considerable uncertainty about external assistance and the heavy burden of servicing external debt-514 million dollars in the year-have necessi stated for a judicious use of fareign credits and increased self reli ance.

Film, Plastic Material By Mandya Plant

Mysore, Feb. 19

The Mysore Acetate and Chemicals, Mandya, will shortly commence production of important industrial raw material for use in film, plastics and textile industries.

The Rs. 8 5 crores project is ready to manufacture cellulose acetate of plastics grade from basic raw materials. The product will be manufactered for the first time in the country.

The plant has also a production target of 1,000 tons of triacetate a year for the Hindustan Photo Films Manufacturing Company, Ootacamund, and 3,000 tons of moulding compounds for the plastics industry.

The know how for producing triacetate has been obtained from Gevaert, well known Belgian film manufacturers.

The Mysore Acetate and Chemicals is an Indian-American joint venture. It will save more than Rs 2 crores a year in foreign exchange.

NO-TRUST DEBATE BEGINS

The debate on the no-confidence motion sponsored by the Communists, the SSP and some Independent members began in the Lok Sabha yesterday, with the Communist members mounting a fierce attack on the Central Government.

The motion moved by Sri P. Ramamurthi (CPM) said the House expressed no confidence in the Government for the rebuff by the electorate of the Centre's policy of toppling elected Governments, encouragement to aggressive regional movements like Shiv Sena and the Lachit Sena and failure to promote balanced development of different parts of the country.

Early settlement of the Maharashtra – Mysore boundary dispute and liquidation of all 'senas' which preached parochialism were urged in the Rajya Sabha yesterday when it began the debate on President's address to Parliament.

44 pc Live In Poverty In Mysore

A third of the Indian population lives on absolute poverty, spending Rs. 15 per month in the rural areas and about Rs. 24 in urban areas, despite the substantial economic growth in the country during the last 20 years, according to the National Sample Survey.

Kerala tops the poverty list with 44 4 per cent of the population in this category followed by Mysore and Andhra with 44 0 and 41 8 per cent respectively.

The survey further revealed that the proportion of people with an expenditure of less than a rupee a day has remained almost the same, as over eighty per cent since 1952.

A further analysis of severe destitutes and destitutes below the poverty line makes still more dismal reading.

If severe destitutes are those who earn below Rs. 11 in the rural areas and Rs. 15 in urban areas, then they account for 13 2 per cent or 61.7 millon. Destitutes with a per capita expenditure of Rs. 13 in rural areas and Rs. 18 in urban areas account for 104.4 millions or 22.4 per cent.

In both these groups, Kerala again tops the list with 18.8 and 30 4 per cent respectively.

CHAVAN DECRIES SHIV SENA

Produce More Motorcycles

JAWA NEW UNIT INAUGURATED

Mysore, Feb. 21

Industries Minister Rajasekhara Murthy today called for increased production of motorcycles, which was the vehicle of the middle class people in our country.

He was presiding over the opening of the pressure die casting unit of the Ideal Jawa Factory at the Industrial Estate.

The Minister said that middle class people in the country could not afford to buy cars and the motorcycles were within their reach.

Hence, there was a great demand for motorcycles and there were a number of applications pending with the Government for their allotment, he said.

Sri Rajasekhara Murthy praised the Ideal Jawa Factory and said it had maintained the high quality of the motorcycles. The Factory was also the first automobile industry in the State, he added.

Praising the Czech collaboration with the factory, he said that the Czechs were known for producing high quality tool room materials.

The Minister said there was nothing wrong in inviting foreign collaboration. A free flow of capital, labour and enterprise would transcend all barriers of caste, creed and other feelings and help in creating a universal brotherhood.

Sri Rajasekhara Murthy also released the 50,000th motorcycle produced in the factory which was won by a dealer in the raffle.

Mr. J. Prochazka, General Manager, Messrs. Motokov of Czechoslovakia, opening the new unit of the factory said the collaboration between them was an ideal one.

He said that the era of bicycles in India should be replaced by an era of motorcycles. The Ideal Jawa Factory had taken up this task well.

Sri F. K. Irani, Managing Director, welcoming the gathering said that further expansion of the factory was under active consideration. It proposed to introduce an improved smaller model very soon in the market.

With the inauguration of the new unit, the factory will be manufacturing almost cent per cent of the motor-cycle contents indigenously.

Mr. V. Krisbaum, Commercial Counsellor for Czechoslovakia in India, was also present at the function.

Sri N. K. Irani proposed a vote of thanks.

PRESIDENTIAL POWER

Mysore, Feb. 21

The Inaugural celebration of the U. S. President had a great significance to the Americans as it assured that the his democracy was a living system, Mr. Gary G. Morley, Director of the United States Information Service, Bangalore, said here yesterday.

Speaking on "Transfer of Presidential Power in the United States" under the auspices of the local Rotary Club, Mr. Morley said the inaugural function at which the Presidential power was transferred from the President to the newly-elect also created a feeling of unitly.

He explained the problems which confronted the new U. S. President Mr. Richard Nixon. One of the important things that had to be tackled was to remove the feeling among the Americans that violence and crime was on the increase.

Sri P. R. Sitaram, President, was in the chair.

Sri Vidyashankar, Secretary, read the report. Sri A. Chandrasekhar introduced the chief guest. Sri Sanath Kumar proposed a vote of thanks.

Air Service To City

Mysore, Feb. 22

The Indian Airlines would operate a regular service to Mysore City as soon as the Mandakalli airport was made suitable with proper navigational and wireless aids to operate modern turbo-jet aircraft.

This assurance was given at the inauguration of the Mysore Booking Office of the Airlines here yesterday.

Sri F. K. Irani, President of the Mysore Chamber of Commerce, inaugurated the booking office and presented the first two tickets issued by it to Sri P. K. Vijayaraghavan, Director, and Sri G. R. Rao, Deputy Director, Defence Food Research Laboratory.

He appealed to the Indian Airlines to stop-over the Bombay-Bangalore-Mangalore flight at Mysore. He said there was enough air traffic from Mysore and only a beginning had to be made.

Most of the tourists were not visiting Mysore City for lack of a flight, he added.

Sri H.N. Kelawala, Regional Director of Indian Airlines, welcoming, said that air services in the Southern region were being operated by modern turbo-jet aircraft and the present conditions of the airstrip in Mysore were not suitable for scheduled services.

Sri E. C. Paul, Commercial Manager, proposed a vote of thanks.

Assets Probe Not To Be Pursued

Bangalore, Feb. 25

Chief Minister Veerendra Patil informed the Assembly yesterday that he had decided not to pursue the matter of enquiring into the assets and liabilities of former ministers and others as some members, including Sri K. Hanumanthaiya and Sri H. M. Channabasappa, had questioned the legality and constitutionality of the enquiry.

ACTION AGAINST VULGAR DANCES

Bangalore, Feb. 25

Deputy Minister Manik Rao Patil said in the Legislative Council yesterday that the Government would not hesitate to take action against those who exhibited vulgar dances and obscene film posters, if these acts were brought to its notice.

When a few members asked what action the Government had taken against exhibition of half-nakedness by wearing mini-skirts in public, the Minister replied it was not possible to book them unless they were objectionable acts under law.

ISRAELI ATTACK ON SYRIA

Waves of Israeli jets bombed, rocketed and strafed bases on the outskirts of Damascus, the Syrian capital. The raid was the first massive anti-terrorist strike against Syria since 1967 war.

13-CRORE DEFICIT STATE BUDGET

NO FRESH TAXES

Bangalore, Feb. 25

The State budget for 1969-70 presented by Finance Minister Ramakrishna Hegde shows a revenue deficit of Rs. 13.22 crores and an overall deficit of Rs. 31 59 crores.

The revenue is estimated at Rs. 213.26 crores and expenditure Rs 226 48 crores.

Sri Hegde announced no new taxes.

He said that a good portion of the deficit was expected to be covered by the award of the Finance Commission and the balance by an adhoc Central loan.

The budget revealed borrowing a loan of Rs. 9 crores by the Government.

Discussing the onus of raising additional resources, the Finance Minister pointed out that the taxation in the urban sector had reached almost the saturation point while a section of agriculturists who had benefitted to the maximum extent from the various programmes in the rural sector undertaken by the Government at enormous expense had almost escaped the proper incidence of taxation. Their contribution to domestic savings was negligable.

He said one lakh acres would be brought under irrigation by utilising the potential created in the major projects of Tungabhadra and Ghataprabha.

Minor irrigation would receive top priority, 20,000 irrigation wells would be constructed. 8,000 electric and 5,000 diesel pumpsets would be distributed on hire purchase basis. 700 borewells would be sunk and 38 lakhs of acres would be covered with improved seeds. The target for plant protection was about 42 lakh acres.

Main items under expenditure are :

Education Rs. 46.07 crores; debt services Rs. 40·58 crores, public works Rs. 34.28 crores, medical and health Rs. 16.57 crores.

Out of the capital outlay of Rs. 42.99 crores, irrigation and power get Rs. 22.20 crores, roads and buildings Rs. 8.63 crores and industries Rs. 9 89 crores.

DONATIONS TO PARTIES

The Birla group of companies has donated Rs. 41 lakhs during the five-year period 1963-64 to 1967-68 to the political parties. Of the total, the Congress received Rs. 38,25,651. Swatantra Party Rs. 1,30,271 and individuals Rs. 1,02,000.

Revised DA For Govt. Staff

Bangalore, Feb. 25

Finance Minister Ramakrishna Hegde announced in the Assembly that the Government had decided to accept the Tukul Commission's recommendations relating to dearness allowance, city compensatory allowance and house rent allowance.

This would be effective from April 1.

The extra expenditure would be about Rs. 3.25 crores per year.

The revision of pay scales and merging dearness allowance with the basic pay have been deferred.

The other recommendations relating to TA. scholarships and other amenities would be considered after the Finance Commission's report was received.

The Government has not accepted the recommendation of cash allowance for minor ailments.

REGISTERED MARRIAGES URGED

Mysore, Feb. 25

With the registration of marriages, child mariages could be stopped and this would also help in checking the population growth, observed Labour Minister K. Puttaswamy here on Sunday.

Inaugurating the fifth annual conference of the State Registration and Stamps Departmental Officials, he asked the officials to be courteous and polite to the people who came to their offices.

Sri Swami Somanathanandaji, who presided, said that officials should be devoted to their duty as they owed a responsibility to the nation.

Dr. Prabhushankara, Director of Prasaranga, said that for the growth of cultural and social heritage of our country every individual should adopt good ideals in his everyday life.

Sri T. M. Basavanna, Reception Committee President, welcomed the gathering. Secretary M. R. Gururaj read a report. Sri P.V. Rangaswamy proposed a vote of thanks.

Later Sri H. M. Parthasarathi, Inspector General of Registration, addressed the officials.

SENA RAMPAGE PRE-PLANNED

Bangalore, Feb. 26

Chief Minister Veerendra Patil declared in the Assembly that it was the Shiv Sena that had let loose the recent rampage in Bombay and said the incidents were premeditated and organised.

Intervening in a five-hour debate on the Shiv Sena atrocities, Sri Patil reiterated the demand that all such senas should be banned without a second thought since they were menace to decent society.

He demanded that compensation should be paid to the victims of the Bombay outrage.

Sri Patil said that he hoped to get soon the details he had asked from the Centre and Maharashtra regarding the damage to life and property during the riots.

He said he had clearly told the Centre that it was the failure to ban any senas that had led to the present situation. The only sena in the country should be the army. All other senas should be banned without tears.

SUGAR, KEROSENE, OIL, PETROL, CIGARETTES, SOAP TO COST MORE

BIGGER I-T LEVY; PHONES, TELEGRAMS RATES UP

MORE BURDEN ON MIDDLE CLASS

The new Central levies to the tune of Rs. 150.27 crores proposed in the budget for 1969-70 presented to Parliament yesterday by Union Finance Minister Morarji Desai hits hard the middle class group.

The excise duties on sugar, cigarettes, superior kerosene, petrol and rayon and synthetic prices have been raised, making the consumer to pay more.

The middle income group will have to shoulder a greater burden with the proposed increse in income-tax, domestic electrical appliances and higher telephone rentals.

The excise duty on Khandasari sugar, rubber products, vegetable product, soda ash, caustic soda, sodium silicate, soap, cement, electric bulbs, fluorescent tubes and electric fans has been modified.

Among the new items on which excise duty has been levied are power-driven pumps, preserved foods, raw films, wool tops and pilferproof caps.

For the first time, Sri Desai has proposed a wealth tax on agricultural property and an additional duty on fertilises.

Sri Desai announced substantial releief to the textile and jute industries.

Other reliefs announced by the Deputy Prime Minister included extension of the tax holiday for five more years, till March 1976, and duty reliefs for cotton yarn, fabrics, rayon synthetic fibre of lower variety, iron and steel products, confectionery and radios.

The net additional revenue that will accrue next year as a result of the new taxation measures would be about Rs. 100 crores after allowing for the reduction of Rs. 23 crores relief give in excise duties.

GOVERNOR DECRIES VIOLENCE

Mysore, March 4

Governor G. S Pathak yesterday denounced violence in any form even on pettiest things in the country.

Inaugurating the Mahatma Gandhi Smaraka Shanti Saptaha at Town Hall under the auspices of the Mahatma Gandhi Seva Sangha, the Governor said: "We have not yet learnt what real democracy is. Even for small things we become sick and use violence".

He said that the problems we were facing today could be successfully solved by recalling the ideals and teachings of Mahatma Gandhi. There was no problem of ours which he did not touch upon and suggested a solution.

'Gandhiji taught us non-violence. Should we for small things resort to violence? Are we trying to undo what Gandhiji did? We must ask this question ourselves and if we are going astray we must correct ourselves' the Governor said.

Sri Pathak said that all problems including the language and regionalism could be solved by adopting Gandhian methods.

The younger generation should be taught of the life of Gandhiji and his ideals, he added.

Earlier, Sowcar T. Thimmappa, Sangh Vice-President, welcomed the Governor Dr. B. G. Das, Secretary, proposed a vote of thanks.

Implement Varuna Scheme OTHERWISE AGITATION SAY TDB MEMBERS

Mysore, March 5

The Taluk Board at it meeting on Monday urged the Government to implement the Varuna Canal scheme soon.

Members strongly criticised the attitude of the people of Mandya in opposing the canal and pointed out that the experts had agreed to the scheme.

Sri Kempeeregowda said the opposition of the Mandya people was more political and had no technical basis whatsoever.

He said the people of Mysore Taluk should urge the Government to undertake the scheme immediately. If the Government failed, they should be prepared to launch an agitation

Sri D Jayadevaraje Urs, former President, said if necessary they should be prepared go on a 'jatha' from Mysore to Bangalore and offer 'satyagraha'.

Sri Sanniah said that the statements made by Mandya people would not bring credit to Dr. M. Visvesvarayya whose intention was that everyone should benefit from the waters of Krishnarajasagar.

Sri A. S. Guruswamy, President, urging the Government for taking up the canal work soon said by the construction of the canal the Mandya ryots would in no way be affected.

This was a scheme to increase food production in the taluk by raising better crops, he said.

RURAL SECTOR HAD TO PAY

Bangalore. Mar. 5

The Assembly was told by Finance Minister Ramakrishna Hegde that the time had come for the Government to take measures to mop up rural resources.

It was wrong for the members to argue that the agriculturists were not in a position to pay taxes. If those who had benefitted through Government schemes could not give it something in return, how then could they have development, he asked.

Sri Hegde said the Government had invested Rs. 210 crores in the rural sector and had created many irrigation facilities. He claimed that the value of agricultural production had gone up by more than hundred per cent in the last ten years and the Government had to collect taxes from those who could pay.
